

After reviewing the conceptual designs and proposed facility features, how satisfied are you with the proposed community center?	After reviewing the conceptual designs and facility features, how would you use this proposed facility?	What do you like most about the proposed facility?	Is there anything you would change about the proposed facility?	Do you have any general comments you would like to share about the proposed facility and conceptual designs?	Where do you live (select one)	Please provide your postal code (e.g., N0M 1T0)
3	Wouldn't		Don't build it. Grand Bend used to be a quaint town in the country. That's why people went there. Now it's just a suburb of Detroit.		Michigan	48154
8	Pickleball, restaurant and bar	4 pickleball courts, location			Lambton Shores	N0M 1T0
1	I wouldn't have much use for the facility due to the limited options it presents	From an optics perspective the design looks good.	To truly make this a "community" the facility needs to offer more options - a pool and arena would accomplish that along with what has been proposed. The only two arenas are too far from GB to be of any benefit and as one here would be in northern part of the community this beneficial to a many. An arena in GB would also be good for commerce as it would bring tournaments in thus benefiting local hotels and restaurants over the winter months.	<p>It's seems that the design completely missed the majority of what this community asked for in earlier surveys and is simply proposing the bare minimum so politically it can be stated we provided something</p> <p>If the issue is related to lack of available building space there are clearly other options to be had to allow for a complete community centre as the proposed location also does not allow for future growth.</p> <p>It also appears that no consideration has been given to the growth GB is already experiencing which will continue over the next many years.</p> <p>Please do this right the first time otherwise don't waste the money!</p>	Lambton Shores	N0M 1T0
8			Make a permanent room for gbac	Need an arts facility	Thornhill	L3T4T4
2	No a great deal. it needs an indoor pool	location	keep library at the public school	needs a pool	Oakville but own property in Grand Bend	L6L1V1
3	I would not use it. I don't feel Grand Bend needs a community centre.			If Grand Bend gets a community centre it should be located elsewhere. There's not enough room and what happens with the ball diamond	South Huron	M0M 1N0
8	Room rentals, events, walking track	Walking track	Potential for outdoor ice rink in the winter	The facility looks great with clean and modern lines	Lambton Shores	M0m 1t0
9	Definitely the walking track in the winter, library year-round and possibly the picketball courts.	Modern and very high-end look	No	I'm so excited to have this facility in town and absolutely love the design! This will help my husband and me keep up with our fitness goals while in Grand Bend.	Our primary residence is St. Jacobs, Ontario. My aunt and uncle owned the beach-golf facility on Main St. in Grand Bend in the 70s and early 80s and my brother and I worked for them in the summer. Grand Bend has always felt like home and 8 years ago my brother's family and my family were fortunate enough to purchase places on Lake Road, side-by-side. We are considering retiring in Grand Bend at some point, however the only deterrent is the health care situation. Our family physicians are in Waterloo and easily accessible, which becomes more important as we age and currently the health care centre in Grand Bend is not accepting new patients.	N0B 2N0
6	walking, indoor stationary biking, meetings, outdoor events (dependent on costs for non profits)	Library and outdoor facility for summer, indoor exercise facilities for winter	DO NOT DESTROY the baseball field. Need a swimming pool for winter		Perth County & Lambton Shores 3 season cottage.	N0B 2R0
2	This is not a facility I would ever be able to use.	The library, as it is the only space with a recurring tangible use scheduled.	I would like to see a detailed use case for the non-library spaces. Will the rooms be used every day? ...every week? ...sporadically? For this cost I'd like to know the space will be used regularly and enjoyed rather then sitting empty collecting dust.	This is a library with a bunch of extra rooms attached that will sit empty and be unused the majority of the time. Seems incredibly inefficient and wasteful. Is there a business plan that the extra rooms will generate income to offset building/operating costs?	Own a cottage in Port Franks	N0L1B0
1	I wouldn't use it, there is a great facility that is very similar in Forest and Port Franks	Not much	Add a swimming pool.	It's insanity there is not a public pool in this area and the design does nothing to support young families in the area. If you want to continue to push families out - keep doing what you are doing.	Lambton Shores	N0M
1	Not fitting	The idea but location & design wrong	Location		Bluewater	N0M
8	Pickleball, fitness, walking, library	Location	Why not incorporate the Grand Bend Arts Centre in the new facility. We need to keep art in our community!	I would support the net zero energy cost.	South Huron	N0M `1T0

9	Community meetings and events; library activities; exercise	Growing pride in our community; bringing people together	Not a thing	We're so hopeful the province of Ontario will come through for our great community	Grand Bend	N0M 0B7
2	Just the library	The library	Shocked that the Art Centre wouldn't be included. So much meeting space, but for who?	Seems like a lot of useless space, why not an ice rink, pool, art centre? Something the community can use.	Bluewater	N0M 0B8
9	Would love to see roller skating brought back , as I enjoyed it on the outdoor rink in the 70's would the new large area have a floor appropriate for roller skating?	A needed asset to the growing community			North Middlesex	N0M 1A0
5	We wouldn't travel to Grand Bend for any of the offerings.		An indoor pool would be an asset to the area	<p>The proposed location is terrible! The main lights in Grand Bend are already a nightmare half of the year and this will only add to the congestion.</p> <p>Why add a municipal gym when you already have small businesses providing this service locally?</p> <p>Most communities don't use hall rental space like they used to. Very few weddings or Stag and Doe's happen in these spaces anymore. It just isn't a need.</p> <p>I don't think this services year round residents of Grand Bend or the surrounding area.</p>	North Middlesex	N0M 1A0
4	Instead id add a second rink at the shores in forest			Stop putting money into grand bend and add second rink at the shores in Forest	Lambton Shores	N0M 1B0
1	No new facilities required in Grand Bend	Nothing	Yes different town in Lambton shores. I.e forest or Arkona		Lambton Shores	N0M 1b0
1	I wouldn't use	I don't feel it's needed	Not to build it		Lambton Shores	N0M 1B0
1	I wouldn't.	The library	Location, size, shape, design, cost.	<p>There are indoor pickleball courts in Thedford that are used in winter. Outdoor pickle ball courts are already in GB.</p> <p>Why is there a need for a restaurant when GB already has enough as is.</p> <p>Is this supposed to be some planned event space intended to be used by tourists.</p> <p>I don't see any local consideration in this project at all, except the library.</p> <p>I will be furious if my tax dollars fund this.</p>	Lambton Shores	N0M 1B0
2	I likely wouldn't use it.	Nothing	The location.	Seems like a waste of money.	Lambton Shores	N0M 1B0
3	Excercise	Gym equipment	Expand gym equipment		Bluewater	N0M 1E0
3	Probably not at all		Creativity space? pool?	Seems it doesn't have much daily purpose except a walking track that isn't needed except in the winter and then who would drive there, and a seldom accessed library. A lot of used green space for this. Mostly designed for old people?	Bluewater	N0M 1G0
6	Hope to attend cultural events as a visitor	Large space	The exterior facade is not attractive. Looks like an utilitarian office building.	Unimaginative in design, should have dedicated space for arts and culture	North Huron	N0M 1H0
1					Bluewater	n0m 1j0
1	No	Nothing			Lambton Shores	N0M 1J7
1	I wouldn't	Indoor walking track	Indoor pool		South Huron	N0M 1M0
9	Bringing the community together. To be built for everyone	Appears to meets the needs of our diverse community	Rely less on naysayers. Get this done before the 2000 century is ovet	Good work/ let's do thid	Bluewater	N0M 1N0
9	community room events, gym & pickleball, library	large community room & gymnasium	not really, could be less fancy	Grand Bend area needs a community centre, too far to drive in winter to existing facilities in Lambton	Bluewater	N0M 1N0
9	Library, Pickleball, group events, walking track, classes ,meetings,	It offers a great variety of spaces for many different uses. indoor pickleball. Great location.		Looks like a well designed facility that is badly needed. Great location.	South Huron	N0M 1N0
8			Please cover the outdoor program space. Shade is needed to enjoy this space.		South Huron	N0M 1N0
8	Yes	Pickleball courts	No	No	South Huron	N0M 1N0
7	Library, events maybe	Central location	A public pool that is actually affordable		South Huron	N0M 1N0
7	Arena for hockey/ice skating	Accessibility, community environment	Arena and pool would be wonderful for our community. Facility similar to Goderich YMCA would be great.	Arena and pool needed	Bluewater	N0M 1N0
7			location put it in an area where there will be lots of free parking		Bluewater	N0M 1N0
6	I might use indoor pickleball courts. Otherwise I don't see anything for the younger generations.	Good for seniors and year round residents - indoor pickleball, walking track	I think we need an indoor skating rink, daycare	It targets the senior and year round older residents, but not much for the younger kids and teens. Don't like that the library will be moved from the school	South Huron but right outside of Grand Bend. Kids go to GBPS	N0m 1n0

6	We would utilize all of it.	Indoor and outdoor activities	Add a covered shelter to an outdoor area	A covered outdoor area/pavilion. Since we are losing the current pavilion for parking. For outdoor fitness classes, skating, farmers markets, gatherings. The list is endless. Shelter from the elements is essential	Bluewater	NOM 1N0
5	Use a smaller room....and walking track	Finally being built	Location location location. Put it across from Sobey's	Neighbouring municipalities can help pay	Bluewater	NOM 1N0
5	If there was a swimming pool I would use it daily.		Including a swimming pool and a senior programs	An area for a senior center and a pool	South Huron	NOM 1N0
4	Probably wouldnt	Appearance	Add a pool and a rink		Bluewater	NOM 1N0
4	Pickle ball and library	Location		Surprised no pool or ice pad	Bluewater	NOM 1N0
4	It is unclear whether I would. It would depend on what was made available to the community, and at what cost. It seems like a lot of "space" but is short on use.	A better library location and space (although there is no info on that directly other than it will be there).	PLEASE incorporate the GBArts Centre into the design. It is surprising given you are going to have to demolish it that you would not have done that already. It is a tremendous asset to our community, and we need more things like this than places to host baby showers.	Again, it is really not clear the use to the community other than as a hall or room rental. What will be IN IT? Has that not been through. Also, again PLEASE incorporate the GBAC and similar initiatives.	North Middlesex	NOM 1N0
3	Walking track, sports pad for indoor volleyball if allowed	Walking track	More focus on children and families. We desperately need childcare support - Daycare, camps, before and after programs. -The public swim at Birchbark Trailer park is always packed. -Best Start at the Grand Bend school has over a year waitlist and is a very small indoor and outdoor facility for this rural community. -There was a General Store (now Crabby's) that hosted "meet Blippi/Spyderman" events and they were all at capacity. The demand for family activities is there, but the resources are not.	From the design it seems the budget could be redirected from esthetics of the building, to the resources inside it. Focus on families and funding for programs. Places to meet and gather have never been voiced as a concern in my networks. We have Oakwood, the Legion, Churches for meeting rooms/banquets.	Lambton Shores	NOM 1N0
2	Hall rental only	Hall & indoor gymnasium	No library (libraries are in the past), too much wasted common area space	Too expensive of a project for the use it will receive, money better spent elsewhere	South Huron	NOM 1N0
2	I would use the library, walking track, main floor change room and consider taking up pickle ball	The indoor walking track and library	Consider changing location of change rooms and set of washrooms for pickle ball court in main area to be located upstairs with the gym and stretching area.  Since the current Grand Bend Art Centre will be demolished it would be nice to see it included in a new community facility.	Exciting to see, can hardly wait for it to be ready for use.	Bluewater	NOM 1N0
9	Pickleball, hall rentals and walking track mainly	Pickleball courts	6-8 Outdoor pickleball courts ...high demand	The sooner residents can use the facilities the better	Bluewater	NOM 1N0
9	Recreation	Walking track	No	No	Lambton Shores	NOM 1T0
9	Pickleball and walking path and library	The location	no	no	South Huron	NOM 1T0
9	Indoor walking, library, community events	More recreational opportunities within our own community.			Lambton Shores	NOM 1T0
9	Picnic area, fitness opportunities, library	Rental space fitness	Add community pool		Lambton Shores	NOM 1t0
9	Walking track, library, events, classes	It is multi purpose space and will invite use by all ages for many years.	Might consider additional washrooms on the second level	Exactly what is needed to serve the needs of our local community.	Lambton Shores	NOM 1T0
9	Everyday	Everything	No		Grand Cove	NOM 1T0
9	Ability to host large indoor functions and meeting space	Large community space	Parking concerns with the firehall and available parking for responding firefighters during large events at the community centre	Seems like a very large price tag	Lambton Shores	NOM 1t0
9	studying space, indoor walking	Being able to have a spot as a college student to be able to focus on my work in a quiet space	no	no	South Huron	NOM 1T0
9			The location should not be where the baseball facilities are now. I would like to see the facility further away from intersection of hiway 21 and 81		Lambton Shores	NOM 1T0
9	I like the idea of a walking track as well as having the library here.	Design and the facilities it offers	No		Lambton Shores	N0m 1t0
9	Fitness classes, library, community events	Central location, will be a community meeting place.	Dedicated fitness room. Outdoor skating	I love this!!!	Lambton Shores	NOM 1T0
9	I would use it for all activities that it has to offer	The design	Not a thing!	I love the location	Lambton Shores	NOM 1T0
9	Exercise and library	Gym for fitness classes	Add a covered area for outdoor exercise classes or meeting	Love the location	South Huron	NOM 1T0

9	walking track, library,	I love the location	happy with the way it is	Very excited that we hopefully will get this beautiful facility	Lambton Shores	NOM 1T0
9	walking track	walking track	no		Lambton Shores	NOM 1T0
9	track, rooms and floor area	location is questionable but everything else is good	maybe location		Lambton Shores	NOM 1T0
9	Gym	Gym	Rink would be nice.		Lambton Shores	NOM 1T0
9	I would use the walking track in inclement weather. I would attend community events. I would access the library. I would attend committee meetings that would possibly be held in the facility. I would attend recreational events.	I like the location, it is very central for the Grand Bend and area.	There is no mention re: the Grand Bend and area Health Center, which is bursting at the seams. A partnership or agreement with the Center for exercise classes to be held at the new facility would certainly take the pressure off of the existing health Center.	The design looks like it would service the area very well. I feel with the proposed grant the municipality should move forward to endorse this facility.	Lambton Shores	NOM 1T0
9	Pickleball, walking trail, social events	A hub for the community. It is long overdue. Almost every small town has a community hub.	Coveredoutdoor space		Lambton Shores	NOM 1T0
9	All sports activities: pickle ball, volleyball, basketball, etc	The gym	No, it looks great.	I can' wait for Grand Bend to have its won facility in town.	Grand Bend	NOM 1T0
9	Library,sports,health classes,market,meetings,community gatherings	Modern facilities encompassing what the community is in dire need of for a growing population	Looks good to me	It is a great need to have a community centre walking or cycling distance centrally located in town with a real library!	Lambton Shores	NOM 1T0
9	100%	Pickleball facility	Somehow incorporate the Art Centre within the facilities upper level	Well overdue, sufficient parking, good location - art centre should be incorporated into the design	I have a full time rental at NOM 1T0 and I live at NOM 1N0	NOM 1T0
9	Library, walking track, possible exercise classes, possible events.	It seems to be a multi use facility that would benefit the members of the community.	No	I believe this facility is necessary to meet the needs of a growing community.	Lambton Shores	NOM 1T0
9	To keep active with my husband throughout the year. Walking there will be nice. A library is fantastic!	Multi-use. Gym/library/social area			South Huron	NOM 1T0
9	Fitness, pickleball and library	Fitness & pickleball courts	Nothing	Nothing	South Huron	NOM 1T0
9	Fitness and community meetings	Central location and fitness opportunities including pickelball	No		South Huron	NOM 1t0
9	Walking track and Library and meeting room are NB with me	Location....accesisibility	would like Art Center to have more opportunity here	the Grand Bend farmer's Market could be encouraged to locate here and would need planned. out door electrical accommodation	Lambton Shores	NOM 1T0
9	library and meeting space for community groups	library	no	I like the concept, the design, and the location	Lambton Shores	NOM 1T0
9	Walking track, meetings, events, library	I am close to it, within walking distance.	It's a great start, maybe someday an ice rink	So happy that it is visually pleasing, thedford's is painful to look at	Lambton Shores	NOM 1T0
9	Walking Track	Updating services in our community	swimming pool	no	Grand Cove	N0m 1T0
9	To stay fit and to interact with community	Its opportunity to build a healthy, happy community; its opportunity for Grand Bend to offset its old-fashioned party, beachtown, biker community; its provision of employment within the community.	No	I am highly impressed by the group of people who have worked so hard to bring this idea of a community centre that will be embraced by the community, to reality.	Lambton Shores	NOM 1T0
9	walking track and rooms. Maybe library with grand kids	Walking track, location	Price is high		Lambton Shores	NOM 1T0
8	Library, Walking Track, Gymnasium	Incorporation of library and community centre, exterior facade	<p>There is a green space next to the Mechanical/Electrical/Service Loading area.</p> <p>We would like to suggest:</p> <ul style="list-style-type: none"><li>- At a minimum: the green space next to the building be moved to along the chain link fence to keep in place the mature trees which include: shag bark hickory, spruce, oak, cedar, and pine trees</li><li>- Alternatively: the service loading paved area be reduced so that it ends at the northeast corner of the Mechanical/Electrical room.</li><li>- The best case scenario: the service loading area end at the northwest corner of the Mechanical/Electrical room.</li></ul> <p>Ideally, we would like the green space to be larger to accommodate the younger trees (spruce, fir, and pine) and maintain some privacy for our property.</p> <p>We would suggest keeping the chain link fence along the Walker Drain in place for safety, security, and our privacy.</p>	<p>We are impressed with the design and find it quite attractive.</p> <p>We live at <b>[REDACTED personal information]</b>. We, therefore, have a vested interest in the current green space next to the chain link fence.</p> <p>We have additional comments:</p> <p>For the parking lot, dark-sky friendly lighting that is truly dark-sky friendly in that the lights shine downward rather than out or upward. If the bulbs can be seen from a distance, it doesn't seem to be dark-sky friendly as the light shines in one's eyes. As for lighting on the building itself, Grand Bend's LCBO provides a great example of attractive and lighting that is easy on the eyes.</p> <p>Consideration of tinted windows on the north facing windows, especially on the second floor in hallway, #4. Warm up/Aerobic area would be appreciated. This would shield our property from the hallway lighting.</p> <p>In the Service/Loading area, it appears the doors are glass. We would prefer solid doors to reduce light and sound pollution.</p> <p>Thank you for the opportunity to give feedback. Please feel free to contact us at any time if you have need for clarification or have any questions regarding our comments.</p> <p><b>[REDACTED personal information]</b></p>	Lambton Shores	NOM 1T0
8	Walking track; library, meeting place, outside BBQ	Like the overall design. Has a wow factor to get people interested in using it.	No	Please keep the library as part of this centre.	Lambton Shores	NOM 1T0
8	Fitness, library	Fitness, library	Swimming pool		Lambton Shores	NOM 1T0

8	walking track, library, fitness classes	modern design	I think you should incorporate the Royal Canadian Legion branch within the facility. The current branch building is old and plain; it just sustained considerable fire damage, and I think it should be part of the new centre. Has the municipality reached out to the board and members of the Legion to see if they are interested?	I would ensure arriving at the centre is pedestrian and bike friendly. I would not make the facility car-centric. Will the ambulance station and firehall remain? If so, could there be conflicts in getting to the centre if there is a fire/ambulance emergency. Perhaps a second roadway could provide access? (behind Hay's business location)	Lambton Shores	NOM 1T0
8	meetings events	It's central location	Not sure	It's been a long time coming, I think that it captures most of the needs, those who want a swimming pool and ice arena will be disappointed. I live in Oakwood, South Huron, will I be able to use this facility?	South Huron	NOM 1T0
8	Exercise, walking track, library.	Walking track and exercise rooms	Coffee shop	Would like to see some outside mural design supporting our area	Lambton Shores	NOM 1T0
8	Library, Walking track, pickle ball/gym, attending community programs and/or markets	Location, multi-use, year-round activities possible, new library space	No	It looks good to me - very much needed in this community!	Lambton Shores	NOM 1T0
8	Pickleball and library	Brings the community together	Add squash courts!		Lambton Shores	NOM 1T0
8	walking track, special events, outdoor markets	overall convenient location, second floor walking track			South Huron	NOM 1T0
8	Rotary Club will use it for our Autumn Indulgence fundraising event. I will use the track in the winter. Also the library.	Location is right.	Ability to expand as our population grows.	Good job. Don't waste \$2.5 million on the Net Zero energy concept.	Lambton Shores	NOM 1T0
8	outdoor program space to replace the use of the existing pavilion, which it seems may be removed?	lovely to have this addition to the community!	Please add a covered outdoor program area to replace the existing pavilion.	Please add a covered outdoor program area to replace the existing pavilion.	Lambton Shores	NOM 1T0
8	Gymnasium, library, walking track	walking track and gym	more outdoor space for sports		Lambton Shores	NOM 1T0
8	Library, walking track, community rooms, outdoor area.	The location is perfect.	It would be nice to have a covered area outside.	The building looks great, the location is excellent. It is overdue!	Lambton Shores	NOM 1T0
8	I would use the rooms for fitness classes twice a year. And play Tai Chi twice a week. I would use the library and other meeting rooms occasionally. I would use the walking track 5 times a week.	Finally room for everyone who wants to attend or lead a fitness class. And room for other clubs meetings. And a walking track is so needed.	I don't see the sound proofing for the pickle ball court walls and ceiling. Sound proofing for the pickle ball court area is absolutely necessary so people can enjoy the walking track, meeting rooms, library and all other areas when the pickle ball courts are being used. Also lighting would need to be dimmed in rooms as needed. The right sound proofing, audio capabilities, and lighting is crucial.	So happy to see progress. When are we looking to get the shovels in the ground? To save some money, I wonder if the outdoor Kitchen area can be added at a later time if shown to be necessary.	Lambton Shores	NOM 1T0
8	The gym and track, meeting rooms and possibly great room.	Location and amenities included		Don't feel it has gone far enough. Legion could be incorporated and be given a permanent space inside the facility in perpetuity at no cost to the Legion Branch.	South Huron	NOM 1T0
8	Library, walking track	Central location	Instead of pickle ball courts, call that area a multi purpose gymnasium for basketball, volleyball, badminton etc	Would like to see landscaping and outdoor areas for walking, picnics	Lambton Shores	NOM 1T0
8	The gym for Pickleball and possibly for other sports. The library.	Location. Multi use gym seems well thought out.	No.	I'm looking forward to seeing it built in the community.	Lambton Shores	NOM 1T0
8	Meetings, recreational re walking ,	Great location close to the core	looks good	great start	Lambton Shores	NOM 1T0
8	Social Centre. Walking track and fitness centre. Library. Continuing Education courses.	Walking track, exercise facilities and community rooms for socializing, (example: like playing bridge, Mah Jong, book clubs.)	Add room for arts centre. There are many artists in GB and surrounding areas that could add and offer programs for artists and new artists.	Any chance for a swimming pool? Also, I think we need to add the Grand Bend Arts Council to help keep art in GB.	South Huron	NOM 1T0
8	Use track and fitness equipment. Library would be great resource. Love to take yoga or other classes.	The flexibility of the centre. Lots of potential for different activities for residents.	It looks great. I think it may be worth the extra expense of a net zero facility for future savings.	Need to accommodate the Art's Center either in the building or in one of the other municipal owned buildings on the property. Another issue would be the fact that residents of Huron County would benefit from the facility and need to contribute financially as do Lambton Shores residents.	Lambton Shores	NOM 1T0
8	Library and Gym	Place for locals' to meet.	No		Lambton Shores	NOM 1T0
8	Walking track	Much needed space for different activities	Location	There should be room for the arts center	Lambton Shores	NOM 1T0
8	Fitness, meeting space	Vicinity. Easy to access	Add a pool		South Huron	NOM 1T0
8	Gym, walking track, line dancing, Probus meetings, library, picnic area, entertainment events, Movie events, dance occasions,	That it is in Grand Bend	No it would be well used by many in GB	No	Lambton Shores	NOM 1T0
8	Library regularly and perhaps walking track on occasion and meeting rooms if planning to attend functions being held there.	The library		Being hearing impaired, I'm always concerned about noise levels, so hope proper insulation is used to contain noisy activities, ie, pickle ball, and spectator events.	Lambton Shores	NOM 1T0
8	pickleball, fitness classes, market, outdoor or indoor events, library, walking track	flexibility of the space so that a variety of activities are possible	how about some sort of roof covering on outdoor porches so that if it rained fitness classes, etc could continue outside	wondered if there would be some local fund-raising ideas so taxes do not have to be impacted as much	Lambton Shores	NOM 1T0

8	I would use the gymnasium for multiple sports. I would use the library and meeting rooms. I would use the track for exercise. I could see booking the larger rooms for presentations. As a pickleball player and coach, I could see us using the gym area to potentially run indoor tournaments in the late fall, winter, and early spring.	It meets the majority of the needs the community asked for.	It would be great to have an indoor pool in the future if space allows.	For the gym floor markings, there is a difference between pickleball lines and badminton lines. The Short-Service Line in badminton is 6'6" from the net, and the Non-Volley Zone Line (the Kitchen Line) is 7' from the net. If the gym is to be used for both sports, then both lines will be needed.  Thank you for all the work the committee is doing on behalf of our community.	Lambton Shores	NOM 1T0
8	Walking track, library, maybe court area	Walking track and library	maybe more outdoor recreation options since the ball diamonds will be gone		Lambton Shores	NOM 1T0
7	Library, meeting rooms, walking track	Library and walking track	It would have been nice to include more outdoor rec	Hopefully we can get the funding to make this happen	Lambton Shores	NOM 1T0
7	I am mainly interested in the floor space for indoor Pickleball, but would use the entire facility as needed.	Location, although could you consider an alternate exit via/through and with cooperation with the Hay/Subway property to keep some of the congestion away from the main intersection?	Please ensure that basketball nets are retractable as they will interfere with Pickleball play on the 2 end courts. Also make Pickleball lines 2" wide and make them "primary" and any other sport lines "secondary".	Please consult the Grand Bend Pickleball Club to ensure it is done correctly and allow them dedicated playing time. Too many other sport lines makes it confusing for many to play on.	Lambton Shores	NOM 1T0
7	Definitely gym classes geared to seniors. Maybe outdoor weekly farmers markets could be located here. Private parties. Community events.	Location. It's walkable from anywhere in town and the building is nice and modern. Plus the gym if there are classes.	I think the library occupies too much space. The one at the local school is barely used. Maybe offer cooking classes, art classes, other social activities etc in part of that space?	I love the whole idea of a community centre. I hope this comes true! Thank you.	Lambton Shores	NOM 1T0
7	An indoor swimming pool would offer greater benefits than a meeting room. There are alternatives at the Legion, Oakwood Resort, etc.	The location is ideal			Lambton Shores	NOM 1T0
7	Seniors centre. Wall fit and other classes. Not just pickleball. We need variety including dancing, Fitness, education etc	Walking track. Location.	Pool or ice pad please	No	South Huron	NOM 1T0
7	I'm planning on using it a lot for track, gym and courts	Location is good, seems to be a sufficient size, hopefully large enough to accommodate things like tennis	a lot of people enjoy swimming for exercise and there isn't a pool in these plans	I hope this is built with a lot of objective planning and use ideas from professionals outside of Lambton Shores to get it done correctly or it could just be a big waste of money.	Lambton Shores	NOM 1T0
7	Library, pickleball, fitness	Centre for the community	Pool would be nice	Prefer net zero option	Lambton Shores	NOM 1T0
7	Library, fitness options,	Community gathering space with offerings to meet the interests of various individuals	Embed the current Arts Centre into the community centre. There are meeting rooms on both the upper and lower levels. Some of these could be redesigned to house the arts.	Embed the current Arts Centre into the community centre. There are meeting rooms on both the upper and lower levels. Some of these could be redesigned to house the arts.  It's unfortunate that we don't have an indoor pool with this facility as well. This would be a well accessed fitness option for our community.	Lambton Shores	NOM 1T0
7	Daily exercise track	Location	What about Fire Hall, how will you prevent obstruction of fire emergency vehicles and responding firefighters? How to ensure no one parks in designated firefighter parking or blocking station doors?	New fire station for grand bend station 3 integrated?	Lambton Shores	N0m 1t0
7	More room for exercise classes, the walking track.	More room for exercise, the walking track	Add shuffleboard courts.		Lambton Shores	NOM 1T0
7	Local activities and library	Extent of potential opportunities	Location location location	Traffic concerns and congestion on 81.	Lambton Shores	NOM 1T0
7	Library, gym, rent room for family events	Great facility to host large or small events	There is no dedicated space for kids clubs, seniors area or art clubs	Project seems to be waited more towards fitness instead of space for seniors to meet or other clubs to have a space	Lambton Shores	NOM 1T0

7	<p>I would use the walking track and exercise classes if the space was beautiful and had windows, and would participate in events geared towards senior learning and fitness.</p> <p>I would use the library and outdoor space for sure.</p> <p>Outside seating/benches to enjoy sunny days is important to read, meditate, have a meal, or socialize. A walking trail would be nice!</p>	<p>Walking track, lots of windows, library and outdoor spaces.</p> <p>Location is good as long as it is easily accessible for walkers and bikers and physically challenged. Should be accessible from all directions to encourage people to cycle or walk especially for school children.</p> <p>Appears the outdoor space could be used for parties/special events/shows, etc.</p>	<p>There should be windows on west side Upper floor to view the outdoors while using the walking track, for a more enjoyable experience, and to view the beautiful sunsets and sky, we are so privileged to see in GB!( I could not tell from the video if there were windows to look out while on track.)</p> <p>It's important to have an area to gather to socialize near windows and comfortable seating nooks inside and out. Natural features.</p> <p>An area outside for a skating rink is needed. Outside the library possibly. I did not see the library on the legend but assume it is on the southeast side.</p> <p>Is there space allocated for the GB Art Centre and their artwork/classes?</p> <p>Facility facade lacks a unique GB vibe! I would like to see some eye catching artwork/metal work near/at the main entrance representing community and ..... possibly the Grand Bend logo or designs that depict the sun and waves.</p>	<p>There must be excellent lighting for outside, that is solar driven if possible.</p> <p>Adherence to practices and materials to reduce greenhouse gases is a must especially in regard to source of energy use and recycling practices.</p> <p>Lots of plants inside for air purifying and mental health, and add bird houses and feeders outside.</p> <p>I feel this is a great addition to GB for families and a place for children to make memories outside of the summertime at the beach! A new library is needed badly!</p> <p>An area for babysitting while parents workout.</p>	South Huron	NOM 1T0
7	<p>I would use the Library and common meeting areas to mingle with others. The large hall/ gym area is perfect for athletics and large banquets. But a smaller dedicated area for individual physical workout with some selected workout machines is highly desirable.</p>	<p>The design allows for intermingling of all types of users around the reception area and the refreshment area associated with the library.</p>	<p>New services will need to be added in the future so that an addition will be required down the road. Where and how this could be adapted to the present plan is not illustrated or discussed. Then make an informed decision as soon as possible.</p>	Lambton Shores	NOM 1T0
7	Walking track, library, meeting rooms, outdoor skating	Large Gym, Library, meeting Facilities	More of a workout area with machines, weights, exercise classes	great first plan. this area needs this as population grows and to help attract more growth	Lambton Shores	NOM 1T0
7	Library, pickleball, walking track	Location is great. Nice design	I'm disappointed that a pool and/or an arena are not part of the design, although I understand that cost and space play a major role in this decision. Tennis courts and not just pickleball courts would be welcomed as well.	Curious what plans have been made to ensure leaving the facility won't be problematic re: traffic congestion in the summer.	Lambton Shores	NOM 1T0
7	Pickleball	Pickleball courts	No		Lambton Shores	NOM 1T0
7	Walking track, pickles all courts, fitness	That we have an option to play indoor pickleball here in Grand Bend	Ideally it would have been more pleasing visually if all the new building going up in grand bend could have been more coastal themed design not Toronto looking!!!		Lambton Shores	NOM 1T0
7	the gym, organized sports, ? maybe meeting spaces	location, in town...walkable or cyclable	add a pool	can't wait!	Lambton Shores	NOM 1T0
7	Physical activities, sports, community gatherings	Walkability from many residential areas	It's a great start		Lambton Shores	NOM 1T0
7	Pickleball and other sports, library	Concept looks amazing	Location	How is it being paid for? How will we continue you to pay for this and all of the other municipal properties?	Lambton Shores	NOM 1T0
7	pickleball, library, fitness classes	new library space, pickleball courts, fitness (including yoga?) class space	ensure there is usable outdoor space including seating, gardens, trees	ensure it is accessible during peak summer months aside from the tourists	Lambton Shores	NOM 1T0
7	Fitness & community programs	Location	Hopefully the outdoor area will be covered as the current pavilion is		Lambton Shores	NOM 1T0
7	Pickleball, wedding hall/venue, walk.	Indoor Pickleball courts.	More (6) indoor Pickleball courts as there are too many people wanting to play. Indoor pool.	I hope it will be AFFORDABLE for people to USE the facility.	Lambton Shores	NOM 1T0
7	Attend events, participate community activities	New library	indoor swimming pool!	A significant addition for residents	South Huron	NOM 1T0
6	Yes	Indoor pickleball courts and walking track. I also like the location	I'm disappointed that we are losing the pavilion. There is a well attended exercise class that uses this 3x/week from Easter to Thanksgiving. It would be nice to incorporate a similar spot to continue this in the outdoor space.	See above	Lambton Shores	NOM 1T0
6	Not sure	The banquet hall	Not sure if it accommodates any craft type activities	I trust the Grand Bend Arts Centre will remain as there doesn't appear to be any accommodations for any craft/art lessons.	Lambton Shores	NOM 1T0

6	I will use the library, Fitness equipment, Art Center (which will be required) Pickle ball	Proposed Fitness area	Need a fitness place with lots of equipment like a "Planet Fitness" that is cheaper than the Grand Bend fitness center.	It would be nice to have an Art Center designated space for pottery, painting and classes	Grand Bend	NOM 1T0
6	Meeting rooms, fitness, library, walking track	Rooms available for a variety of occasions		I like the open design.	Lambton Shores	NOM 1T0
6	would use the indoor track and the multi purpose gym	location is good and like the multi purpose gym - hopefully the plans will include space for indoor tennis	swimming pool	hoping this facility is built using design concepts from outside the area such as the YMCA and city community centres	Lambton Shores	NOM 1T0
6	Use of the walking track as long as cost is not prohibitive, library	Library is in a separate facility instead of the school	I question the traffic flow issues when leaving the area	Would like clarification on the parking and how it would be controlled in the summer when parking anywhere in town is at a premium. Example if I wanted to go to the library on a Saturday would parking be available, or would the lot be full	Lambton Shores	N0m 1t0
6	I would attend classes and pickle ball leagues if available. If there is an outdoor park area I would use with my grandchildren. I would also attend community events.	Indoor gym equipment and library.	I would like to see an ice rink included.	I'm concerned about the location, which is too close to the downtown area and people looking for beach parking. I can see this becoming very contentious between tourist and our citizens. We are also losing a lot of outdoor space for baseball and the kids park.	Lambton Shores	NOM 1T0
6	Please consider emergency measures needs in the event of a community incident requiring emergency shelter for residents , is there emergency power/ generator	That extensive outreach to the community was encouraged.	Make every effort to not duplicate services, ie legion activities		Lambton Shores	NOM 1T0
6	For Pickleball and the walking track but missing an arts and culture space.	Location	We need a central arts and culture space. The Grand Bend Art Centre should be part of this da lot with the pottery studio and space to run programs for children, adults and seniors including classes like music classes, art classes , and a common gathering place and showcase for the arts. Storage would need to be part of this area as well. We have a big interest for these type of programs and the current building is too small and there are plans to rip it down. The arts need a home in Grand Bend and the community centre makes sense to be that home.	Is there a way to incorporate the legion and the the art centre?	Lambton Shores	NOM 1T0
6	Personally I would use the walking track and likely the kitchen bar facilities for social eventws	Walking track	I am concerned to see the baseball diamond disappear	How do you propose to pay for the shortfall in funds if you get provincial funding of \$10 million	Lambton Shores	NOM 1T0
6	Walking in the winter	Gym	Swimming Pool + Incorporate our Art Community	Add another level/floor. Lets create a state of the art Community Centre	Lambton Shores	NOM 1T0
6	Walking track, meeting room(s), special function rental	Walking track	1. Location - concerns re traffic/congestion/entry, egress/displacing baseball, art centre. 2. Cost is concerning 3. Add Entry/egress to Main St.	Lovely building but very expensive. What are the plans to relocate the baseball diamonds? We constantly complain children need to be outside more yet we are taking away an outdoor activity. Access and egress appear limited to Hwy 21, at an already congested intersection. Can there be an entrance/exit to Main? How will parking be controlled in summer? Without financial participation from other municipalities this is an unfair burden on one.	South Huron	NOM 1T0
6	Pickleball, Volleyball, Indoor Soccer, etc.	Big Gym			Lambton Shores	NOM 1T0
6	I would love to be able to use the space for Paint Ontario annual shows and possibly an art gallery.	I really like the look of the design. Hoping it will be a place to bring the community together and use the facility.	I would like to see an area added or used for Arts & Culture. GB is a community with a lot of arts vibrancy.	I see that the Grand Bend Art Centre will be demolished. It will have to be relocated as it is very active and very community focused. I would love to see space for their activities in the new plan.	Lambton Shores	NOM 1T0

6	<p>I appreciate the library wing. I would be interested in aerobic or yoga classes operated out of the multi use rooms. I also potentially would use the pickle ball courts or exercise equipment.</p> <p>The Grand Bend Art Centre is a jewel of our city. To dismantle an existing community facility and then to not incorporate space in this new facility for art - painting and pottery doesn't make sense.</p> <p>Assuming that there is an expectation of revenue generation in the facility with the space that can be rented out. Has there been explicit interest in this as it would be prudent to ensure there is a need and this space doesn't sit empty and unused. Is this for GB residents or for visitors. Are we taking current community facilities away such as the baseball diamond and the art centre to cater to visitors outside of Grand Bend.</p> <p>I expect the progression has gone too far to backpedal on this now. Know that it shows absolutely a lack of knowledge and empathy about the community.</p>	Exercise or yoga class'potential'	And an art centre by scaling back on the massive 4 pickle ball courts and space that will be mostly empty or unused for the most part.	Comments are above. Hopefully you rethink some things. Trust me if you are spending \$17 million+ you need to rethink the design.	Lambton Shores	NOM 1T0
6	Walking track	Library	Walking track on lower level	Who funds the operating costs	South Huron	NOM 1T0
6	Community hall, kitchen, walking track, meeting rooms	Location, community hall, kitchen, walking track, meeting rooms	Include an area for arts and creative activities to replace the GB Art Centre and social areas for casual meet-ups. These are both essential for youth and retirees. This could be located on the second floor above the library.	See previous comment. The community centre should be much more than a sportsplex.	Lambton Shores	NOM 1T0
5	An ice rink added would be better	The gym area is nice	Ice rink & location		Lambton Shores	N0m 1T0
5	Ensure walking track can be used for running. Include space for child care, pickle ball courts, and swimming pool lanes. Facility must be a zero emission building which would qualify for additional federal funding.	It's badly needed in the area and will encourage new younger families to move here which will add to the tax base. Just one component of many new innovative initiatives needed in the area.	Must be a ZEB qualified location which could nullify federal government funding if flood plain deemed too close. Seek this approval asap. Zero emission based will save money long term and set an environmental standard for the area		Lambton Shores	NOM 1T0
5	Community room and walking track	Walking track	Pool, full gym facility, affordable	Concerned about parking ( will it be monitored so beach users won't be able to use it) and exit onto hwy 21. Busy and difficult to make left turn off road and with increased traffic at community centre will make it more prone to accidents	Lambton Shores	N0m 1T0
5	I probably wouldn't	I do like the drawings of the exterior. It looks nice. I also like the added parking.	I feel an arena facility would be used far more and draw people to the Grand bend area in the off season. In hand helping the local businesses.	I also do hope the facility does continue to not compete with any existing businesses in the area	South Huron	NOM 1T0
5	very concerned about parking. 1. # of spaces. 2. how will parking be protected on heavy beach days. 3. will interior open areas be acoustical designed for live entertainment	the outside building design lines	?	how will this centre be monitized	Lambton Shores	NOM 1T0
5	I would use it if there was a pool to swim in	The modern appearance	To have a public pool	To add an indoor public pool	South Huron	NOM 1T0
5	Outdoor market if available. However, without a pool I don't think I will use it much.	Outdoor facilities sound good, location is good, parking sounds adequate	Need a pool. This is a community of active seniors, and aqua fitness classes are at least an hour away.b	I am. Within walking distance up without a pool I will not likely use the Facility.	Lambton Shores	NOM 1T0
5	Fitness classes in the multipurpose area. Walking track	Walking Track The ability to create varied size options and sections in the open multipurpose space	I'd like to see a covered outdoor space.	I feel a covered outdoor space would be beneficial to all age groups as it will provide protection from the sun/weather elements. Having a portion of the outdoor space covered will extend the use of that area. The fitness class I currently attend uses the covered pavilion beside the baseball diamond from May through October three mornings a week and has done so for 20 years. This class provides both a fitness and social benefits to its members. The leadership of the class is professional utilizing many qualified instructors from Grand Bend	Lambton Shores	NOM 1T0
5	seldom	it is needed	location	my concern is the impact it will have on already problematic congestion	Lambton Shores	NOM 1T0
5	Pickleball courts.	Not much truthfully	3 multipurpose rooms will be a waste of space as they will not be used. Maybe designing those spaces with a purpose (I.e. services) would be more useful - yoga space, aerobics space.mor hey, how about a gym for those who can't afford the current local gym????	Ok, shame on you for suggesting the demolition of the baseball diamond that the community dedicated funds to. And to demo the arts center? Whoa! The whole concept seems to be out of whack with what the community can afford. Do better!	Lambton Shores	NOM 1T0
5	Pickle ball exercise classes	Pickle ball courts	Have a swimming pool.		Lambton Shores	NOM 1T0

5	cards and pickleball		room for a future attached ice pad / arena		Lambton Shores	NOM 1T0
5	Mainly for indoor Pickleball	The outside facade	I would have liked to see a large, fully equipped fitness centre. Surprised it's not being included. I would have happily paid a monthly fee for its use.	Could be larger .	Lambton Shores	NOM 1T0
5	I would use the walking track, gymnasium for badminton and volleyball. As well as Pickleball..	I like that the proposed facility has a gymnasium for Pickleball. Especially for the Winter time when Picklers cannot play outside due to Wintery or rainy weather conditions.	Yes there needs to be an indoor tennis court. Many people from Grand Bend and area Travel to London, On to play. Believe it or not. Grand Bend and area have a large tennis community. One single tennis court is not enough. As groups of eight play in organized games together. Also the proposed facility in regards to the gymnasium needs lines for indoor badminton and volleyball. I travelled to Exeter to play badminton for 6 pm. As a women driving at night from Grand Bend to Exeter and back. It was very scary driving in the dark. And not a fan of drying in the Winter snow conditions either.	What is the problem with keeping the current library in it's current location whereby the children and teachers can access it more readily? Rather than having to cross major streets to use the library. If the library is moved to the new proposed location it is not safe and travel friendly for the children and their teachers. And not easily accessible as well. Leave the library where it is now. Also no one or organization should run or determine the Pickleball court times. All decisions should be made by the staff that run the rec. centre. In terms of scheduling. The sport of Pickleball should be INCLUSIVE to all regardless of what level of play that people are at.	Lambton Shores	NOM 1T0
5	Social Centre	I didn't see anything on the inside. I like the look of the exterior conceptual design.	Hard to say. It looks good on the outside, but I don't know fully about the inside. I know there is a library -- that's great. Meeting rooms? Arts Centre? Pool? Fitness and gymnasium facilities?	I would like to see room for the Grand Bend Arts. There are many artists who live in GB and surrounding areas.	South Huron	NOM 1T0
5	Library; walking track	Library; walking track	Space for Art Centre; arts and creative activities	What happens to the Grand Bend Art Centre? It is an important part of the community, which includes local schools	Lambton Shores	NOM 1T0
5	I'd use the walking track and potentially the meeting spaces if classes of interest were offered through community groups. I'd also continue to visit the library a couple times a year.	The idea of having a gathering space in Grand Bend.	I'd make the large multipurpose space smaller. Wouldn't like to see that room be built and then sit empty. Disappointed to not have an arena or facilities aimed towards younger folks.	Wondering how traffic flow on hwy. 21 would change as a result of this community centre's street being so close to the main lights in town?	Lambton Shores	NOM 1T0
5	Pickleball	Appearance	Is there not a weight room?	Don't add a pool, but an ice surface would bring off season traffic and could be used by the public school. Absolutely need a full gym/weight room etc.	Summer in grand bend (own cottage)	NOM 1T0
5	Not sure that I would. Do not like the idea of competing with private businesses, ie gym equipment, nor taking away opportunities for large events from local business ie. dark horse winery, oakwood inn, legion.	New public library for grand bend	I would move it out to Klondyke Park.	Terribly expensive for a town with population of 5,000. Does not matter whether a Provincial grant is received or not. This will be a financial drain on today's citizenry and for our future generations to come. If you do proceed, please build it with ongoing operational efficiency and low ongoing operation costs in mind, ie net zero	South Huron	NOM 1T0
5	Walking,meetings,library,what about art centre.?	As a Rotarian, I am being supportive, however I do not like the Modern design particularly. It is too cold & big city looking...not in sync with our beautiful natural background of nature	The design & perhaps the location,,,,a little further away from our congested main corner		South Huron	NOM 1T0

5	possibly the walking track during the winter	exterior is attractive but the functional use is lacking	<p>1) location not big enough for future growth &amp; located at the busiest main intersection of town creating even more congestions.</p> <p>2) year round residents were hoping for a swimming pool (laps, swimming lessons, aqua fit, water polo, etc.), ice rink (skating, hockey lessons &amp; tournaments, curling, etc.), fitness centre with classes (yoga, spin, meditation, zumba, video classes, etc.), kitchen facility (wine tasting, cooking classes, entertainment area, etc), large screen TV (movies, sporting events, group presentations, etc.)</p> <p>3) 177 parking spaces will be used by tourists going to the beach/town rather than users of the facility</p> <p>4) library should be a quiet space</p> <p>business centre with computers/printers &amp; general magazines.</p> <p>5) contain Grand Bend info centre &amp; bus pick up</p> <p>6) vending machines</p> <p>7) food bank location</p>	Like the concept of a community centre in the heart of Grand Bend (so that you can walk to it). Can basketball, volleyball, baseball & pickleball can be played at the school? If so, why are we duplicating the service?	Lambton Shores	NOM 1T0
5	I am 76 so I PROBABLY would not use it very much nor would the children or teenager as there are no recreational programs organized. NO ONE CARES!	THE FACILITY IS IMPRESSIVE! but takes away the ONLY large outdoor space for a parking lot.	YES the location. WHY NOT THE KLONDIKE REC AREA? after all the population using the facility are all able drive regardless of the weather.	When I grew up in the 50,s and the 60,s the LEGION had a ball diamond and sponsored youth ball teams, the LIONS had a large outdoor rink and sponsored youth hockey teams, there was large roller rink, a casino, a mini fair complex and swimming free lessons taught each morning by the lifeguards. NO unfortunately there was no soccer.!	I live just north of GB in SH but grew up living on MAIN ST. of GB in LS.	NOM 1T0
4	I wouldn't use it very much. No ice rink.....terrible. We should be able to do better!!	Not very much.	Yes. Need an ice rink if not inside, one could be done outside (seasonal).	Need an ice rink!!	Lambton Shores	NOM 1T0
4	We would likely only use the library	The library	More amenities for families and children (e.g., updated skate park and playground, indoor pool, climbing wall, indoor soccer field, movie room, games room with arcade machines such as air hockey and pool table)		Lambton Shores	NOM 1T0
4	Not likely as much of what is proposed already exists in other locations.	Obviously the newness of the design	I feel the location is not ideal...that needs more consideration.	In addressing feedback, so many residents have indicated the need for a dog park, could this be incorporated in the outdoor plans. Also, could an inviting room for coffee, social chats, informal meet ups be included.	Lambton Shores	NOM 1T0
4	Library. Maybe the walking track.	Library	Terrible location. It will be too congested. Keep ball diamond and art centre where they are. The community centre should have an indoor pool.	An outdoor ice rink would be good. It could be used as a roller rink in the summer. Maybe an indoor arcade area for kids to use on rainy days. Would a small daycare centre make sense to encourage young families to live and work in the area?	Lambton Shores	NOM 1T0
4	Are we taking the youth in account with this facility a walking track and 4 pickleball courts tell me the answer is no we are not we need to ask ourselves how we can provide space for them as well	That there will be ample parking so we don't have to worry about losing the parking to tourist traffic in the summer	I'm personally glad that something is being proposed in the heart of Grand Bend but again I want to make sure that the youth are being included into the thought process	It's a beautiful building and I think it is a welcome addition to our town.	Lambton Shores	NOM 1T0
4	pickleball, library	the 4 pickleball courts, library	location (traffic congestion getting back onto hwy 21, tight parking ), incorporate an outdoor skating rink, with night lighting outdoor seats, fire pits (like at Krogs) and cabana (concession booth for themed events). possibly use as roller rink, street hockey, volleyball (truck in sand base) in summer	you have a chance to make it unique from other communities and incorporate the old Grand Bend feel from past into it through beach, boating, sports, social. Go the extra.	Lambton Shores	NOM 1T0

4	Potentiallyllly pickleball in the winter, but otherwise really no real draw for new / potential families to the community. Most of the facility is geared and focused on retiree's.	A large multi purpose gym / hall with walking track.	res, there needs to be an outdoor / cover rink, including an artificial ice pad. This facility would provide a multitude of service and opportunities for both young and old. To start, it could be used for public skating in the winter, outdoor hockey tournaments, pick up hockey for boys and girls, broom ball, figure skating, learn to skate programs for young and old. In the summer the list is so long I am sure I will miss something. To start, weekly farmers markets, roller skating, roller blading, ball hockey and ball hockey tournaments, festivals, even outdoor weddings, concerts, and trade shows. As you can see the list of uses is much longer than that of a gymnasium. I am not saying that the proposed facility is not required, but if you really want Grand Bend to become a place where young families move to make their long-term home then there needs to be something "IN TOWN" for them to use and enjoy. At the same time, in the off season an outdoor covered rink creates so many options to attract people to support local businesses. I believe, that if this rink is not proposed in the	Overall the design looks good, but it needs to include an attached out door covered artificial ice pad.	Lambton Shores	NOM 1T0
3			Need hockey arena		Lambton Shores	NOM 1t0
3	As a young professional in Grand Bend. I see myself using the walking track in the winter and possibly the multi-use space. Depending on what that space includes and who will be booking the space up. My fear is that it will be booked up by pickle ball players constantly.	The walking track	Addng more than one multi purpose room. A studio lined with mirrors for potential yoga, pilates classes. A sauna and steam room (much more feasible than a pool and good for elderly and young alike)	I really hope that thought is put into the outside area around the community center. I have been to a ton of centers, while skateboarding this past year. With the location of the proposed facility, I feel it is a responsibility of the township to address the unsafe and dangerous park we have as it stands. A re-vamp of the park is needed as well as a much better and bigger playground area for the kids. If this is meant to be a family center, there needs to be adequate features for the entire family. A pump track would be a great addition to the park as well, to bring the people skating down mainstreet, a safe place to cruise around.	Lambton Shores	NOM 1T0
3	I might play pickleball or attend a community event there. Possibly exercise classes if that becomes an option.	Community spaces.	I would like to see a pool and an ice rink. Thedford and Forest have arenas. As the fastest growing community in Lambton Shores, we need one too.	Although I am a senior, I think the whole concept seems too oriented to the senior community. Some seniors will use a pool and an ice rink, but they will be more important to the growing number of young families who are coming to live here.	Lambton Shores	NOM 1T0
3	I would utilize the library	Open area to seat/view	Make multipurpose area on main floor compatible with more sports then pickle ball, volley ball, basketball, and floor hockey	How do we ensure that the facility doesn't get overrun by tourists in the summer months and utilized for locals	Lambton Shores	NOM 1T0
3	In door walking track in winter. Picked ball in winter	Has some sport activities.	Don't need to spend so much on making it look so nice on outside. Need something for the youth. Should include an art gallery	Costs seem very excessive. Working in business I could never frivolously spend like that.	Lambton Shores	NOM 1T0
3	Meeting space for community groups, pickleball, sports activities, walking track, outdoor space for groups	Walking track, flexibility for use, multipurpose	Location: traffic congestion to access will be a problem. Replaces existing, long term outdoor recreation spaces such as ball diamond	The building design while nice looking, should be more practical to reduce building costs. The report does not include analysis of locations and impacts.	Lambton Shores	NOM 1T0
3	Am not sure I would	Nothing	Yes I would change the location.	The new proposal is eliminating the baseball Diamond and the covered pavilion which my excercise group has been using 6 months of the year for the past 20 years. Very disappointing as we do enjoy our workout outside.	Lambton Shores	NOM 1T0
3			Different location	Not suitable where proposed site to build, put it somewhere else where baseball fields and history are NOT compromised and destroyed!	Lambton Shores	NOM 1T0
3	Walking track and courts	Walking track and courts	Location. Doesn't not make sense near the legion. Not enough parking and takes away the only outdoor sport space inside town	The amount of offices and rooms seems u necessary and the location does not make sense	Lambton Shores	NOM 1T0

3	I am not athletic but would use the track to keep up my activity for a healthy lifestyle.	Like the walking track. The gym will be great for lots of activities. Young and old.	Maybe lots of smaller rooms for different community groups.	Need spaces where the arts can be displayed and creative activities can be held. Hands on music area. There are many talented people in our community who want to share there talents with others.	Lambton Shores	NOM 1T0
3	The walking tract possibly.	The walking tract.	I do not agree with building such a huge complex if it is not going to have a pool or indoor rink. I think it's the perfect location for an outdoor ice skating rink in winter and roller rink in summer. This would benefit locals as well as tourists. The rinks would provide entertainment for kids as well as adults and families. An outbuilding housing a kitchen to serve fast food etc. with a covered area open to the rink for putting skates on etc. This covered space could also be used for markets and events, in the summer as well as the off season. Service clubs would be able to host outdoor fund raisers/bbq's etc. The proposed building seems too large for this location.	I think the town has enough meeting and gathering places for service clubs etc. with the Legion and churches and clubhouses offering meeting rooms. Do we really need such a huge building taking up this outdoor space in the middle of town? The current ball diamond offers another outdoor sport that could be utilized. As far as the library, I feel the former Bank of Montreal would offer a solid building and perfect location.	Lambton Shores	NOM 1T0
3	I occasionally use the current library and would continue to access library material from new facility. If there were outdoor markets of interest, I would attend those.		The location, as it sounds as though the usable land is limited and therefore the lack of amenities being built is very disappointing, especially given the roughly \$20 million price tag. I understand the land is already owned but could it not be sold with those funds going towards a better suited parcel of land within our community?	It would be wonderful for young families to have the opportunity to enrol their children in swimming lessons and learn to skate programs/hockey teams within our community. Also, water activities are a wonderful way for the aging population to get exercise with limited stress on fragile joints. We should be building a community pool and ice rink.  On another note, it would be a boon to Grand Bend's hospitality sectors to have hockey tournaments come to town, especially in the winter months when tourism is so low. We are so fortunate to have beautiful Lake Huron in our backyard, but let's be real.....in the winter, there's not much draw to live/play in Grand Bend.  I feel we are really missing an opportunity to take our community to the next level. This is the time to be responsible with the money being spent and I believe this current plan is just not cutting it.	Lambton Shores	NOM 1T0
2			We need an indoor pool in grand bend!		Lambton Shores	NOM 1T0
2	Indoor pool	Walking track	Something that offers indoor activity for the winter months	Doesn't seem like many options available for 20 million dollars	Lambton Shores	NOM 1T0
2	I would use the library, but I see very limited other use available. I think there should be a gym for the community, focusing on functional fitness, group classes, free weights, etc.	I do not like the proposed concept. The location is good.	Redo the exterior design. It looks like it was designed to look like an expensive house. Does not look like a community centre at all. Save costs on external design features to improve functionality and practicality of the facility. Prioritize creating a gym space. This could potentially be put in a basement if limited space (like GoodLife downtown London.	I do not like the proposed concept. It looks bad visually, and does not seem like a good community centre for the cost. Redesign the exterior so it doesn't look like a luxury house. Add a gym. Consider adding outdoor amenities around the facility.	Lambton Shores	NOM 1T0
2	there is nothing I would personal use - lived in GB 50 years	nothing	add both an ice rink and an indoor pool	The pickleball people will take over this facility and when they are playing nothing else will be able to be used because of the noise they will generate	Lambton Shores	NOM 1T0
2	It wouldn't be very beneficial. Many things are missing, such as the ball diamonds. Where will the daycare go? I was told that the childcare at the school would move over but there is nothing to state that. Some other things such as basketball courts, other recreational facilities would be beneficial, ex: ice rink (indoor or outdoor like Nairn which can be used up until 10 degrees). It will be a shame the art centre and ball diamonds will be no longer.	The only good thing is the walking track.	As stated above. It wouldn't be very beneficial. Many things are missing, such as the ball diamonds. Where will the daycare go? I was told that the childcare at the school would move over but there is nothing to state that. Some other things such as basketball courts, other recreational facilities would be beneficial, ex: ice rink (indoor or outdoor like Nairn which can be used up until 10 degrees). It will be a shame the art centre and ball diamonds will be no longer.	Yes. As stated above. It wouldn't be very beneficial. Many things are missing, such as the ball diamonds. Where will the daycare go? I was told that the childcare at the school would move over but there is nothing to state that. Some other things such as basketball courts, other recreational facilities would be beneficial, ex: ice rink (indoor or outdoor like Nairn which can be used up until 10 degrees). It will be a shame the art centre and ball diamonds will be no longer.	Lambton Shores	NOM 1T0

2	Me and my family might make use of the basketball court. The rest of the facilities seem redundant based on existing infrastructure within the municipality that's already only lightly used. With the vast research published on the death of libraries, it's shocking that we're spending that kind of money on a new library. We also have a great gym in town that seems to be set up in a way that is ideal for our changing population demographics. Why spend money making another one?	The fact that it will provide such amenities all in one place is nice, and that place being Grand Bend makes the most sense. It's the only town in Lambton Shores that is legitimately in a growth phase and it's responsible for the majority of our tax revenue so it does feel that "it's about time".	Don't need a library, don't need a gym, don't really need pickleball courts given we just got brand new ones on the south end of town and the predominant demographic that plays this sport is the demographic that is currently shrinking within our population. Our public school on the other hand is bursting at the seams as the population growth we are experiencing in Grand Bend is comprised of middle-aged parents with children. This population demographic does not need another Library or a gym, especially to the tune of almost 20 million.	<p>The design is fantastic, and I wouldn't expect anything less from Skinner. I just think the redundancy of some of the facilities and the palpable change in our population demographic to age brackets and income differentials that probably wouldn't use such facilities as much as our shrinking Heartland retiree demographic...this doesn't support the nature of the facility.</p> <p>Given the various parcels surrounding the primary core in Grand Bend, I believe a parcel that could accommodate an arena could be purchased and a facility could be built for less money than the proposed facility on existing Lambton Shores' lands. The fact that only our shrinking perimeter towns have arenas and a town with a booming adolescent population does not, this just makes no sense at all. An indoor pool, given the nautical draw of Grand Bend, would also be a great idea, but Birch bark has that covered now. But these Arenas we have in Thedford and Forest with shrinking populations are suck holes of money. Why not have an arena where the population and commerce are growing?</p> <p>It might be worth looking at some of the research on libraries as well. Within the next decade, most will be gone, yet, we're spending money on that instead of an arena.</p> <p><i>If the greater Lambton Shores area wants to</i></p>	Lambton Shores	NOM 1T0
2	Walking and exercise only	Not enough to approve the build	N/a	Not really	Lambton Shores	NOM 1T0
2	Meeting Rooms and Event indoor	The multipurpose Rooms with Kitchen	More parking space Swimming Pool	Request for a different Architectural Design. Budget wise	Lambton Shores	NOM 1T0
2		I don't like the location or the design or the price of this facility	The design should reflect the history of Grand Bend. It looks like a large, unattractive building that could be anywhere. We should have something that is more in keeping with our beach community	Could the BMO/old municipal building site not be used, as the municipality already owns this property, rather than destroying an existing park. Parks are something which we don't have in Grand Bend, and it seems a waste, to decommission an already existing one.	Lambton Shores	NOM 1T0
2	If you run seniors low impact or chair exercises or tai chi. Walking track.	Flex space.	Add a pool & warm pool. Good for lessons of all ages including lifeguarding. Water exercises (aquafit, aqua-bike, rehabilitation for injuries/disabilities, arthritis) & swimming is considered to be the best form of exercise. Can pair with land exercises as a surf & turf option. During school can encourage board to bring kids for swim lessons, one semester for elementary & one for secondary, with lunch time lane swims. Can also be used for swim team or triathlon training, especially if aqua bikes are purchased. Teen swims on Friday or Saturday evenings work well too.	Strange location as road dead ends which will cause havoc at lesson switchover time, especially with the legion programs. Will also have major parking issues. Needs another way in or out or it should be the only facility. Why not where that empty building is on 21?	Lambton Shores	NOM 1T0
2	There is almost nothing that I was use unless it was for a meeting.	It looks beautiful for a city but not a beach town	Include a pool and or a hockey facility	There have been so many surveys done that it is exhausting when none of the suggestions seem to be taken seriously	Lambton Shores	NOM 1T0
2	I would have no use for this building	Library I guess	It's way too big and I don't feel this Centre is needed in Grand Bend.	Not needed.	Lambton Shores	NOM 1T0
2	The track around the gym and the workout area if the fees are reasonable.	Centrally located.	Eliminate meeting rooms and gathering areas and add more functional spaces such as a swimming pool. Add a covered pavilion, which is being erased from the current area, which could be used for outdoor skating in the winter months.	This immediate area is growing and there is a need to cater to youth sports and activities which this facility does not, especially with the elimination of the ball diamond.	Lambton Shores	NOM 1T0

2	<p>I do not know how I will use this facility.</p> <p>I use the library and like where it is now. Turning left onto Hwy. 21 anytime of the day is hazardous and will continue to be so. I will probably not use the library as much because of the driving danger.</p>	For walking or biking the facility is centrally located.	<p>This community/municipality needs a pool. This community needs a ice rink.</p> <p>There is not a lot in Grand Bend that attracts young families to live here all year round. I feel a community centre that has a pool and an ice rink will bring more young families to the area and will be used by all ages of people, all year round, in the municipality.</p> <p>Removing the ball diamond is a very sad proposal. Where are all ages of ball players to play in Grand Bend?</p> <p>Removing the pavilion is very wrong. The pavilion has been used for the last 20 years for workout classes, for people who enjoy exercising outdoors. A new place for the pavilion must be included in the plan.</p> <p>No definite plan for the 'Grand Bend Art Centre' is incomprehensible! How can you do this????? This is a huge step backwards for Grand Bend!</p> <p><del>There is a success of community</del></p>	<p><del>I have owned a property in Grand Bend for 33 years. This community centre was suppose to benefit everyone in our town and it is not filling the bill.</del></p> <p>The placement of the building is going to create more traffic congestion. There is no easy way to exit the proposed site. Turning left onto Hwy. 21 is dangerous.</p> <p>Parking, as we all know, is at a premium in the busy summer months. How will you ensure there will be parking at the centre for users, and not for day trippers to our community?</p> <p>The town of Grand Bend will not allow speed bumps on residential streets to slow down traffic because they slow down rescue vehicles. This proposal will allow the entrance/exit roadway to the community centre be in front of our fire/rescue station. The proposed increase use of this roadway will greatly impede the safety of our community/municipality.</p> <p>Please consider a safer accessible site. Please consider a pool. Please consider an ice rink. This is what our community/municipality needs. <del>Our tax money needs to be used more</del></p>	Lambton Shores	NOM 1T0
2	<p>I would go to the library. It just seems like a lot of meeting space. There is no tangible community use at this point - why build it without that? A lot of "could have" but nothing solid.</p>	Not much other than the library.	<p>YES, why tear down the GBAC to make way for a bunch of unused meeting space/hall rentals? My kids and I have taken classes there for a long time and it is an incredible asset to the community that should be expanded upon. It is hard to fathom why you would not have a plan to include that here when it is already there.</p>	Again - what is the benefit to the community of this. Who will use it, what for?	Bluewater	NOM 1T0
2	Use the sport options mostly		It needs art facilities	<p>We are fortunate that we live in a community of amazing artists who are willing to share their talents. Tearing down the art center and not replacing it either in the community centre or building a new facility elsewhere is not acceptable.</p>	Lambton Shores	NOM 1T0
2	Walk in winter: odd visit to library	not much. Flat roofs always leak!	<p>Move to location where traffic can leave from more than one exit onto a roadway not at the only bridge in town . Congestion is already over maximum considering pedestrians and trucks and locations of the Firehall and Police Stations. Add smaller rooms for community gathering places and put the Art in the building if you must have it there . This space would better serve as parking for the hordes that descend on the town each summer and for the Beach concert goers and the church on Main. There does not seem to be much of a view for the facility to be be able to produce income, like concerts (out of the wind and rain), variety shows, antique and auction sales, etc.. THERE IS NO ROOM FOR EXPANSION!,</p>	<p>Establish a proper Town Plan, divert heavy traffic to a ring road, add at least one more bridge before many more mansions are built in the way . This perhaps, would be a good spot for a proper _Retirement and Nursing care facility_ shockingly missing from our town.</p>	Lambton Shores	NOM 1T0
2	I would not. There is not enough features that our family would use.	The walking track is a nice feature	<p>The site used. Build it elsewhere. Traffic and parking will be a huge issue.</p> <p>There should be an ice rink and pool. Without one of those features the center is useless.</p>	I think it would be a huge waste of money if it goes through like proposed.	Lambton Shores	NOM 1T0
2	I think there need to be many more changes to this. This does not suit our needs.	Nothing, it's taking away things that shouldn't be taken away.	All of it, different place, indoor ice rink, if you're gunna build it do it right! Or don't do it at all.	Move to a place where you have growth. Not the spot you chose.	Lambton Shores	N0m 1t0
2	All that money and no ice rink. Terrible planning. Grand Bend needs a rink.	Design only	Need an ice rink.	Grand Bend deserves an ice rink.	Lambton Shores	NOM 1T0

2	I don't think I would.	Not happy with the proposed facility	Yes, I would ensure that it would be made to accommodate numerous indoor and outdoor activities. More than what is being indicated.	Could you please let me know how the construction of this facility will be funded and how will the ongoing maintenance of this facility be funded? Will this facility cause annual property taxes to be increased on an ongoing basis. In summary, provided all current municipal owned infrastructure is being maintained and funds have been budgeted for and set aside for the replacement of that infrastructure in the future and the current yearly property tax rate is at or below the provincial cost of living amount, then I am satisfied with moving forward with the new facility provided the design is adjusted to include more amenities for the general public and consideration is given to the use of outdoor space where applicable. Constructing a new facility that will increase property taxes is not acceptable!	Lambton Shores	NOM 1T0
1	Would NEVER use. Waste of money. Municipality has 2 other under used facilities. Donate the \$\$ to the Legion which has been Grand Bend Community Centre for years. Don't need more. Lions Club donated the pavilion. Need to encourage more outdoor sports but you want to take away the ball diamond. The people who want this facility are from the cities where they had to drive a distance to go to their centres. Drive down the road to Thedford or Forest and use those facilities.  Again TOTAL WASTE OF \$\$\$\$\$\$ for a few who will use it.	Nothing	All of it. Put \$\$\$ into the G B Legion. They have support the Village of Grand Bend for years. There is no more Village of Grand Bend. It is the Municipality of Lambton Shores which has PLENTY of other facilities for everyone	See all of the answers above. The average age of a resident in this area I'd close to retirement age. This facility is NOT needed	Lambton Shores	NOM 1T0
1	Won't be used. Absolute waste of money. Disgusting that a bunch of aged council members making decisions for something that will have no use for the youth of the community.	There is nothing to like.	Add a pool. Relocate the building to Klondike.	With any luck, the funding won't come through and the project will be terminated.	Lambton Shores	NOM 1T0
1	Would not use it. Plenty of spots around to use without this major expense	Nice design	Not build	At this time we cannot afford this expense Nice to have Not affordable	Lambton Shores	NOM 1T0
1	I wouldn't. There is already a couple of gyms in the area as well as many places that can be used for meeting venues.	The extra parking. 20 million for some parking spots??	I would change everything.	Unless you're going to add an indoor pool or an ice rink(two things Grand Bend actually needs) this proposal is a total waste of money!	Lambton Shores	NOM 1T0
1	I would not use the facility. All proposed activities are available throughout the immediate Grand Bend community or a very short drive to other communities within Lambton Shores. There is already empty meeting space and fitness businesses that are not used or supported by the community. Does not make sense to build more "community space".	Not much.	I would not build it and spend the tax dollars elsewhere. Improve soccer fields at Klondyke for example. Irrigation, better turf management. Over 250 families use that facility and it is not up to the standard of other communities. Better fund existing programs of all sort throughout Lambton Shores. Not only does it cost \$20M to build, what are the annual operating costs required to maintain and staff the facility. How much will taxes go up to support this? Will there be a fee to use it?	I would not build it and spend the tax dollars elsewhere. Improve soccer fields at Klondyke for example. Irrigation, better turf management. Over 250 families use that facility and it is not up to the standard of other communities. Better fund existing programs of all sort throughout Lambton Shores. Not only does it cost \$20M to build, what are the annual operating costs required to maintain and staff the facility. How much will taxes go up to support this? Will there be a fee to use it?	Lambton Shores	NOM 1T0
1					Lambton Shores	NOM 1T0
1	Probably never	The location is excellent	Add a pool and ice rink.	Please do not waste taxpayers dollars on a facility lacking a pool and ice rink. Hard to believe that these have been overlooked for this project.	Lambton Shores	NOM 1T0
1	A waste of money	Not much	No.	No	Lambton Shores	N0m 1t0
1	No clue - short of permanent amenities, long on big (and small) empty spaces - so very little regular drop in use opportunities. A washroom is not an amenity it's a mandatory requirement. The town already has a library so not a great use of limited space.	Nothing	Add real dedicated facilities people can use on a regular basis - pool, pickleball courts, broad use fitness facilities including weights, cardio equipment (bikes, treadmills, rowing, etc), other racquet sports, permanent space for fitness classes, ice skating, pool/ping pong tables, permanent basketball/volleyball/badminton facilities, small theatre room, printers, etc.		Lambton Shores	NOM 1T0
1	We wouldn't.	That it is in Grand Bend and is for the community.	I would suggest adding an arena to get attraction during the winter. So many restaurants and hotels would benefit from this when there are tournaments and such in town. Even adding an arena on one side and an indoor pool for cold/rainy/winter days for kids to do.	I love the idea of getting a community center but we already have places for pickleball and a library close to town.	Lambton Shores	N0m 1t0
1	Very beautiful. I don't think I would ever use it.	Lots of different organizations will hopefully utilize it	Location	More central for out lying areas e.g, Bluewater, North Middlesex, South Huron - a lot of money for a huge building	Lambton Shores	NOM 1T0

1	Would not use.	Nothing	Lambton Shores has too many underused facilities	Taking away grass and ball diamond. Taking away Lions pavilion that took fundraising to build	Lambton Shores	NOM 1T0
1	I would not use the facility.	Nothing	Reduce the number of pickleball courts and add arena and pool facilities that all ages and abilities can access.	4 courts caters to a very specific group of users and ignores the need for fitness facility access/needs for the majority of the senior population who have been paying taxes in Grand Bend for most of our lives.	Grand Bend	N0m 1t0
1	Not at all	It makes me sad to see this when we need infrastructure. Who is approving this?	Money should be spent on infrastructure.. roads, sewer systems, GBHC upgrades.. Grand Bend taxpayers do not ONLY reside in the downtown core.	Please don't spend 20million plus plus plus on this.	Lambton Shores	NOM 1T0
1	I would not us this facility	A community centre is needed	A pool and rink are needed. A library will likely be underused but it otherwise a good idea. Multi purpose, meeting and event space are already available in the community.		Lambton Shores	NOM 1T0
1	I would not use the facility for much at all - perhaps pickleball. I belong to another gym and read e books. As there is no ice surface or pool I believe that many will be disappointed with the proposal.	The potential for pickleball courts.	I believe that the design misses out an important feature - ice. As Grand Bend is changing from a beach, summer town to an all season community, we need ice sheets to allow for tournaments such as the Silver Stick.	I attended the open houses and based on the feedback provided by the community it appears that the design does not meet the requirements put forward by the community.	Lambton Shores	NOM 1T0
1	Meetings, but meetings can be anywhere. No kids areas, ice surface, outdoor, room for expansion.		Different location. Not well area to get in and out of.	First of all I would like to apologize for all the people that helped with time and money on the Grand Bend Baseball Project. Just a little history, in 2006 we lost our son and one of the things he was working on, was to save the baseball diamond from becoming a parking lot. In memory of our son I took over the project of saving the baseball diamond. With lots of help we resurfaced with red clay, new concrete walk ways, kids playground equipment, gardens, 30 foot back stop and fence, and fenced in dug outs. With the new and approved baseball diamond, this brought a huge family presence in the community. We started with t-ball and expanded into 5 team levels for Grand Bend, and won several championships. The land was donated from Harold Klopp for kids sports. So far what I see, this is more for seniors then kids. Several tress have also been planted in this area, in memory of locals that played baseball at this baseball diamond. It is not that I am against a community centre. I just feel it is the wrong place, especially when trying to save the baseball diamond the council said it was to congested for the baseball diamond. I would think a community centre would be even more congested. Just imagine Friday night, 11pm, legion having a meat draw, community centre wedding with 400 people, and the fire alarm goes off. In this process, I asked the municipality to talk to the people doing the	Lambton Shores	NOM 1T0
1	Never. Does not offer anything for teenagers or families	Nothing	Location - you are seriously considering demolishing the ball diamond??? And putting it at the most inconvenient location for weekend summer traffic....	Waste of money. I was at the meetings regarding development. You didn't listen at all. Just taking more space away from the kids of this community. No baseball diamond, no park or pavilion . No community pool or arena. Again, catering to the seniors of this community and no one else.	Lambton Shores	NOM 1T0
1	I wouldn't	Nothing			Lambton Shores	NOM 1t0
1	I wouldn't use it	Nothing	Yes. We do not need it		Lambton Shores	NOM 1T0
1	Add a pool and then I would use it, do not destroy ball park ball park, pick different location	Nothing	Add a pool	Do not destroy ball park, put centre out past McDonalds	South Huron	NOM 1T0
1	I wouldn't	Nothing	Pool and ice rink	Seriously, more pickle ball courts? Absolutely no benefit to the youth of our community. Our seniors head south, are youth remain year round.	Lambton Shores	N0m 1t0
1	Not happy with proposed site,totally wrong place	Do not like the idea of this facility at all,in this location	It's location	Yes,this is a wonderful green space,it needs to remain so for families,especially in this day and age,where we are losing trees and breathing space to more concrete	South Huron	NOM 1T0
1	I would not as the traffic congestion that will result from the proposed would keep me away from that area of Grand Bend	There is nothing to like and it is a total waste of money	Change the location for starters	I think this proposal is insane and a total waste of taxpayer dollars	South Huron	NOM 1T0

1	<p>I would take my grandchildren to the library if it has programs at night or on weekends.</p> <p>This facility is mainly a pickle ball court for seniors and takes away children's activities.</p> <p>A pickle ball court should be built at a different location as seniors can drive. Children need to walk to a place to play as they are not old enough to drive. Grand Bend needs activities for children be it baseball fields or soccer fields or tennis courts.</p>	<p>It has pickle ball courts for seniors, seniors will be happy as long as pickle ball is popular.</p> <p>Pickle ball was not popular 10 years ago so it may just be a trend and the facility will be a dud in 10 years. The council is taking away from children to provide services to seniors.</p>	<p>Location. Do not put it in the core of Grand Bend. Just put up pickle ball courts with washroom facilities on the edge of town. Maybe near the airport? Realistically it is a pickle ball court facility with amenities that provide only a little extra value.</p> <p>Make it just for pickle ball</p>	<p>The facility is trying to be too many things to too many groups. It is a pickle ball facility for seniors. The walking track is good but I doubt it will be used. The gym is inadequate for a gym and therefore only a few people might use it. Parking in the summer will be an issue as you will not be able to manage it, how will you prevent beach goers from parking there? Being located near the major intersection of the town will create problems especially for emergency vehicles. \$20 million is a lot for 4 pickle ball courts. Build a pickle court facility just at the edge of town. A library should be located in connection with the school or maybe the old Bank of Montreal building.</p>	Bluewater	NOM 1T0
1	For young peoples activities	Nothing	Yes the whole facility	Its location to start with, then its plans for usage, they are a laugh	Lambton Shores	NOM 1T0
1	<p>We would not use it. There are enough halls and areas for recreation already available without building this facility. This facility seems to have one purpose and that is to serve the minority population that play pickle ball. We have already spent a million dollars on that ground. Why spend more? And at the same time decimate the ball diamond and obstruct the emergency services.</p>	<p>There is really no need for this facility. There are already enough recreational facilities in our tax base already. Those that we have operate at a lose as it is.</p>	<p>Given we have two arenas in our tax base now it would make more sense to amalgamate them into one in a more central location and this way we could have one full service facility that would likely be a money maker. Rather than two and a proposed third that are and will likely be money losers.</p>	<p>As noted above centralize and make one facility that can serve the whole area</p>	Lambton Shores	NOM 1T0
1	<p>I would not. There is not enough recreation incorporated into the current design. Lots of "multi-purpose" space is really just wasted space, and much of it could be utilized much better.</p>	<p>The indoor walking track.</p>	<p>Probably could be downsized. Multi-use space could be designed with specific use in mind. No pool? No ice rink? Seems to be rather for a library and not much more.</p>		Lambton Shores	NOM 1T0
1	Not much use for us	nothing	redesign and relocate	leave ball diamond where it is	Lambton Shores	NOM 1T0
1	<p>I am against the facility! It will cost a lot more than anticipated and operating costs will increase property taxes</p>	<p>Nothing. Against it being built.</p>	<p>Do not build it</p>	<p>Generally I am against the idea of a community centre. It will cost too much and operating costs will increase every year. As a property tax payer-I am against the project.</p>	Lambton Shores	NOM 1T0
1	<p>For many reasons, my family and I would not use this Proposed Community centre.</p>	<p>There's nothing in this proposed community centre that my family and I would use.</p>	<p>I believe the proposed facility is not something my family and I would use. The focus seems to be primarily on the elderly in our community, rather than on the young and up and coming families in this town. I would much prefer to see an ice rink that could generate revenue for the town or perhaps a pool. I am confident we can come up with better options that would better serve the needs of this municipality. Why put more pickleball courts, when we just spent a lot of funds to build the outdoor ones on Klondyke??</p> <p>Additionally, the proposed location should be reconsidered. As a longtime resident, I know how important the baseball diamond is to our town. With the efforts and funds dedicated to that project, it's disheartening to think of losing the memories and value it holds for the community.</p> <p>Lastly, the location is also problematic due to the heavy traffic congestion at that intersection, which would only worsen with the addition of a new facility.</p>	<p>Like I stated previously about, I urge you to reconsider your proposal and revisit the location and options being presented. I believe this project deserves a better approach, and the amount of money being allocated could be put to more effective use by the city's tax payers.</p>	Lambton Shores	NOM 1T0
1	<p>Probably would never use. Too many people will want to tell a person what can be done there. They already are, just by taking this land. It already is being used .</p>	<p>Actually do not like anything. Legion hall is there for hall rental. Seems as if you are trying to steal what hall rentals they have.</p>	<p>Not build in this spot. Too busy an area already. This is a heavy traffic area and it will make traffic congestion unreal.</p>	<p>Courts not needed as already spent money on them in Klondike area. Why repeat that error. Why have washrooms that far from beach, be way too late to use by time a person got there. Time to spend money on another town. This is just greed that came with the newer residents.</p>	Lambton Shores	NOM 1T0
1	Terrible location. Please review other sites.		<p>Yes, the location and the structure of what you want in this building.</p>	<p>Please please reconsider the location. There are other locations that you own that need to be considered. Why have they never been mentioned?</p>	Lambton Shores	NOM 1T0

1	seems like it is just a meeting place and perhaps a library		does NOT have to be a "taj mahal"	We could get more bang for our buck if it was not a "taj mahal"	Lambton Shores	NOM 1T0
1	I would like a pool, rink or yoga				Lambton Shores	NOM 1T0
1	Maybe library only	Nothing	Location, size, money spent	Lions pavilion, ball diamond were all volunteer funded. There are memorial trees planted by the ball diamond. Suggestion would be to donate all money to the legion to expand and update. They have been an amazing community Center for the old village of Grand Bend. There are enough other new facilities in Lambton Shores that are under utilized that would suffice for use.	Lambton Shores	NOM 1T0
1	I wouldn't, nothing there for my family	Location	We need an indoor pool to provide swimming lessons locally.	Not sure what the point is, we have a library at the school and not everyone plays pickle ball.	Lambton Shores	NOM 1T0
1	Maybe I would go if I was invited to a wedding reception held there; otherwise, I don't think I would use it.	Its location won't really interfere with my activities in Grand Bend.	<p>1) I would not force the library to move there. Having the library in the school is a good thing. It gives the kids a wider selection of books than they would have with just a school library. It connects the school and the community. Moving the library to this new place would mean that kids' access would be limited by their parents' willingness to make a trip over there with them. With access to the site requiring travel down Hwy 21, in the summertime, it will be too much of a time-consuming ordeal to venture through the traffic to go to the library. Better to leave the library where it is.</p> <p>2) I would not fill it with pickleball courts. Pickleball just took up the best part of the soccer fields for little kids and their families to use for soccer, right near the playground structure. That's already a huge gift to My opinion of the proposed facility is that it is mainly just a manufactured excuse to spend \$20M on indoor pickleball courts. If pickleballers want that, then let them pay for it; don't dump that cost on the taxpayers!</p> <p>3) I would not put the walking track</p>	Too bad for baseball players, art centre users, etc. over there.	South Huron	NOM 1T0
1	Since you are ripping out the grand bend art centre please also include a new grand bend art centre as well as a community pool.	Indoor activity for winter	Include a Community pool and arts centre	Include community pool and arts centre	Lambton Shores	NOM 1T0
1	I'd use it if there was a pool. Or an ice rink. Or a YMCA or other fitness facility. As it is there is no real advantage to any young families living in the Bend.	There is little to like.	Add pool. Add rink. Add fitness centre. This area does NOT need a venue for 400 people with other resort and banquet facilities close by already. Also the location is ridiculous and would remove areas already used by locals and visitors for recreational activities.	See above. Can't believe you are being this short sighted given the growth rate of our community.	Lambton Shores	NOM 1T0
1			<p>Move the thing to Northville along side Lambton shores municipal offices. We are in process of adding a turning lane to our bridge to allow Northbound traffic an easy access north. Now your planning the Northbound lane will again be restricted within 300 or 400 ft of (Possible 2 or 3 car lengths) from the main intersection lights for turning to this facility. Does this make any sense. I DONT THINK SO</p> <p>There are many other locations to consider, the of Lambton Museum, property or along side Anglican Church property on 81 maybe could be bought.</p> <p>Forget about the library, most people use computers for reading etc,</p>		Lambton Shores	NOM 1T0
1	I would walk on the track if it was free	nothing really, don't even like to the appearance of the building	add a pool and ice rink, the community needs a place to swim 24 7 year round and skate	not a fan at all ! should not have to relocate anything for this building	South Huron	NOM 1T0

1	I wouldn't, nor would anyone in my household. It offers nothing of value to us. A gym for what? Meeting rooms for what? We are unwilling to foot the bill for this proposed building at \$6,565.49 per person in Grand Bend.	Nothing; it's a waste of taxpayer money. The proposed uses are irrelevant to most in the Community. 19.9 million dollars for a gymnasium with no seating and some meeting rooms? Not even gym facilities, which many households would make use of, more so than meeting rooms.	It is unnecessary. It should not be built. A functional 'Community Centre' that actually serves the community (meetings rooms???) should only be considered once new developments in progress are completed and are contributing to the tax base. A proposal based on current population is ludicrous when the population is increasing at such a dramatic rate.	This facility is an outrageous proposal. The cost and resulting tax increases are not worth it for 99% of constituents. The small percentage of people who would use the meeting rooms and the gymnasium does not validate such an expenditure. The 'Centre' would not be used. It also does not serve the needs of the community. A centre with an arena with seating, a gym, sauna, pool etc. is what's needed; not meeting rooms.	Lambton Shores	NOM 1T0
8	Pickleball	Large multi purpose space	Arena or pool		South Huron	NOM 1T0
8	Community and club functions.	Clean & attractive design	Unknown. <sup>8</sup>	Not really.	Lambton Shores	NOM 1T0
8	Walking track, indoor sports (pickleball, volleyball), aerobic fitness classes, yoga, meetings, outdoor activities if any, meeting rooms, community activities (eg bingo), attend community activities held there.	The layout	An indoor pool added, no, it's good!		Thorndale but house owner in Grand Bend	N0m 1T0
6	Use of the walking track	Multi use aspect and location	The exterior looks too institutional for a community centre in a beach community	Add usable space outside for activities like crafts, card games, casual conversations.	Lambton Shores	NOM- 1T0
5	I believe more pickleball courts are required. The pickleball club is currently utilizing more courts in other locations in Winter.		It needs to be bigger	More pickleball courts required.	Lambton Shores	NOM 1T0
5	I'm unsure if I would use the centre		The location - I appreciate that the land is municipal property however this will add more congestion to the main intersection during the tourist season and may also impact the response time of our emergency responders with increased traffic on Municipal		Lambton Shores	NOM 1T0
5	Library, gymnasium for community events, exercise room, social outings	A place for community	RELOCATION. Definitely needs an indoor pool and ice pad	The facility cannot be built in that area, it's far too congested in that corner of the town.	Lambton Shores	NOM 1T0
5	For pickleball and hopefully some work out classes like in Port Franks	The pickleball courts	I think 6 pickleball courts should be provided for the local club	Concerns about parking for locals especially in Summer when tourists arrive	Lambton Shores	NOM 1T0
3	Not very much for me to use	Nothing	The entire facility	Zero recreational use for any age	South Huron	NOM 1T0
2	Not sure I would use it. Maybe library.	Out door space	Would like more of a gym vibe, traffic is crazy at that location	Are we as tax payers, paying to relocate existing, structures ? What will be done for traffic flow, crazy busy spot. Is this the best location? Wanted to see more of an all rounded spot, ice rink, fitness centre, for use of all ages of our community	Lambton Shores	NOM 1T0
1	I wouldn't, there is nothing about this community centre that is appealing for the number of growing families is the area.	Nothing, this is wasting tax payers dollars for essentially just a larger library and a community centre which we already have at the grand Bend public school and medical centre.	Yes, A hockey rink and/or pool.	Our town doesn't seem to want to take into account the increasing number of growing young families in the area and the need for a hockey rink and pool. We are not a retiree community anymore and haven't been for a long time. Please start to consider the rest of the community that is paying for these with their tax dollars. There is no point in putting in another building where these young families will not bother to use. We do not need another pickle ball court for the retirees. Please Consider the majority of the community and who will actually use this space. Not to mention the money a rink would bring in to this town for hockey tournaments.	Lambton Shores	N0m 1t0
1	Not at all satisfied. Why move the Library? Where is there anything to do for children? Why more pickle ball? Adults and seniors have the ability to drive somewhere to entertain themselves. Children do not. There was always things to do on the Main strip for children. Now they can't even do volleyball because it might disturb someone.	The walking track.	Change the location. Nice to have a hall to rent but more for children.	The design does not fit the beach. We are not a city. It looks awkward and out of place.	Lambton Shores	NOM 1T0
9	Meetings and events library and sports	Central location for an all purpose building	Sprung floor upstairs and back load beer cooler	Library is great and bldg design is well thought out	Lambton Shores	N0m 1to
4	Not sure I would use it unless it had a fitness center / gym with free weights and machines for body building and fitness . My be it could be tendered out or have the YMCA set up in it	Like the library in it and meeting areas. Multi purpose rooms that could hold fitness classes	Have a weight room for body building , (free weights and machines) it would complement the class fitness rooms , walking track and courts	Building design looks great, modern. Location is good too	Lambton Shores	NOM 1T0

1	I likely wouldn't.	Nothing. To congested of a location. Parking will not be enough. We do not play pickle ball or basketball.	An ice surface, look to our neighbour's, South Huron is renting ice from Zurich and Hensall-would likely rent from us. Minor hockey tournaments, ringette, Can Skate & figure skaters would further develop programs with more ice. Contact these groups and ASK! Families would rent ice-and not just from within Lambton Shores. This would generate income and help pay off the huge price tag. Kids need something to do. Come summer-ball hockey, camp programs etc can use ice surface. Happy Huron is a great example of Community based programs we could use. Families need to be attracted to move to Grand Bend. Put a walking track around the ice surface, have a pool. Look at St Marys facility or Goderichs. Both beautiful. Would love to have that here close to home.	Bad location, facilities will go unused, waste of tax payers dollars.	Lambton Shores	NOM 1TO
1	There are more important priorities than a community centre	That it ignores more pressing needs of Grand Bend	If you want to build it, put it on the Klondike Road	<p>The community centre is a nice to have facility. More important concerns should be placed on the GBAHC which is grossly in need of expansion. The other item that is being grossly ignored is affordable housing. Grand Bend is growing with 3+ storey homes/Airbnb/rentals and more service industry businesses. However, nobody seems to care/understand the need for affordable housing for those people that can't afford to live here because of the high cost of housing whether it be buying or renting. The GBAHC has been busting at its seams for years but, there doesn't appear to be any move to improve that situation. There doesn't appear to be any proper care for the Main Street garden boxes after they're planted. As has been noted on other platforms and hopefully this one, none of the Community Centres gets great usage probably run in the red, yearly. The gym in Grand Bend is not fully utilized which means the two gyms will be competing and both will lose because Grand Bend cannot support two gyms. The one entrance/exit from Municipal Drive will become a nightmare during any major events held there, especially if the Kegion has an event on the same day/night. The driveway is less than a city block from the one major intersection in Grand Bend. From May 24 to</p>	lderton and wanting to move back to Grand Bend	NOM 2A0
9	The indoor walking track and the event space and indoor pickle ball	Meeting spaces and event renta	Possibly for licensed daycare?		North Middlesex	NOM 2K0
6	library, exercise walking track, meeting room with kitchen	library and large enough meeting rooms. Like the energy efficient aspect with costs associated.	Outside design. Looks too modern with no heritage look. Professional fees are way too much	If you use dry in place cement blocks the masonry costs would be 15-20% less.	South Huron	NOM 2K0
4			Needs a pool! Also the location. Already a parking nightmare during legion events. Add this capacity parking and it will be much worse.	Terrible location.	North Middlesex	NOM 2K0
1	Wouldn't due to location and very little parking as well as hard to get in and out of the street in the summer.	That it has an indoor track and possible gym	Its location and the cost to build it.	The facility needs to have a different location and a lower cost. There was very little input from the community by the numbers that were given. Also, were those people who leave her year round or just for the summer.	South Huron	NOM 2K0
1			The location. It's very unfortunate to get rid of a baseball diamond where children play in order to build this centre. Build it somewhere else.		North Middlesex	NOM 2K0
7	Pickleball, activities, community events	Easy access, central location, large ope spaces	Looks like. Good open, multi function facility. Might be helpful to have additional washrooms upstairs to accommodate the guest in the meeting areas.	Good start	Lambton Shores	NOM 2L)

9	Similar to how the Port Franks Community Centre is used. Community group meetings, seniors clubs, optimist clubs. Library is great. I love the walking track on the upper level. You could also do fitness classes up there.	The walking track	No. I think it looks good	To gain more support from the community, I recommend using other local community centers, such as Port Franks, as examples of how frequently these facilities are utilized. Our community center is used almost every day for various activities. It's important to clarify this, as many people don't fully understand the situation on social media.	Lambton Shores	NOM 2L0
9	Meeting Rooms and Indoor Pickleball	clean and fresh looking		Great location	Lambton Shores	NOM 2L0
9	Pickleball	Pickleball courts	No		Lambton Shores	NOM 2L0
7	Walking, Library, Pickle Ball and would like a heated swimming pool (specialty for the senior citizens)	Walking area, and pickle ball courts	Add a heated pool (specialty for people with mobility issues and seniors) plus areas where people can play cards and other games as well a learning centre for young and old		Lambton Shores	NOM 2L0
4	Walking track	Area with kitchen for groups to host events	Location Add a pool for fitness, lessons		Lambton Shores	NOM 2L0
4	Seniors fitness	I'm not sure	I would keep the library where it currently is with uts prximity to the school and use the extra space saved at the community center for indoor activities like darts, seniors drop in, etc	I would keep the library where it currently is with uts prximity to the school and use the extra space saved at the community center for indoor activities like darts, seniors drop in, etc	Lambton Shores	NOM 2L0
3	Not much, only when events are held there.	Nice design and layout for what it is currently designed for	you need to build something that people we utilize eg swimming pool.	Current design is basically providing a gym for the public. Dont see this being utilized much. Schools in the area provide this as well. Need to build something people will utilize.	Lambton Shores	NOM 2L0
3	The way it is now, I don't think my family would use it.	Walking track is a great idea. That should be above an arena.	Indoor pool and arena as well as a splash pad. See komoka for a reference.	There are many young families in the area that are forced to go to Middlesex county (parkhill) to use their facilities. (Arena) would be nice to build something to keep their own citizens in the community. We have little to no activities for our kids to do. We have to go elsewhere and then spend our money in that community. (Forest, parkhill, london)	Lambton Shores	NOM 2L0
3	Library	Net zero possibility	Location ...congested traffic area	Cost to taxpayer...revenue costed for ongoing maintence Is there a daycare with green space	Lambton Shores	NOM 2L0
3	Move it somewhere else. Not making traffic congestion worse.	New community building	The site	Help the small business. Bring t back the older Grand Bend	Lambton Shores	NOM 2L0
3		Good to have a new community centre.	We NEED a pool in this area. We have indoor pickleball courts in Thedford, ice rinks in Thedford and Forest and library and meeting space in the nearby area but there are no community pools for our area.	The facility looks beautiful. Might be better if just outside the congested area, off of the main road.	Lambton Shores	NOM 2L0
2	Library possibly	Modern deisgn	You should partner with the YMCA so that you could have a great gym - check out the East Lambton Community Centre in Watford! An amazing YMCA!		Lambton Shores	NOM 2L0
2	I wouldnt	Walking track	Put in Racketball court and pool with showers and get rid of exercise equipment room	Only for the people of grand bend not lampton shores. Old school design	Lambton Shores	NOM 2L0
1		Likely will not	Put in a pool, closest are Petrolia, Sarnia, and Goderich. Too far!!	Dows not consider seniors who would use a pool when disabilities prevent other forms of excercise.	Lambton Shores	NOM 2L0
1	I would not	Nothing	It shouldn't be built	Nope	Lambton Shores	NOM 2L0
1	Swimming pool and a legitimate gym! What was proposed is similar to forest arena with very small gym run by the ymca with very low enrollment. Building needs to be model after stoney creek community center and YMCA. With child minding while you work out, swimming lessons run by the ymca, a library included etc.	The look on the outside looks good	Yes! Pool is needed! Stoney creek ymca in London is a good model	Do not build this without a pool and legit full service ymca like goderich or stoney creek ymca in London	Lambton Shores	NOM 2L0
1	I won't use this facility . We need pools /hockey arena	I don't	A pool . No more pickle ball courts	Growing younger families need pools/arenas .	Lambton Shores	NOM 2L0
1	Possibly a guest at a wedding. That is the only reason.	I like the concept of a small community centre in grand bend	The location!!! Why are you getting rid of the baseball diamonds and playground that we as a community raised funds to upgrade and keep in our community? That location us already very congested and next to impossible to get in and especially out of in the summer.	The idea is a community centre is good, but this location and what you are getting rid of is disheartening for the community.	Lambton Shores	NOM 2L0

1	I couldn't stand the traffic jam getting there	The opportunity for indoor activities	The location. Such a big investment at the edge of Lambton Shores	No	Lambton Shores	N0M 2L0
1	Library and events		Service groups need a location for offices as well - the location is not appropriate and requires removal of existing facilities and is difficult to access		Lambton Shores	N0M 2L0
1	I feel the location is not feasible. It also doesn't deliver what people are asking for. For this price tag I would expect a community centre, indoor pickleball AND a pool. Personally what about a skating rink? Indoor or outdoor. I feel that not enough planning has gone into this, from the location, the cost and what it will provide.		The location, design,	If you really want to put Grand Bend on the map, this type of facility should be located where there is lots of land, near the soccer and pickleball courts. A place where the whole community can come together, not just seniors who don't drive. Taking this approach has severely limited what can be accomplished. To offset costs, perhaps enticing a hotel to come to town? Near a major outdoor facility in the summer would be huge, perhaps a shuttle to the beach? This might relieve the pressure on some short term rentals and provide places for people working here in the summer so that the businesses can get back to full capacity.	Lambton Shores	N0M 2L0
1	I wouldn't use this facility because it's located in a terrible area.	Nothing	Location	It should be located somewhere else not in a place where there is only one street to get in and out. It would be a nightmare to get in and out in the summer	Lambton Shores	N0M 2L0
9	For events, pickle ball and physical activities	Overall design and variety of use for the community	No	Exceptional design, hope the Net Zero option will be included	Lambton Shores	N0M 2L0
7	Walking track, change rooms		Space for childcare. Infant/toddler/preschool	Grand Bend is seriously lacking childcare. Please add daycare space.	Lambton Shores	N0M 2L0
9	fitness programs	enough parking for facility use	please prioritize as many Net Zero Options as possible	This project is an opportunity to lead the community into Net Zero practices.	Lambton Shores	N0M 2N0
8	absolutely	much needed and great location and space	indoor or outdoor bocce courts		Lambton Shores	N0M 2N0
7	Meeting space, exercise in the winter	Kitchen facilities, walking track	Addition of a pool / sauna, especially for winter. There's a serious lack of such facilities in the area and I think it suits grand bends recreational water focused tourism		Lambton Shores	N0m 2n0
4	I wouldn't because I am in forest. Something more central would be great so many could use it. Because from May- October I don't go to grand bend since it's full of tourists.		Location.		Lambton Shores	N0m 2n0
3	Probably not at all.	It's beautiful	The location, the cost to the tax payers		Lambton Shores	N0M 2N0
2	I wouldn't	I think it's a waste of money	Traffic in the summer will be a nightmare where it's located. It's a ghost town 7 months of the year	I don't understand why this would be a priority when you can use the money I'm other ways. Create more parks or a dog park or have more outdoor seating for people to picnic at. Easier access to crown land trails. Use the money on current buildings or sidewalks. Put a second ice pad in Forest or Thedford so ice isn't so restricted	Lambton Shores	N0M 2N0
1	I would not use it	Too much money	Yes	I think the funds should be used somewhere else	Lambton Shores	N0M 2N0
1	I would not use the faciilitu		I would remove the banquet area I. There are other halls with in the community that provide this service.	The location does not serve for the majority of tax payers. Why would it not be placed in a more centralized location with in Lambton shores	Lambton Shores	N0M 2N0

1	Not at all	Library	There are too many unnecessary features that won't get used. Too big for a town of 3000 people.	<p>I believe the proposed \$13,554,400 community center in Grand Bend is excessive and not aligned with the needs of Lambton Shores. Most residents outside of Grand Bend tend to avoid the area due to heavy tourism traffic and road congestion. While I agree that Grand Bend could benefit from a new community center, it should be appropriately scaled for the town's population, not designed to serve all of Lambton Shores.</p> <p>Recent investments in Grand Bend facilities, such as the new tennis courts and baseball diamonds have shown limited usage, or functionality in the case of the new beach restrooms. Based on this history, it seems likely that the proposed community center would face similar underutilization.</p> <p>Rather than dedicating the full budget to this single project, I believe some of the funds should be reallocated to areas in Lambton Shores where there is clear demand and active use. For instance, Utter Park in Arkona still lacks safety fences down the foul lines, despite being the most utilized ball diamond in Lambton Shores. Additionally, with the growing number of children participating in baseball, restoring lights at the Thedford ball diamond would provide significant community benefits.</p>	Lambton Shores	NOM 2N0
1	We don't need it why not put the money back into the municipality road ditches and drains that has not been properly maintained and neglected for years.	I don't huge wast of money and poor management of funds!	I would shut it right down and raise the question as to why the money was wasted on this project in the first place?	Use the facilities already in place why was Port Franks built then ??? More money miss management?	Lambton Shores	NOM 2N0
1	Would not use and think it's another waste of taxpayer dollars	I don't like the fact it's going to cost taxpayers more again for Grand Bend	Put the money to something else that is beneficial to ALL tax payers in Lambton Shores or lower land taxes to help everyone	Do not build it, taxes have gone up far too much	Lambton Shores	NOM 2N0
1	I would not. There are two other facilities already in Lambton Shores, I'd use the local libraries closer to me.	Nothing	Public swimming pool? Large gym such as a Y. Similar to Petrolia. Better location.	Destroying something the community has built to put up a waste of money similar to Northville office is disappointing. Hopefully this will be relocated, be large enough to service the community, practice and a help/service to the community rather than a burden and eye sore.	Lambton Shores	NOM 2N0
1	Never	Nothing	Yes, we can't afford this, it doesn't help the community,only tourists, and grandbend business, there is more to Lambton shores than grand bend!		Lambton Shores	NOM 2N0
1	I would only use the library.	Not much.	We desperately need a public pool.	The location you have chosen is wrong.	Lambton Shores	NOM 2N0
1	Not sure how it would be used any differently than the other community centres we already have in our municipality	I think the design is way over priced	Location and budget	I don't understand how the municipality has 20 million in their budget to build this for Grand Bend, but Thedford can't even get lights installed at the baseball diamond. Lights that they originally had and were removed to go to another location.	Lived here 30+ years	NOM 2N0
1	I wouldn't	Nothing	Yes, I wouldn't spend the money there. Rather spread it out to properly maintaining current centres. So many lambton shores centres are run down and disgusting. Knowing that these centres don't stand a chance at updating once money gets invested into grand bend is disheartening.	Please reconsider.	Lambton Shores	N0m 2n0
1	Wouldn't	Nothing	Move location		Lambton Shores	NOM 2N0
1	We would not use	We don't like the price tag for taxpayers in all of Lambton Shores not just Grand Bend	Put money towards something else ALL tax payers use daily	It should not go forward when tax payers are already paying crazy taxes and Lambton Shores is a big area NOT just Grand Bend. Money could be put to better use	Lambton Shores	NOM 2N0
1	Would not use	Nothing	Cost	Spending on Grand Bend is out of control while smaller communities within Lambton shores can't even get sidewalks repaired or replaced	Lambton Shores	N0m 2n0

1	I wouldn't use it	Nothing. We have enough halls that aren't being used	Don't build it. It's not needed. There are multiple halls elsewhere and gyms that aren't being used. You could pave 20 roads for the 20 million dollars which would make the local people way more happier.	You're wasting the Tax payers money	Lambton Shores	N0M 2N0
8	Definitely use the indoor sports facilities	An abundance of natural light. Variety of sporting opportunities. Comprehensive library. Practical use of available space. Height of ceiling in the ground floor sports centre.			Lambton Shores	N0m 2No
6	Fitness area, library, washrooms, changerooms	indoor track, fitness area	more washrooms (more women's washrooms), washrooms on upper level too	seems a lot of room for kitchen, servery areas	Zurich	N0M 2T0
5	I would use it a lot more if there was a pool.	The walking track and library	Yes, we need a pool. I am currently driving 30 minutes to Godriech to use their pool. Growth in Grand Bend is evident and a pool would be very useful.		Bluewater	N0M 2T0
5	unsure	document not viable for close up viewing therefore cannot comment	same as above	same as above	Bluewater	N0M 2T0
1	I wouldn't, it needs an indoor pool	Nothing, 20 million for a building with essentially a kitchen and washrooms? What a waste.	Yes, add an indoor pool	Add an indoor pool	Bluewater	N0M 2T0
5	Fitness	Multiple uses	Location	Verry Expensive	Bluewater	N0M 2T0
9	Pickle ball, social events and community events	Will add a lot to Grand Bend "facilities" for local residents and visitors	Can we include any items that could be used and attractive to our summer tourists (sorry I don't have any "bright ideas" to suggest		Lambton Shores	N0M N0M
9	Vendor shows	Location	No		North Middlesex	N0m1a0
1	<p>I wouldn't use this facility, an enormous percentage of Lambton Shores wouldn't use this facility. This is a huge waste, for minimal gain. 4 indoor pickleball courts exist in Thedford a short drive from Grand Bend. Grand Bend just received brand new outdoor pickleball courts.</p> <p>Who will be paying for this facility? The residents of lambton shores, or residents of grand bend? This amount of money proposed would be better used elsewhere in the greater community of lambton shores.</p> <p>A community center design such as this is bloated waste, an enormous percentage of Lambton a Shores residents will never use this facility, will never step foot inside this facility.</p> <p>A proper community center in Forest wasn't kept up properly and allowed to fall into disrepair and has recent been demolished, which held private events for stag and DOE's, weddings, etc. would this now be allowed in Grand Bend? Forest, Thedford?</p>	There is not one thing to like about this bloated waste of money proposed to be spent in Grand Bend.	Everything. I would scrap this entire project and focus on renovating the former municipal office into a library.	This project needs to stop. Renovate the former municipal office into a Library and leave it at that. Grand Bend is summer location.	Lambton Shores	N0m1b0
1	not at all	Nothing	location for sure and the cost is ridiculous	A shame that this is being considered for such a very small part of the population of Lambton Shores. Surely this amount could be spread across more of this community.	Lambton Shores	N0M1B0
1	I would not a support local and not government funded scams.	None lambton shores has all this all ready	Don't build it	We don't need this	Lambton Shores	N0m1b0
1	It doesn't belong where it is proposed	Why do you want to build it?	The location	Stop trying to turn Lambton shores into a city	Lambton Shores	N0M1B0
1	<p>It needs ice hockey rink, most want an indoor pool the main reason it has been asked for, walking track, zero need to put in more pickle ball courts, opening a small gym would hurt the private</p> <p>Owed gyms terribly and it's not right to do that to business owners.</p> <p>Absolutely move location and spend much less money on something only Grand Bend will get use of during off season to tourists</p>		Location, pickball courts, gym facilities as stated above	That's way too much money being spent when so many communities in Lambton Shores are in need of road Repairs, proper sidewalks, maybe even curbs, nice landscape, closing of illegal businesses, supporting small businesses the waste of money across Lambton Shores is terrible and the money needs to be spread out across all of Lambton Shores not just certain areas! It's believed your going to do what you want and your mind has already been made up and sadly it's probably true.	Lambton Shores	N0M1B0
1	No	Nothing	Do not need this	Put it to a vote if you are spending money let us vote if we want it	Lambton Shores	N0m1b0
1	Never. Waste of money that can be spent elsewhere	Nothing. I would like a community centre in a town that doesn't have one yet. Arkona.	Everything. Including not building it at all	Do not build.	Lambton Shores	N0m1b0
1	I wouldn't. I would just use the nearby community centres in Forest and Thedford				Lambton Shores	N0M1B0
1	NO	Nothing	Smaller if you have too But not needed		Lambton Shores	N0m1b0

1	Not expecting to	Nothing	Yes a different location	<p>It would seem that Grand Bend Is the beneficiary of lambton shores. How about the small towns located in lambton shores. Have heard a lot of people talking from different areas and there seems to be more important issues. For an example, we could equip every town with a community centre before spend this in Grand Bend which already has one, Ball parks all could use a make over the list could go on and on. Think I council is looking down a one way street.</p> <p>I for one am not in favour of this. Ask the people with a vote were they would like to see the money, they are the ones who put you there</p>	Lambton Shores	N0m1b0
1	I wouldn't. I avoid grandbend much more already since the last renovation.	Nothing.	Wouldn't build it at all. Renovate the existing building on the property if need to do something. Budget is outrageous.	<p>I think the proposed facility is a waste of money. Courts are not needed. Summer courts are already there and that's good enough for when grandbend gets used the most. When it's a ghost town in the winter, local grand bend people can drive to thedford for pickleball courts. Everything else is there, why waste our money.</p>	Lambton Shores	N0M1B0
1	I wouldn't use it	Nothing	No need for it	It's a waist of tax payers money	Lambton Shores	N0M1B0
2			Why does grand bend seem to be given priority	Make it smaller so other communities can also see some new or improved facilities	Lambton Shores	N0m1b0
1	I would try not to	I agree the Bend needs a Community Center but not at this location.	Location	Who ever thought this up, is insane and out of their mind.	South Huron	N0M1M0
1		There has to be some sort of hidden agenda behind all of this! Because no one in their right mind would put that building in that location.	<p>The building is and looks nice but when you show where you want it located, it just makes no sense at all. Now time is being wasted trying to in-still some common sense into you. The trailer park was in an uproar over pickle ball courts! Could you imagine what a community Center will do?.....</p>	<p>I think who ever is in charge of this is out of their minds. How and why would you jam a Community Center back there. It makes no sense what so ever except that the land is donated. That's all. What about that empty lot that has been empty for decades down by Tim Hortons? Not big enough. Well what about the lot where there was supposed to be a golf course put in years ago, down by No Frills? That not big enough? Why put a Community building in an already congested spot? Is my question to you! Leave the ball Diamond for what it has been used for for decades. Do better for the community not worse.</p>	South Huron	N0M1M0
8	walking track social areas	easy access clean building			Bluewater	N0M1N0
6	I would use the pickleball courts if they weren't all booked up	The design on the outside looks nice	Adding an indoor pool to make the space more useful for families and people of all ages		South Huron	N0M1N0
6	Attend fitness programs and community events	Place for community to go for large public events. House places for groups to meet.	Need for a covered Pavillion as this has been a popular place to have fitness programs and can be a beneficial shaded and protected seating for outdoor events. Include art centre in the plan, as it is being displaced by parking!	I have a concern about only having one entrance and/or exit to this facility as this is also used for the Legion, ambulance, and fire department. It is very close to a very congested section of the highway.	South Huron	N0M1N0
2	Walking track	Walking track	Seems like very little use for young families. We need a Center for indoor sports, basketball, volleyball, indoor swimming that is more accessible than a local hotel. Fitness Center with community program offerings.	More thought need to be put into this Center. Look at Goderich facility or Komoka. Families want to be able to use facilities in their own town rather than driving 25-40 minutes to another town.	Bluewater	N0M1N0

1	My family wouldn't use this facility. The plan is short-sighted and only geared towards the elderly. There is a huge screaming demand for a public pool and an ice pad... both are clearly not addressed.	Nothing. Waste of money and space.	<p>Eliminate the library... there is already one at the local public school. On top of that, the vast majority of the public wouldn't be able to recall the last time they entered a library.</p> <p>Add a pool. Something that has long been requested in this town. Relying on private businesses to fill this need is foolish of the municipality. Often when wanting to use these pools, they are unavailable.</p> <p>An ice rink has also been a long-wanted need. The amount of the tax-roll that is funded from Grand Bend should be taken into consideration. Requiring residents to travel 20 min for a public skate is arrogant. Instead our family will drive to neighbouring municipalities to use their facilities and spend money there.</p>	<p>Considering that you had a local service club offering to build you an ice rink and the council turned their nose up at that, it's not surprising that this concept also neglects to include a rink.</p> <p>Lambton Shores continues to be a joke on how Grand Bend is treated.</p>	Bluewater	N0M1N0
1	Never	Nothing	Location, and add a pool!	We need a pool. And grand bend can be a nightmare of traffic this is the worst possible location.	South Huron	N0m1n0
1	Not at all	Nothing	Find a different area	A community center is a great idea but not to take away the recreational area that we have now. It is greatly needed for young children and adults	Bluewater	N0M1N0
7	Pickleball gym aerobic classes.	The location is good.	Is there discussion on an arena		Bluewater	N0M1N0
3	Only if I got invited to an event that was being held there. Example: wedding reception.	A spot to hold large gathers for events	Yes! To replace some features with a pool. Being a lake community there is a need for year round swimming/swimming lessons. This whole design has nothing for children. With a growing community with young families there needs to be something for families.	Something need to be there for the children.	South Huron	N0m1s2
1	Would not use it	Nothing	It's not needed	A waste of tax dollars, pretty sure this is not in the budget.	South Huron	N0m1s6
1	I wouldn't use it at all	That it's not built yet	No	My fear is the cost of this project will balloon and it will be way over budget by the time it's completed. I don't want my taxes to go up any higher to pay for this community center.	Lambton Shores	N0M1T 0
9	meeting rooms, community rooms, workout facility	meeting rooms workout facility	ice pad, basketball court, pool. things that will attract families not only seniors	this facility needs to appeal more to families, and young adults not only seniors. Public art should also be incorporated.	Lambton Shores	n0m1t0
9	Meeting with community groups, using the walking track, using the gym for pickleball	It appears to be an open concept that allows use for many different groups within the community	No	I like that the net zero option was included. It's fantastic to have the library included in this building. Beautiful design as well!	Lambton Shores	N0M1T0
9	Pickleball, walking track	Design & location			Lambton Shores	N0M1T0
9	With kids in evenings	The location	No	No	Lambton Shores	N0m1t0
9	I would use all areas of this design.	Accessibility for all ages	The cloak room could have racks on exterior walls leaving space in the centre of the room for a square bench for boot removal in winter.	We need two exits to roadways, ideally a second exit to the medical centre in case of injury or illness or a fire at the facility. The existing single exit is not sufficient if there is an emergency.	Lambton Shores	N0M1T0
9	pickleball or exercise	pickleball courts	possible ice rink for skating or hockey, etc		Lambton Shores	N0M1T0
9	Pickleball, walking track in winter	That they have indoor pickleball			Lambton Shores	N0M1T0
9	For many events that I'm sure will be able to come to Grand Bend with the amazing new space	I think the space is going to let a lot more of the community be involved.	No		Lambton Shores	N0M1T0
9	Use the gym , pickle ball courts , walking track and library	Includes most of the items that I want	No, not without additional facilities and costs		Lambton Shores	N0M1T0
9	Pickleball and exercise	Its local			Lambton Shores	N0M1T0
9	walking track	location	no	Looks great	South Huron	N0M1T0
9	WINTER walking track. Rental of room for party/ get togethers. Community meeting place.	Central location. Walking or biking distance for many, reducing traffic congestion.	Are there showers?	Fabulous opportunities to rent space for day care, indoor senior winter activities, after school programs and so much more.	South Huron	N0M1T0

9	The facility offers many opportunities to be used on a weekly basis. Whether it is the walking track for fitness; gymnasium for pickleball, badminton, volleyball, fitness classes; multi purpose space for large meetings, convention and special events such as Christmas Dinners and weddings. The new and expanded library will offer space to increase programs that my grandchildren will attend. The multi purpose rooms will be used for meeting and fitness classes.	I like the large multi purpose/gymnasium space along with kitchen and bar.	I would like to see the Arts Community offered space within the existing proposal. I would hope that the proposed design would accommodate additions such as an outdoor covered rink.	I would like to thank the Lambton Shores council for proposing this outstanding design. The municipality of Grand Bend deserves this proposed Community Centre. It is long overdue.	Lambton Shores	N0M1T0
8	Pickle ball, walking track and exercise room	Makes the community a more 4 seasons destination, good location	Add an indoor pool for water aerobics, swimming lengths etc - no need for deep end or diving boards and more fitness amenities for seniors	Good location and design of building is esthetically pleasing	Lambton Shores	N0M1T0
8	Walking track, meeting spaces, library.	Walking track, overall curb appeal, meeting spaces, library.	Reduce size of banquet centre. I feel that it competes directly with The Legion which is in very close proximity. The community does not need both.	Overall, I like the design but as previously mentioned, it's a bit over built. No need for a large banquet centre. Who will staff it? Who will maintain/clean it? Who will assume responsibility for operations, safety and security and will there be a pp cost to use the facility?	Lambton Shores	N0M1T0
8	Walking track in the winter	It's in grand bend	Add a dog park outside	Well done!	Lambton Shores	N0M1T0
8					Lambton Shores	N0M1T0
8	Library, walking track, social events and exercise equipment if available.	Location	Ice skating addition would have been nice!	Design looks great, the ample parking and location.	Lambton Shores	N0M1T0
8	Meetings, exercise classes, library	A decent library space	For sure let's go net zero! The plan doesn't incorporate the savings that could be realized over time. Also, some concern over the inclusion of stationary bikes etc.-- a local business was recently purchased by two entrepreneurs to provide gym facilities and I don't think any publicly funded facility should "compete."	Looks good but obviously the source of funding is critical -- would hate to see already high municipal taxes increased significantly. Also, very interested to learn more about how it will be operated, and how operating costs will be covered. For example, will rent be charged for meeting spaces?	Lambton Shores	N0M1T0
8	as a senior, a lot of the usage from my age group would be passive rather than active.	location	include recreational pool and ice pads and meeting rooms that can be used by local service clubs and individual rentals.	Being handicapped, I hope that aspect has been included with the concepts	South Huron	N0M1T0
8	walking track, library, gym. place for kids to socialise	gym/track	pool would be nice, I am a little worried about the parking situation. This area is quite congested as it is	I like the look, we need a community center	Lambton Shores	n0m1t0
8	Would use often: gym to exercise and play pickleball; long time library member; walking track a significant benefit for the many full-time resident seniors. All will welcome opportunities for community interaction particularly difficult during times of poor weather.	Much to admire: facilities and location meets the recreational and social needs identified by residents in this growing community.	Attractive outside design could be altered to better reflect 'cottage country' by adding a gable or two, use of stone and wood (admittedly matter of taste); welcome library co-location but perhaps 1/3 too large, add computer station, reduce reading space, amount of collection shelving to reflect changes in operations; designate space for arts community on 2nd floor or in former BMO building.	Very impressed, facility checks most boxes. Cost is a concern.	Lambton Shores	N0M1T0
8	My wife and I would use all of the facilities at one time or another and some on a regular basis. And would be happy to take out a family membership	Beautiful design with abundant glass and wood surrounded by grass and trees, large multi purpose, multi generational gymnasium / events centre with stage and with kitchen and bar in close proximity, variable sized meeting rooms overlooking green space, an outdoor kitchen and summer events area, walking track and fitness facility, an accessible multi purpose, multi - generational Library with lounge and fireplace, large parking area available for markets and outdoor events, and summer rental!	Full Fitness Centre, an Art centre somewhere on campus, consideration for an Outdoor covered Ice Rink if feasible currently or as part of future planning. All would help to cover operating costs	The community has been waiting a very long time for a facility like this and must not be deterred by the negativity of those who do not even live in Grand Bend, and have enjoyed such facilities in their own communities for many years. It must also be made clear to the public that this project is subject to qualifying for the maximum Provincial grant monies, and a successful local fundraising campaign with every effort to minimize any tax burden.	Lambton Shores	N0M1T0
8	track and gym	track and gym			Lambton Shores	N0M1T0
8	Pickleball, exercise equipment, library, walking court, community gathering area but would also like to see arts centre included	As the community continues to grow, it provides great facilities in our community	Include an area for the arts centre	Since the baseball diamond is being removed, can one be added to the Klondyke sports area?	Lambton Shores	N0M1T0
8	Basketball. Pickleball. Library. Meeting spaces	Having a centre	Hardwood floor in gym	Thank you for building this centre	Lambton Shores	N0M1T0
8	Pickleball	Accessibility	No	Need a rink	Lambton Shores	N0m1t0
8	Pickleball, library, meeting rooms, exercise classes	Open, spacious, multipurpose	Outdoor playground for kids	Let's get it started!	Lambton Shores	N0M1T0
8	Indoor sports, fitness classes and hall rentals	Location is in town	Hard to say at present	I am looking forward to having our own facility.	Lambton Shores	N0M1T0
8	Sports facilities, coffee stop and art centre, library, rentals for events	That one is finally being built to accommodate the areas growing population and needs	Ensure there is ample room for arts centre services and lectures. Arts centre includes all mediums from throwing pots to metal works, make sure facility has prepared the centre with all requirements in front and behind the walls.	Looks good and most welcome	South Huron	N0M1T0

8	Social activities and sports	The location and lots of parking	Adding a couple outdoor horseshoe courts would be a good summer activity at little cost!	Love the location and overall design	Lambton Shores	N0M1T0
8	Pickleball, library, community meetings, etc.	Indoor exercise facilities	Not sure at this time.	Careful consideration should be given to the court area as far as marking lines on the surface. A look at the Zurich court area shows numerous lines which can sometimes be confusing.	Lambton Shores	N0M1T0
8	the library, fitness classes, gym for pickle ball	climate control year round use adequate parking			Lambton Shores	N0M1T0
8	I, personally, would use the indoor walking track regularly(3-5 x per week). I would also use a fitness centre (with equipment) if it was available.	<p>The location is outstanding. I believe the Municipality has chosen extremely well. This area is central to all Grand Benders and to the adjacent and more densely populated (established and "yet to be built") neighbourhoods in South Huron and Bluewater. Residents in these locales will be most likely to use this new facility because of its' proximity. In addition, this location is within walking distance of the Elementary School which is advantageous not only for sport and recreational use but also it retains their contact with the Library that the school currently houses. It's also central to the Grand Bend Community Health Centre and could be used collaboratively by them as their roster of patients continues to grow.</p> <p>The large gymnasium is excellent and will accommodate basketball, volleyball, pickleball, and badminton. It can be used for other group recreational activities and it could, in addition, be used for large community events. It's a versatile indoor area.</p> <p>The design is modern and aesthetically pleasing and the tentative outdoor drawings and landscaping look inviting, shaded and peaceful. The land on which this community centre will be built is already owned by the Municipality and this is a beneficial saving in overall costs. I empathize with those who would like to retain the ball diamond-- my own children played baseball and soccer there.</p>	<p>I think the allotment of space for Aerobic and group recreational sessions seems very long and narrow and there is no specific space for fitness equipment to be permanently installed. I believe, in the feasibility study, a number of individuals indicated the importance of a fitness area in the Community Centre, as it would complement and enhance the gym and walking track-- ie: all activity in one spot. I realize this would perhaps require oversight but with the anticipated continuous growth in Grand Bend this might be important and appropriate. As Grand Bend expands its population, it will meet the numbers that are indicated as requirements for additional facilities like an outdoor ice rink I'm assuming that could be incorporated in close proximity to the Community Centre in the future.</p> <p>Also, I read that the present Art Centre is to be torn down in approximately two years --is there a plan for relocation in the Municipal Drive locale?</p>	<p>Monteith and Brown, our Municipal staff, particularly Steve McAuley and Ashley Farr, our Mayor, Deputy Mayor and Councillors, and Skinner and Skinner Architects have done an exceptional job moving quickly in an abbreviated time frame to access potential funding for this much needed facility. Thank you so much for your diligence, your decision - making and your support.</p> <p>i would also like to thank a background group of dedicated volunteers who, for over a decade, have put in hundreds of hours researching and promoting a Grand Bend Community Centre.</p> <p>The factual and statistical growth numbers definitely justify moving forward with this project for the residents who have waited so patiently for so long. These new amenities will attract even more growth as more individuals and families recognize what an incredible community exists along the Lake Huron shores in Grand Bend!!</p> <p>A heartfelt 'THANK YOU' to all who have been involved . We are grateful and appreciative!!</p>	Lambton Shores	N0M1T0
7	The town already has two gyms and a library. Current baseball diamond would serve more purpose to the community and families. Skatepark is unusable and should be turned into a new skatepark or other rec. space	Location in central grand bend is good although it would be a shame to loose our baseball courts. Indoor pickel ball courts is fun.	New skate park would be a good addition for the towns youth. Current skatepark was designed poorly and is unusable. Lots of outdoor space that you do not have to pay for would be a nice addition.		Lambton Shores	N0M1T0
7	Exercise classes if available Rent small rooms for parties Pickleball Library	Pickleball courts Large community centre for events with kitchen facilities Library	Include outdoor as listed below	Will there still be an outdoor pavillion? And outdoor playgroup equipment and basketball nets? How about some outdoor exercise equipment for adults and children like chin up bars	Lambton Shores	N0M1T0
7	Pickle ball area should also contain basketball nets, and volleyball courts. The ability to switch out like a schools gymnasium does. Include free weights in the group fitness area	Weight room/group fitness		Move the playground to the skate park	Lambton Shores	N0M1T0
7	I would use the walking track and potentially the indoor pickleball courts.	I like the walking track and the large gym space that can be used for multiple reasons. It is nice that there is a kitchen and bar for different community events.	I would include a daycare centre instead of the library.	I appreciate the viewing area to the large gym space. I like that there are change rooms and lockers. I'd like the large gym space to have volleyball courts. I hope the large gym space will be used for children's programs (i.e., gymnastics, dance, indoor soccer, basketball, karate, summer camps, etc.) and be suited to host these programs, such as storage spaces for equipment. Will there be technology (i.e., tv, projectors) in the small meeting rooms? An indoor pool would be a great addition to the community. The community needs a bigger daycare centre. My children were never able to get into the current centre in Grand Bend. They are now in school and on the waiting list for the after school program.	Lambton Shores	N0M1T0

7	functions/banquet room, library, hopefully exercise if concern below is addressed	need a bigger meeting space , banquet hall in town , need walking track, meeting rooms , multipurpose spaces.	I am very concerned that the outdoor function area looks limited for exercise and does not have a covered area. I have been attending an outdoor exercise class three times weekly for 6 months of the year for over 20 years at the current covered picnic pavilion beside the lawn bowling court. I understand this area will be removed for parking. Without overhead coverage it would not be feasible given rain, concern for injury - people slipping , and the inevitable sun exposure which is not healthy . I am sure we are not the only group who would benefit by a covered area and would be very sad to see my ability to enjoy activities in a healthy fashion outside be destroyed.		Huron woods	N0M1T0
7	Need to add one indoor tennis court to design. No winter tennis currently available in grand bend despite vibrant tennis community.	Indoor pickleball courts	Add one indoor tennis court for rent		Lambton Shores	N0M1T0
7	Need to add one indoor tennis court	Pickleball courts	Add one indoor tennis court for vibrant local tennis community to play indoor tennis		Lambton Shores	N0M1T0
7	For special events, sport and recreational activities in gym , walking track, Fitness facility with weights , outdoor events area, conference and meeting rooms, library , lounge area, activities for children and grandchildren,	Outstanding design, centrally located , large multipurpose gym, stage, walking track, large expandable meeting rooms, large capacity for community events, kitchen and bar , library for multi generational use	Would add a fitness facility with weights and cardio equipment over kitchen area and next to track and tender management of facility, plan for incorporating Art Centre into the facility or on site, possible use of conference rooms , aerobics area and upper lobby for Paint Ontario and other large displays( almost 4000 sf ) , snack bar in lounge area, considerations for outdoor facilities to include Covered Rink for year round activities, new and improved playground , dog park ,eliminate or improve skateboard park, decide on use , sale, or demolition of surplus buildings and on use of BMO building, improve access to and from the site with a possible 4 lanes,	Interesting that most social media naysayers are from outside our community enjoying facilities that Grand Bend has never had! Maximize communications with the public about the importance of their input . Possible in person meeting with presentations, questions , answers , comments, written submissions . Engagement and excitement of the public about the project will set the stage for local fundraising program. Watford raised \$2M and we can surely do better! Prepare for the future by planning and phasing in possible facilities and programs not presently feasible. Commendation to the planners and all those participants in this significant community project '	Lambton Shores	N0M1T0
7	Walking track	Great design ....		Building site area is too small.....need a much larger area so future development can occur for the growing community..... Perfect site would be next to Kiwi Motel.....room for expansion.....lots of parking area available ..... Perhaps proposed site could become. Summer Paid Parking Lot	Lambton Shores	N0M1T0
7	track	track			Lambton Shores	N0M1T0
7	Pickle Ball, Community events and meetings, Probus Club	The large activity space.	The location, not good access, Need to keep ball diamond and skate park	Need a kitchen plus provision for future snack bar.	Grand Bend,	N0M1T0
7	I use the library regularly.	It has plenty of parking, looks nice and bright.		Your plan shows one the one small traffic exit, right by the stoplight and pssing the Fire and Ambulance driveways. You might want a second exit off the property.	Lambton Shores	N0M1T0
7	walking	track			Lambton Shores	N0M1T0

7	I would use it for personal health, community gatherings, and directing people to public spaces that are available. Better use in the winter due to lack of walking-distance facilities in town.	The walking distance to the facility and inclusion of a walking track for retirees.	Designed parking spaces that exclude non-facility users like tourists parking for the beach at the location (i.e. signage and involved of by-law). Try to build a connection with those using outdoor facilities like trails, skatepark, playground.	<p>I wish council made contact with the grand bend arts center and those who made the baseball field memorial for the kid in town prior to proposing the community center there. It has been a difficult topic for all to discuss.</p> <p>Even suggesting the put the community center in the name of the child will be more accepting. I also wish the outdoor facilities were taken into account for the development of the community center - outdoor is just as important as indoor. As someone trying to revitalize the skatepark, it's difficult to navigate the steps when it is excluded from the conversation, yet being built next door.</p> <p>Overall, glad the planners listened to the ideas about the walking track, gyms, and increase fitness center areas. Highly suggesting that we maintain relationships with those creating the center and shifting our help to also protect the art center and commemorate the field dedicated to the kid.</p> <p>The only challenge with the whole development of this center is the lack of input from young people who will be creating families in Grand Bend in the next 20-30 years. Past consultants have yet to find ways to actively include youth and young adults under 40 in this particular topic.</p>	Lambton Shores	N0M1T0
6					Lambton Shores	N0M1T0
6	No		We could use the Legacy centre in Thedford rather than build a new centre. I feel the funds could be put to better use like health care.	See above	Lambton Shores	N0M1T0
6	Probably use the walking track	It's needed in the community. Don't have anything that can accommodate larger events.	Would be nice to eventually have a pool and arena. If there is space to add this on later.		Lambton Shores	N0m1t0
6	I would love to see things like optimists running things like basketball, volleyball and soccer camps like they do in Forest for the kids. I would also have liked to see a pool in place of the pickleball - I feel like we have already accommodated pickleball players with the Klondike area.	Location	Less focus on pickleball - I am not sure able to longevity of the sport - albeit its popular now, but who knows if it will stay as popular. But as long as the gym space can be used for multiple activities not only pickleball then I'd be ok with it.		Lambton Shores	N0M1T0
6	Walking track, sports facility - volleyball or pickleball	Walking track	We need more childcare in our community. The best start program has over a 12 month wait and it a very small space indoor and out. Zurich and Exeter have beautiful facilities outside of the schools.	We need to support young families in this community.	Lambton Shores	N0M1T0
6	Fitness	The design is SHARP!	Change location out of core GB area to somewhere like Klondyke sports park. More accessible there, more room for further growth also IMO.	Final decision AFTER provincial funding is secured?	Lambton Shores	N0M1T0
6	Excercise, library		we need more arts and culture. The art centre is a very important part of grand bend and area	Im sorry that it has to be where the ball field is	Lambton Shores	N0M1T0
6	Walking track and library	Gym, walking track	Seems like an excess of meeting rooms?		Lambton Shores	N0m1t0
6	Walking track and fitness - meeting space and community events	accessibility	Would like an Arts and Culture space to be included, especially with the loss of the Art Centre. I had hoped for a community pool so I am disappointed not to have that	Please ensure our rich history of arts and culture is incorporated in this space	Lambton Shores	N0M1T0
6	Community activities. Pickleball. Library.	Location. Walkable.	Hockey/skating rink.	Much needed facility...but needs an ice rink.	Lambton Shores	N0m1t0

6	pickleball, walking track, library, makers room for paint classes, pottery etc	location, outdoor kitchen, indoor social space for events	<p>Yes. As a previous member of the Accessibility Committee of Lambton Shores, I would like to see an area for persons with disabilities specifically incorporated as part of the "makers area". I support this as disability needs are being minimally incorporated into the design, and could be expanded. Q: WAS THE ACCESSIBILITY COMMITTEE OR LOCAL PERSONS WITH DISABILITIES INCLUDED IN THE DESIGN?</p> <p>Not only for our current residents, but considering the number of seniors, families etc who will move into the area as GB expands. Considering the current Grand Bend Arts Centre is being removed for parking, I propose that the arts centre program be incorporated with the makers room. This would allow for kids to continue to attend camps (could be expanded from current numbers). The Grand Bend Arts Centre would then continue as an integral part of our community for the classes they now provide! The benefit of art, music and social activities has been researched to demonstrate success.</p>	See above. The location is great. The outdoor and indoor kitchens are also appreciated. The proposed facility will be a welcome addition to our town. Thanks!	Lambton Shores	N0M1T0
6	I'm not sure that I would use it.	Gym	Location. I don't think the Grand Bend should lose the ball diamond, park and outdoor space that is at this location.	Why is the library moving? Is this something the existing library and school are on board with? It seems that the shared library space at the school has been a great success.	Lambton Shores	n0m1t0
5	Exercise	The concept	Add pool for lane swims, aquafit, swim lessons		Lambton Shores	N0M1T0
5	At this junction in my life I see no participation at the community centre, unless it is to borrow a book. None of the services are required by me.	Modern, multipurpose.	Unknown at this time	Both look well thought out. How is the design for utilizing energy efficiently. Is the facility easy to clean? Would the facility take away any customer base from current local businesses? Who would operate the community centre?	Lambton Shores	N0M1T0
5	I don't think I would		I think it needs to be more geared towards children in the area. Swimming pool, ice rink, ext		South Huron	N0M1T0
5	Sports activities and gathering location. Possibly walking track	Gymnasium	Pool, and rink		Lambton Shores	N0m1T0
5		I like the idea of including the library.		Are there plans to move the ball diamond to a different location? What happens to the trees and dedication rocks that were placed in that area?	Lambton Shores	N0M1T0
5	I wouldn't as traffic is too bad in the Summer to drive into town	won't use so no opinion	somewhere where it is easier to access in the Summer tourist traffic	It should be all user pay and my taxes should not pay any if traffic prevents me from using	Lambton Shores	n0m1t0
5	Walking track, library, hopefully future children's activities and events.	A proper space to hold markers and events.	The location is horrible! Leaves no room for expansion later on, traffic is already too congested with one entrance. I've lived in GB all of my 35 years. Let's keep a little bit of small town charm. The tourists will hardly use the facility.	The design and layout looks great. A different location could allow for the potential of an ice rink or indoor pool. Both would be utilized during daytime hours with the retirees in the GB community. Leaving the peak evening hours and weekends for families to enjoy.	Lambton Shores	N0M1T0
5	Unknown, will compete with Legion and existing Pickle ball courts recently built with taxpayer money.	Looks lovely but with a 20 Million dollar price tag of taxpayers money it is quite extreme.	Not build it because there is a newly renovated Legion next door that can be used. The library is already in a great location with the school and Grand Bend has walking paths everywhere already with beautiful scenery.	It's beautiful if you have an unlimited budget but as a taxpayer I feel my tax contributions are desperately needed for healthcare!	Lambton Shores	N0M1T0
5	To play pickleball and my son would play basketball	Gym space for sports	Looks way too modern. It is not a lakeside town design.	I would consider approaching the current gym owners about moving the gym to that new space. Then it is a workout facility with walking track and sports. The proposed location is great for us as it is in walking distance of home	Lambton Shores	N0M1T0

5	I likely would not use it unless you create a room to hold smaller special events. Like day retreats for 25-50 ppl.	The look of the building is stunning.	<p>the following in this town:</p> <p>*smaller space to hold smaller events/activities like wellness retreats, senior's activity centre, arts centre, etc. .</p> <p>*daycare space</p> <p>*dog park outside</p> <p>*salt water pool</p> <p>You will make money back on 3 out of 4 of these things. Please consider breaking up the large space so that there are more options for different types of activities. We need to ensure that this building meets the needs of a diverse range of activities instead of just a few.</p> <p>Not considering these options while we have a chance to do it right is such a shame. Please look at where the needs are in the community before finalizing this plan. The items I listed above have been concerned from many many years for Grand Bend citizens with no solution available. This is the chance we have to rectify the situations listed above.</p>	<p>Yes! There is a HUGE need for the following in this town:</p> <p>*smaller space to hold smaller events/activities like wellness retreats, senior's activity centre, arts centre, etc. .</p> <p>*daycare space</p> <p>*dog park outside</p> <p>*salt water pool</p> <p>You will make money back on 3 out of 4 of these things. Please consider breaking up the large space so that there are more options for different types of activities. We need to ensure that this building meets the needs of a diverse range of activities instead of just a few.</p> <p>Not considering these options while we have a chance to do it right is such a shame. Please look at where the needs are in the community before finalizing this plan. The items I listed above have been concerned from many many years for Grand Bend citizens with no solution available. This is the chance we have to rectify the situations listed above.</p>	Lambton Shores	N0M1T0
5	This might be the biggest issue I have with the concept. Building looks great but what is there in in for the young families in our town. I am all for a long overdue community center but I believe it should incorporate things that would attract younger families to the area.	Big area for events gatherings, and finally spending some big tax dollars in the area that brings the most to the municipality.	<p>Yes, more things to attract young families. A couple years ago the optimist proposed a community center with outdoor skating rink/ multi purpose pad. Concept drawings would likley come in under the budget of the proposed building.</p>	<p>Very nice building. I think for the money being spent the community center with outdoor skating rink/ multi purpose pad is just as good of option. I would be curious if the two concepts went for a vote which would win in the court of public opinion.</p> <p>One another note, the marina is in desperate need of an upgrade. Not sure what land the town owns down there but build something state of the art that would attract people and service the community. Our harbour is an embarrassment compared to other towns of similar size. Generally very happy money is being spent in our town I just want it to be spent wisely.</p>	Lambton Shores	N0M1T0
5	Library and perhaps some senior functions.	I am ambivalent to most of the proposal. This does not excite me too much.	<p>Location - Too many valuable existing facilities would be lost with the current proposal. Floodplain issues may not exist elsewhere (e.g. Klondike Park). Why provide exercise facilities (cost???) when there are existing private businesses doing so?</p>	<p>The "relevant links and resources" on the municipal website do not work. \$1.3MM on unidentified expenditures? Seems excessive and</p>	Lambton Shores	N0M1T0

5	I'm not sure I would use it.	Spaces for community to gather for meetings	I think the location is totally wrong. This is an area that already is crammed for space. Where are the tax dollars coming from for this project? Huron county or Lambton? Too close to Huron if they're not contributing! I'm driving 6 km to use it while others in Huron are driving .5km to use it. No, not supporting that! Lots of land to the south. Build it by the pickle ball field. There's ample space for parking, and open space for larger summer events that could take place outside of the community centre. For example antique car shows, community BBQ's, weddings, and other events. We need to remove things from the summer traffic congestion rather than add to it. Grand bend is already too crowded in that area. Why would anyone think that building in this congested area would be a good idea? This is the most ridiculous planning I've seen. The second is the Main Street where someone in their wisdom....we all know who...decided to put huge intrusive planters at corners impeding on view and making really tight corners for trucks and RV's, and making the		Lambton Shores	N0M1T0
5	Library and walking track. I do not play pickleball.	The design aesthetic.	Include art centre, art gallery space, add pool or arena, make multipurpose gymnasium. Why are so many meeting rooms needed?	I wonder about the flood plain, the impact of the loss of the baseball diamond, and the implications for my taxes as this is a small community.	Lambton Shores	N0M1T0
5	Walking track, pickleball	Walking track	Add a pool	Seems like more of a banquet facility	Lambton Shores	N0M1T0
5			Add hockey rink		Lambton Shores	N0m1t0
5	A gathering place, busy with creativity, food, learning and sports, with flexibility for a 500 seat event	the location		be unique, be user friendly, I think it should host a tourism info centre. As well as a sizable gallery store for international local creatives, include music ... sound proof room. Be a place to participate not just look. Make room for a proper loading dock for large vehicles to accommodate large event retailers	Lambton Shores	N0M1T0
4	Walking track.		Add a pool		Lambton Shores	N0M1T0
4	Maybe walk the track / indoor fitness class n winter	Space for indoor weight and cardio classes	Covered outdoor space for outdoor fitness classes	I noticed the current outdoor pavilion is replaced with parking spaces and I don't see a new outdoor pavilion	Lambton Shores	N0M1T0
4	Recreation	The walking track	Add a Football field outside	No	Lambton Shores	N0M1T0
4	I wouldnt we have two other arenas that are costing us the taxpayer more than we make to cover costs	Street appeal but at a high cost and bad location summer traffic	Cancel too much money how will affect our taxes	No	Lambton Shores	N0m1t0
4	Ice surface, indoor activities for kids, pool, etc	Library	Add more usage		Lambton Shores	N0M1T0
4	Facilities should incorporate the varied needs and desires of the residents. I don t believe we need a library in our technical digital world.  If we have to close the GBAC and tear it down, we should incorporate the programs into the new facility. Thats a definite. You should be looking at children's programs, as well as adult programs that should play a significant role in the new facility!!	Health amd exercise emphasis, as well as using part for creative arts, etc.	Yes. More programs slated for children in creative thinking and technical No pool, no skating arena, no parks for the kids, no curling. What the hell??	What are you doing putting a new bridge that will facilitate better transportation for residents and visitors and then putting a Community Centre that will stifle the flow of the traffic again and make it even worse. Think people thnk!!!!	Lambton Shores	N0M1T0
3	Not likely to be used by me personally at all.	Library	Outdoor artificial ice rink as that was the original thoughts that was needed for the area. Also an indoor or outdoor pool as there are only current pools at motels nothing public	I think 19 million is a large sum for indoor pickleball courts. There are current pickleball courts that are at Klondyke soccer fields. Not sure how many pickleball people are around year round to use the courts. I feel an outdoor ice rink would benefit better as it is a winter sport and I feel that pickleball could be a summer sport and I believe Oakwood has current indoor pickleball courts.	Lambton Shores	N0m1t0
3	I would not have use for this center, unless to attend a large meeting	Exercise area so I don't have to join a gym	layout has too much waste space, that just adds to cost	Where is all the money coming from, taxes too high now	Lambton Shores	N0M1T0

3	Not sure how I would use. The walking track would be good especially in the winter. The library would be nice. The rest would be really not too interesting. Looks like a big gym that will likely get sucked up with pickleball time. Many meeting rooms for something...	Walking track and library are the only things I would use.	Location. This is the worst location you could choose. It will be hidden from sight way in the back behind the legion. Getting in and out will be a nightmare as the entrance is too close to the main intersection. Has anybody considered the trailer park directly beside the centre? This already cost taxpayers 600k to move and rebuild pickleball courts on the edge of town. How will Lambton Shores deal with future noise complaints from the campers? This should built on hwy 81 across from Shoppers/Sobeys or just a bit further east. This would provide access and good visibility. It feels like this is being pushed through by Lambton Shores Council regardless of the taxpayers wishes. I think the facility could provide more than a huge gym, library, and walking track. Grand Bend provides a huge tax base and very little to show for it.	No pool, no work out facility, no rink. If it's going to be built in place of the ball diamond make it a box and save the money as nobody will see it and we don't need a fancy looking building that is hidden from the public.	Lambton Shores	N0M1T0
3	Would not use	Not much really	Build it elsewhere	Think more about what the community needs	Lambton Shores	N0M1T0
3	attend fitness classes		relocate it elsewhere	destroying the ball diamond, art center play ground and basketball court is denying local children and youth access to facilities that are walkable in favor. A community Center should serve ALL members of the community but especially children and youth!	South Huron	N0M1T0
2	I would be unable to get there in the summer to even use it.	Walking track	Remove the public library. Its almost 2025. This is the digital age and libraries are becoming obsolete. Think of the future.	This should be located off Klondyke rd. Its bad enough with the summer traffic. I would not be able to use this on summer weekends.	Lambton Shores	N0M1T0
2	Possibly the gymnasium	Not much	Size of the kitchen. All the cut off rooms upstairs.	<p>The location is awful. Municipal drive is a nightmare in the summer time. No one will have any parking. Even with the by-law trying to enforce it. They aren't towing. A mere ticket won't do anything.</p> <p>The gymnasium is only good if no one is playing pickleball. Not much has been added for the abundance of children in the area.</p> <p>It has an absurd sized kitchen area, where most places in Grand Bend already have clubhouses and other things that can do the same thing. Once the kitchen is rented out, the whole area can't be used.</p> <p>No ice rink, no sign of an outdoor play area for children. There won't be any room if it's on municipal drive. It looks like a lot of money for not the right demographic that would be using it. No larger gym area for the community. The walking track is great in the winter months, but the people that would use it generally go south in the winter.</p> <p>To sum it up, I don't see myself with my 3 children ever using it. It's a waste of money. The children and younger demographic were not taken into consideration. A pickleball court was just built for that demographic and they now have more facilities made for them.</p>	Lambton Shores	N0m1t0
2	For the library	Location in town	It needs either a rink or pool, we already have gym space and a library at Grand Bend School.	I like the exterior cladding choices.	Lambton Shores	N0M1T0
2	I wouldn't use this facility	It's a waste of space and money.	The location.	What happens to the library we already have. This is a huge expense.	Lambton Shores	N0m1t0
2	I don't think I would use it. It doesn't include anything of interest to me		I would have built a rink.		Lambton Shores	N0m1t0
2	No real use for young families with children. Baseball field and park is better.	I don't see any real benefits for young families	Different location. More activities for kids and families. We already have a library and gym.	Please put something useful in that does not remove existing recreational facilities	Lambton Shores	N0M1T0

2	Events, somewhere else	large community use but you are taking away a ball field that was used by the community and still is almost every time I am near there.	THE LOCATION!!! already a terribly accessed site and to take away the baseball field?? Such a bad idea	move the facility, taking away a field. Will cause accidents upon access	Lambton Shores	N0M1T0
2	I wouldnt sadly has nothing to offer me	I dont like it and i dont like the location of it in town	Hockey arena or pool is needed. Dont we already have pickle ball courts. How many do we need? What a joke	Seems like a pickle baller has a hard on for making grand bend the best pickle ball location in the world.... how about we bring in a hockey rink to accommodate the young people. In the summer the hockey rink could be a roller rink! Or host large dances when no ice. Or what about a POOL is great exercise for young and old.  This 20 million dollar center as proposed seems like its only good for 20 people..... its not a community center.	Lambton Shores	N0m1t0
2	The facility should be more focused on activity and less on sit around stuff like meetings.  An ICE RINK is a MUST if we are spending \$20 million.	I like the courts, but they should be multi purpose - badminton/volleyball/pickleball.  This also means proper (high) ceiling height for badminton and volleyball.	100% it should have an ice rink or twin pad. These are foundational to small communities all across Canada. It would create a winter tourist draw with tournaments, and encourage young families to migrate to the area, becoming long term taxpayers.  Waterloo has a 200m walking/running path elevated above one of their ice pads. The 100m proposed here is no where near long enough.  We should also expand the facility vertically to reduce costs. Library and meeting rooms work well upstairs, leaving ground floor for more active activities.  A modular plan that allows a pool later could be interesting.	A full gym should also be studied to see what kind of revenue it would bring in if added. Rental suites for massage therapists and physio therapy could also massively subsidize operating costs.  What about adding a few dual purpose squash/rackeballl courts ? These should be a relatively inexpensive addition.  Is there room outside for future additions like tennis courts?  Finally - we have what - 500 new homes coming between Oakwood and Sobeys? Special development charges levied on these \$800k-\$1M homes could pay for the additional items I'm proposing for this facility ENTIRELY.  A twinpad WOULD put Grand Bend on the proverbial map for a lot of young families currently in big cities like Woodstock, London, Cambridge and KW.	Lambton Shores	N0M1T0
2	I simply wouldn't. We have a local gym. Libraries, while great spaces for social interaction and programming for children, the usage of a library is minimal in society these days.	The only space I can get behind is the space for general usage and perhaps a kitchen and bar space. Which is a great combination with an ice rink. And I can say that the adults in this town would be renting this space on days that it isn't in use. Lots of adult hockey players are looking for a place to get together and toss a puck around.	As an adult I can guarantee you would be rented out every day that it isn't in use. Lots of adult hockey players are looking for a place to get together and toss a puck around. Hockey tournaments would definitely bring in income for our little town and even if it was semi organized hockey tournaments, people will need places to stay, eat, and shop while they're in town. They will walk or drive down to the beach and possibly stop at local businesses along their route.	I truly think you're looking to serve the wrong population. You need to bring back things to do in this town for your middle aged and younger population. Your small town is changing. It's growing and it's adapting. Feed your business how you can in the winter. Winter acrivities for all ages. Skating. Hockey. Cover the ice in the summer and switch activities. The families are coming here with the growing and changing. The young people work here. And if you made staying in the winter more appealing, they would stay.	Lambton Shores	N0M1T0
2	Would use the walking area and exercise machines. It ms add kid hood to have an venture to accommodate up to 400 people	Nothing. It's not required at this time	The proposed location is terrible. Much too close to the downtown. That area is already congested with traffic. The parking would be taken by visitors to the town/beach which we enjoy having them . Let's not compete with that!	It's nice, but not needed right now. Let's consider the space by the ball /soccer area  Perhaps get rid of the street parking on Main Street and provide parking elsewhere and have a continuous trolly to transport people to the downtown and beach locations  Let get smarter with realistic goals! We have great facilities within reasonable driving distance to utilize (Thedford, Forest)  It's said these are the expectations of those "city folks moving in from Toronto, etc).  I understand and appreciate GB is growing but this plan in the proposed location at this time is wrong.	Lambton Shores	N0M1T0

1	Gym equipment, walking track and library.	The design is stunning.	Engage other design studios for a possible lower cost solution.	\$10 Million (if we get the provincial funding) is way out of reach for a community our size for the limited number of features it provides. EVERY public funded project runs over estimates by considerable amounts. Double? Triple? The property tax increase necessary to support this project has not been presented and would be helpful for the public to know.	Lambton Shores	N0M1T0
1	Not a chance	Nothing, waste of money.	Cancel the entire project	Not required. We currently have two underused community centres in Lambton Shores	Grand Bend	N0m1t0
1	Probably not much at all. It's basically useless	The gym area	It definitely needs an ice pad for sure. We have restaurants and hotel accommodations to support events. A pool isn't out of the question either. Both of these options would bring in revenue to the facility and town. Basically none of your proposed options generate anything. You people are morons.	See above	Lambton Shores	N0m1t0
1	Never, Never , in a Million Years.	Nothing, a waste of money that should be used for necessities elsewhere.	Forget about it. Instead donate to the local legion. Or improve not take away existing recreation areas.	Not required. Lambton Shores currently has two underused community centres.	Grand Bend	N0M1T0
1	Possibly the library and walking track	I think it's a good fit for the library and an indoor walking track would be beneficial to the community.	The pickle ball courts appear to be the main intended use of the gym facility with an observation area and change rooms. It appears the municipality has an obsession with this limited sport as you also built courts at Klondyke. Have you considered the noise levels in an indoor area. Only a small percentage of taxpayers in GB will play this sport and you have eliminated shuffleboard which may be more user friendly for an older population. How will you keep beach goers from using the 177 parking spots.	I am 76 and have paid taxes in the municipality for approximately 50 years and I see little use for myself or the senior population. Why the obsession with pickle ball and not more emphasis on older seniors with limited abilities. How much of that meeting and venue space will be used? This facility is a waste of my taxpayer dollars and serves little use to myself and the senior community.	Lambton Shores	N0M1T0
1	maybe pickleball courts	location	adding an indoor ice rink	was the ball diamond being used and if so is it being relocated ?	Lambton Shores	n0m1t0
1	its not needed.. money wasted on space we already have.. and now the art centre has to move and the ball diamonds ... just for meeting spaces. and a walking path when it doesnt even snow much plus ppl can walk indoors in a lot of other places in town,,it also takes away from small business like the grand bend Gym.	nothing	spend money on something more practical like an arena..would bring more money into the community and still can be uses for other things in the summer months.	Its not a good use of money spent	Lambton Shores	N0M1T0
1	I wouldn't	Nothing	You need to make it more attractive, right now it's not going to make money. Put an ice pad in and host tournamens.	It's a waste of money	Lambton Shores	N0m1t0
1	Pickleball	Courts	Yes. Why does the outside have to be so fancy. Let's improve the amenities and cut costs on what the building looks like. Also a squash court should be added		Lambton Shores	N0m1t0
1	NOT	Nothing	Get rid of it. You are appealing the minority	My taxes can't afford this	Lambton Shores	N0M1T0
1	It seems that you just need a new library. The rest of the space is just unusable by most people. Very expensive walking track.	Very unsatisfactory.	You could do a Y version where affordable fitness,child indoor gym and fitness classes. GBACHC runs class- combine their services for a bigger facility. Side by side almost- the new building seems like a waste of money as it really offers nothing. We are retired here but don't see a use for this space. Will continue to drive out of town for exercise	Just build a library	Lambton Shores	N0M1T0

1	I will never use it ☹️	Nothing!!! An absolute waste of my tax dollars!!!	Pool and arena needed not meeting rooms!!	My tax dollars are not going where I want them to. This is a disgusting waste of money. Why was I not informed of losing our ball diamond? Why do we need more meeting space? Where is the pool and hockey arena that was promised? Our council absolutely need their heads examined and need to listen to the people and taxpayers before plunging ahead with this ridiculous plan ☹️ Sooooo angry I feel like moving out of Grand Bend 🤔 How about you listen and hear Larry Whiting!!!!	Lambton Shores	N0M1T0
1	Walk around the track !	Nothing	Add a pool	Why do we need a 400 seat facility. Doubt we have any meetings now that use that much space. We need a pool. Very short sighted not to have one given the increased population that's coming . Where is the ball park going to be relocated ? How often do you really think an outdoor bbq will be used . Seems like the money is not being spent to address the proper needs.	Lambton Shores	N0M1T0
1	I wouldn't. I already use the services it will offer elsewhere in the municipality.	The walking track.	The location first and foremost. I'm disgusted with this council for even considering this. Taking the library from the school is awful.	Location is the idiotic. Clearly a cidiot planned it, not those that know the history of the location and use the area regularly. Again, it's shameful to take the library from our kids. And the fact that this municipality cannot take care of any of the facilities it currently has, this will just be another decrepit building managed by lambton shores (unless of course, you look at the palace on the hill in Northville - that budget is endless). We have all the services we require in the municipality. This isn't servicing anything extra, except more debt and higher taxes. Perhaps if we didn't spend millions on two empty banks and a BS washroom that was put in backwards (and is already an utter embarrassment to the town) we would have a little extra in the bank for COMMUNITY projects.	Lambton Shores	N0M1T0
1	no outside refrigerator ice surface no room for expansion	nothing	different location	more kids stuff it to much like a seniors building (ice surface,swimming,youth centre etc.)	Lambton Shores	n0m1t0
1	I wouldn't. Again, it is for the seniors. Another fricken bunch of pickle ball nets at the taxpayers expense. Have you visited our public library. NO ONE goes in there. But let's make an even bigger one that will sit empty. Awesome plan.	Nothing.	I would stop catering to the seniors and take a look at what the FAMILIES in this community need.	See above. I am disgusted by this plan.	Lambton Shores	N0m1t0
1	I don't see how this is useful in the least. We need something for families to use besides a library. A rink, a reasonable fitness facility with a gym for kids to have activities (not using the public school..). I can't fathom how spending 18 million on what is laid out is being supported. We need facilities here in grand bend wheee the tax base is instead of us funding other projects and facilities outside our town. These need to be geared to the whole community not just older retirees	Nothing	Start over	Too expensive for what is proposed, how much is this going to cost to operate?	Lambton Shores	N0m1t0
1	Would not	Nothing	Location and design, can be built for way cheaper	Change design, can be done cheaper	Bluewater	N0M1T0
1	I wouldn't use it and would miss the ball park	Nothing except walking track	Location and need an ice pad more than anything	The location is in a floodplain, you are removing a ball park many of us locals use, we need an arena Traffic onto and off of both roads are already a bad issue and this will make if worse. It's actually dangerous the way the town is set up if beach evacuation was every necessary or they have to save someone at the beach.	Lambton Shores	N0M1T0
1	Wouldn't not at all. Rather have this property remain in its current use.	Nothing, not required, Lambton Shores currently has two under utilized community centres.	Abandon even thinking about it! Not required period.	Dumb even the thought. Not required!	Lambton Shores	N0M1T0
1			The location	Not at all a good location for this facility. I'm all for the building....just not the location.	Bluewater	N0M1T0
1		Nothing	It. Needs to be more natural in design not modern		Lambton Shores	N0M1T0
1	Indoor walking and possible excersice classes.	Indoor walking track	Make it smaller and a location that does not include things away . Example baseball fields, Art Centre, outdoor shuffleboard.	Choose a location like the open ( not already used) field on Hwy 21 beside Rona. Make a small centre. This way everyone gets to keep all the existing activity fields, arts and things along with enjoying new with the new build.	Lambton Shores	N0M1T0
1	not	none	location	Who is going to operate the facility	Lambton Shores	N0M1T0
1	Wouldn't	Nothing	Lots! Requires ice surface, or pool	Designed for seniors, nothing for families	Lambton Shores	N0M1T0

1	will not use	nothing	location	the budget to low to build this building and all new staff to operate it	Lambton Shores	N0M1T0
1	It will not be used as currently designed. The gym/court space would compete with itself. Difficult to book say basketball court over pickleball?	Nothing ... the design does not suit the community. It will be like the \$500,000.00 washroom .	location, overall concept ,	The Center competes with the legion and other smaller venues for the community support and involvement.	Lambton Shores	N0M1T0
1	It would be of no use to me.	Nothing	A swimming pool should be the main component of a Community Centre for Grand Bend. The closest facility is Vanastra where they have a vibrant swim club and open swim times for the community. It is a modest pool. Perhaps members of council could visit to see what is possible. A swimming pool would draw people from the surrounding areas where there are currently no other community centre pools. The proposed centre has many meeting rooms. We have other facilities in the GB area, such as churches and the school that could provide meeting rooms. Rather than building more empty rooms perhaps a list of available spaces could be generated	Please listen to the people in the community. We have wanted a Community Centre for many years. A pool has always been high on the list as people discuss what Grand Bend needs. As a beach community water safety should be a priority. Parents currently have to find swimming lessons in the surrounding area at private pools. A modest pool, a meeting rooms/small gym...all could be in a proposed community centre. The proposed location is in an area that should remain as green space and ball diamond. Find a location that would have ample parking and easy access.	Lambton Shores	N0M1T0
1	Do not and would not. What a waste of needed elsewhere funds.	Nothing	Forget about it	We currently have two underused community centers in Lambton Shores. Why waste more funds that would be better used elsewhere.	Grand Bend	N0m1t0
1	I don't think I would utilize this, it has nothing to offer me	I don't like anything about it. I think it's being put in the wrong spot, we already struggle with traffic, and this will make it worse. Not to mention losing the baseball diamond.	Add a swimming pool and put it somewhere else that can accommodate the traffic.	The optimist club had tried for years to get a community type building/ice rink and were told repeatedly that they could not use the land, now its ok to change it?????????	Lambton Shores	N0M1T0
1	Noting in this new facility that is not already here.	Nothing	The space should be utilized for an indoor pool or arena. The demographics of Grand Bend have changed. There is nothing in this plan that is not already available within a 20 minute drive. A library, terrible idea not only do people not utilize libraries anymore. There is one already across the road at the public school. Gym... there is already a private gym that is not funded by the municipality. This is terrible planning that has not been thought through. It appears there was money left over and council decided to burn it on a legacy piece.	An indoor pool would turn Grand Bend into a 4 season town and increase revenue for businesses.	Lambton Shores	N0m1t0
1	No use for the facility	Location	Add hockey arena, fitness centre. Pool would be ideal	This facility does not meet the needs of a community that is becoming more family oriented year round	Lambton Shores	N0M1T0
1			yes, we need a fitness gym and an ice rink that is useful for families, not just seniors		South Huron	N0M1T0
1	I wouldn't for their is nothing I could find that was for disabled people	It is to included many things	Have the facility be disabled friendly	see above	South Huron	N0M1T0
8	Meetings, events, walking track, exercise and sports, ...	Location - easily accessible, central location.			South Huron	N0M1T0
7	The walking track	That we are actually finally getting a community center. I like that it is central and walkable	A curling rink would be nice	No	Lambton Shores	N0M1T0
5	For exercise	Walking track			Lambton Shores	N0M1T0
5	Walking track, rent a room fir event	Walking track	Location due to traffic issues	Area will be too busy to handle traffic...too close to the four corners	Lambton Shores	N0M1T0
5	I believe the large multipurpose area should be a convertible ice for hockey. We need to think about the future of this town and making it 4 seasons.	It covers the other items needed. Spaces that can be used for multiple purposes and in multiple ways.	Yes, the 4 seasons need to be considered with the use of this building.	I think it has a nice look but traffic flow needs to be a strong aspect in this plan.	Lambton Shores	N0M1T0

4	Beautiful structure, Skinner is an incredible architect but this NEED an ice rink, Grand bend is booming and growing with young families. This process start 5 years ago?? The town is changing FAST, and need to accommodating for the families of the future. Small towns need ice rinks, this would help drive tournaments and winter tourism!	<p>Nice design, Gym is useful.</p> <p>Library is positive; as long as this opens up space at the school for larger day care facilities. This years Kindergarten program has 45 kids, and the day care only accommodate 15. This is a major problem for young families try to grow routes here. We need large childcare facilities.</p> <p>This town council/staff need to focus on the future of this town, not a survey's that started 5 years ago. Its taken WAY to long to get here, and the needs of the community are surpassing this towns ability to get things done.</p>	ICE RINK - NEED AN ICE RINK.	ADD an ice rink to the South side!!	Lambton Shores	n0m1t0
3	Bad location, competition for a local business, I do not agree with. Too expensive	Moving the library makes sense.	Half the price. Something for kids. Seems it is geared for the aging generation	Way to much money. We are taxed way too much already. A lot of people avoid Grand Bend in the summer, so putting it in such a congested party makes no sense	Lambton Shores	N0M1T0
1					Lambton Shores	N0M1T0
1	No use for the facility in it's current design	Location	Needs either an arena or pool	There is very little community value for what is included here. It does not include the right facilities for families and seems to only cater to the geriatric members of the community. Waste of tax payer dollars in the current design	Lambton Shores	n0m1t0
1	We already have a library snd meeting spaces and parking lots for markets we don't need to spend millions of dollars on a building that will operate in the negative. While decimating memorial trees, a ball Dimond and an art center.	There is nothing that stands out.	The location should be moved to Klondike Park where a sports plex is already underway. Include more opportunities for gymnastics and dance with spring floors or volleyball possibly a proper indoor soccer facility.	The location and opportunity for more pickleball courts, albeit indoor only cater to the retired population and disregard our growing population of younger families and large soccer population who could benefit from more gymnastics/dance/indoor soccer opportunities.	Lambton Shores	N0M1T0
1	I wouldn't. we just built 4 pickleball courts last year. this is just a large pickle ball facility. Everything in this building already exists in grandbend.	nothing. waste of my money	yes. not build it at all. you would be better off building a soccer facility and using klondike park. if grand bend wants indoor pickleball but some walls up around the one you just built	extremely poor location for a useless building. lambton shores does not revolve around grandbend and it's pickle ball obsessions. don't waste the money.	Lambton Shores	N0M1T0
1	It is missing things I would use, it is small, and the access/traffic is an issue. Losing the baseball field and art center is very sad for so many.	A good idea but a small vision. I would rather see a larger more accessible mixed use facility located out main St east. A bigger plan that serves the community with library and meeting space but also is an attraction that can host sports tournaments with ice surface, gym and pool.	Location, size, facilities.	A bigger community center on a property with room to grow in the future would serve the community and surrounding areas much better. A mixed use facility would also provide more opportunity to offset and share costs with other organizations, governments and programs.	Lambton Shores	N0M1T0
1	There is nothing for me to use in the facility	Bigger library	Add a indoor pool, ice rink, larger gym	Nothing for children we need this	Lambton Shores	N0M1T0
1	Probably wouldn't	I like the idea of the public library out of the school and in it's own public building. The public shouldn't be entering a school where children are learning. Too much risk this day and age.	it appears to be a big building with not much being used inside. I was of the understanding the community requested an indoor public pool and an ice rink. But neither of these are mentioned. An indoor pool would be a great asset used by young and old. I'm sure the school would utilize it also. The outdoor rink idea with artificial ice would be a nice touch and something that other communities in the area do not have. There are an abundance of short term rentals in Grand Bend now, but what is there for them to do when they get here, especially in the winter. The Pinery has activities but most are dependent on snow, which hasn't been very dependable for many years. I realize both the pool and the rink require staff to maintain them which requires funding every year. The center in this proposal appears that it will be empty most of the time, except when the pickle ball players are there and the library is open. Also the location picked for the center is not a good choice in my opinion. Not only are you taking away the ball diamond, the basket ball court, the childrens playground	I have already answered this in the previous question.  I'm sorry for being negative about the proposed plan. It looks like the building design is interesting and modern looking. But I believe you have missed what the people want in their community center.	Lambton Shores	N0M1T0

1	I don't think myself or my family would use this facility	I like the look of it. But I do not like the function of it.	<p>res. Any community centre in small town Ontario should have an Ice Rink. I don't believe that any part of this proposed facility caters to the growing population of Grand Bend. There are tonnes of new families moving to town and there are absolutely no services for us. It seems everything in this town is geared toward the elderly demographic and that simply is not the only demographic that lives here. Surely with a community GROWING we need to offer facilities to support families.</p> <p>Not to mention trying to support our small businesses in the winter season- where a ice rink would bring in tourism all year round allowing these businesses to stay open and serve the community all year.</p> <p>As a young family we have to travel to surrounding areas for winter sports as there isn't anything offered in Grand bend for our families.</p> <p>Also would like to mention the lack of daycare services in the community. The daycare at the school has an extensive waitlist (over 1000 kids on the list).</p>	Further to the above comments I think that the location makes sense but it's very unfortunate that a baseball diamond (again something that young families can enjoy). Would be replaced by something that caters to the elderly demographic.	Lambton Shores	N0m1t0
1	I wouldn't use this facility, it hasn't a thing to offer myself or bring in revenue to the community.	Nothing	<p>I would change it's location, nice for people who can walk to this facility but in the summer months it's a logistical nightmare.</p> <p>I would add a proper gym, the gym in Grand Bend is a joke with terrible parking as well.</p> <p>I would omit a Library, they bring in zero revenue and are a waste of space, they have become shelters for the homeless and are empty 95% of the time.</p> <p>There are meeting spaces all over this county, and everyone who lives here owns a bbq, why do we need an outdoor kitchen, are we going to serve food and snacks for increased revenue, the concept is flawed and will increase taxes on the backs of residents at a time most people can least afford it.</p>	<p>I would change it's location, nice for people who can walk to this facility but in the summer months it's a logistical nightmare.</p> <p>I would add a proper gym, the gym in Grand Bend is a joke with terrible parking as well.</p> <p>I would omit a Library, they bring in zero revenue and are a waste of space, they have become shelters for the homeless and are empty 95% of the time.</p> <p>There are meeting spaces all over this county, and everyone who lives here owns a bbq, why do we need an outdoor kitchen, are we going to serve food and snacks for increased revenue, the concept is flawed and will increase taxes on the backs of residents at a time most people can least afford it.</p>	Lambton Shores	N0M1T0
6			The proposed location of development.	The proposed building looks amazing. I don't believe removing the ball diamond and every associated with it is the proper thing to do.	Middlesex	N0m2j0

6	We would use the walking track and gym equipment, also the court area would be great for volleyball or open gym time. If the library includes areas for children that would be useful as well.	The fitness area	<p>I was recently in the new Belleville Community Centre and they have an amazing aquatic area with a shallow splash pad type pool for kids and a larger pool for adults. This was amazing, especially for winter.</p> <p>I would like to see more biohacking wellness features such as a large sauna, hyperbaric pods, trampolines, red lights and cold plunges. There's a big trend towards this type of wellness and I believe incorporating these things in the facility would increase the longevity and lifespan of the centre for future generations. What we build today becomes the way we support our future community.</p> <p>I would also love to see a co-working space where people can work outside of the home for the day. After Covid many people have work from home jobs but it's hard to find a place around the area to bring a laptop and work for a few hours outside the home. I would see this as a hybrid hot-desk and lounge area with a small cafe bar. Perhaps even with a photo studio or podcast area.</p>	All above! Thanks for being open to public feedback!	North Middlesex	N0M2K0
4	Library, possible family activities at the open hall area	Library	The walking track seems like it will be a bit small. Too bad the upper area track can't loop around entire upper area	See above. Try to expand the walking track	North Middlesex	N0m2k0
2	I don't think it'd be a good add to the community as there's not many year round residents.	Nothing	The idea of it.	I think this is not a good fit for grand bend! Grand bend needs to put something in that is strictly dedicated to the family's within the area.	South Huron	N0M2K0
2	Possibly the walking track and maybe take the kids to the library for activities.		How much money does this town need to spend on pickle ball courts for the adult and senior crowd. I'd like to see more options for the family and younger crowd.	Terrible location, need indoor pool instead of more courts. Leave the green space for the children and develop it for better use.	North Middlesex	N0m2k0
1	I wouldn't	Nothing	The entire thing	We need to keep the ball diamond. Put the money towards an arena, to drive more people to Grandbend for the winter. We have hotels and restaurants let's get them business for winter by hosting hockey tournaments.	South Huron	N0M2K0
1	Wouldn't use it!	Nothing too much money and not a good location	Location, have a pool	Stop using local tax dollars to please the tourists start building lasting and future growth minded projects not short sited tourist attraction projects	North Middlesex	N0M2K0
2	I wouldn't use this facility at all, mainly due to the location. It is already congested with traffic in the summer time. Other then the library and the stationary fitness equipment (which is pointless to have when there is a gym located across the street which you as a municipality should be encouraging people to support local businesses) what would the facility be used for on a daily basis? Seems to be alot of money for something that wouldn't really be used alot.	I like the public library	Location and use		North Middlesex	N0M2K0
9	Pickleball	Indoor courts	No	Great idea	Lambton Shores	n0m2l0
9	Library,walking area and pickle ball	The design and use of space	No	Love all the different areas inside and outside	Lambton Shores	N0M2L0
8	Certain functions and pickleball	Library	No	No	Lambton Shores	N0M2L0
7	Not sure, reside in Port Franks. Possibly pickle ball or walking track in winter	Incorporates space for variety of groups, activities and events	N/a		Lambton Shores	N0m2l0
7	I live in Port Franks I may or may not use their centre depends on activities.	the track for walk during winter months	<p>The location seems to be in a congested area, too many buildings competing for the same parking area. Also I don't agree on losing a baseball park, is there plans to relocate the diamond some where else? create a larger park? rather then more new housing.</p>	I believe South Huron should foot ½ the cost of the center as Ward 1 South Huron is right next to the community center. For example people living on the boundary can walk to the community centre. I live 20 mins away and it is not readily available for my use.	Lambton Shores	N0M2L0

6	Walking facilities, rent meeting room for community groups, rent gym	A community meeting space	I would recommend a meeting space with kitchenette. This would create a great community rental space for social gatherings, groups could use for dinner meetings, rental space for catered events.		Lambton Shores	N0m2L0
5	Local social events	Walking track	Different location, doesn't need to be this central	No	Lambton Shores	N0M2L0
3			Location!! With traffic congestion half the year, we'd never even bother to use!		Lambton Shores	N0M2L0
2	I wouldn't there's no arena or gym. The current privately owned gym in town is out of date and too expensive for most teens and seniors.	Inclusion of change rooms	Inclusion of theatre space, arena, pool, YMCA	It misses the mark. It's really a glorified library.	Lambton Shores	N0M2L0
1	Housing for the homeless	Lovely waste of my taxes	Don't waste more money on Grand bend. What about the rest of lambton shores	Could you fix our storm water problems first	Lambton Shores	N0m2I0
5	My family would not be likely to use this facility as we do not frequent the grand bend area often.	I have not found anything I like about it yet.	Location and size.	The proposed area has been a traffic congestion for years. I would like to see how the flow of traffic improves with the bridge upgrades first.	Lambton Shores	N0M2N0
4	I wouldn't I'm in Thedford most likely has no use to me	Looks fancy	Spend some of that money in Thedford !	It's a wonderful idea but it looks expensive and not fair all the tax money goes here	Lambton Shores	N0m2n0
3	Unless there was an event I was going to I would ntot be going. If the event was in the summer I definitely would not attend. The location is difficult to turn left out of to get back onto the highway in peak travel times all summer.	It would be available to local community groups	The location	I do think Grand Bend could use a community centre however this is an extremely expensive priced facility compared to other new builds. The municipality already fails to upkeep the buildings already owned, so will this new building fall into the same category? The municipality owns land in other places that this facility could be built. There are many other projects \$20 million could go towards. Even half this amount could create a great facility for Grand Bend, while helping to maintain and potentially fund other projects and upkeep buildings already owned. Loation is a big one that section of road is very busy in the summer and creates an issue with getting in and out of the facility.	Lambton Shores	N0M2N0
3	I will not be using it	The recreation area for pickle ball and other activities.	It is three times the size required by the community of Lambton Shores (Grand Bend) Who is going to maintain the facilities. Lambton Shores has trouble maintaining what they have now. I presume more staff will be required. What is the estimated yearly maintenance cost for the building & facilities	The building is over engineered. It looks like some thing that is meant to impress people by it's appearance. Keep it simple. I'm sure you could cut down on the cost.	Lambton Shores	N0M2N0
3	I likely wouldn't. Although a community space is needed in Grand Bend, I believe for it to be used by the majority of Lambton Shores the proposed space is not the location for it. Hardly anyone outside of the residents living in Grand Bend go to Grand Bend so I fear the over spending on a community centre there will go unused.	Indoor recreation space	The location.	I do think a community centre is needed, but I don't think the size proposed for this space is needed. Perhaps a smaller community centre more on the outskirts would be used more as Grand Bend just is too busy for other locals to travel to in tourist months.	Lambton Shores	N0M2N0
2	Maybe classes offered?		Indoor pool so kids can do swimming lessons locally (not drive to Sarnia). Nothing mentioned about an artificial ice surface.		Lambton Shores	N0M2N0
2	Would not use	Nothing	Charge Huron county for use. Medical center funded by lambton county citizens but unable to get doctor.	Start billing Huron county for Grand Bend projects.	Lambton Shores	N0M2N0
1	I would not use this facility. We just moved pickle ball courts! Why are we not using the space for either an arena or an indoor public pool??	I find it a huge waste of money, we should be adding in a public pool or an arena	Yes! Add a pool or arena, could do similar to the forest rec center where they have the walking track, arena, and a gym for sports. That would be amazing for this community	Please add more for families. As stated above.	Lambton Shores	N0m2n0
1	I would not have a need for this facility	There is nothing I like or dislike about it, not sure how much it would get used.	Seems big, and what would happen with the library located at grand bend public school?		Lambton Shores	N0M2N0
1	I wouldn't	I will not be utilizing facility so nothing really stands out to me .	It should have an ice rink to help support surrounding arenas.	Facility is not needed, there is already 2 great facilities in forest and Thedford so expand and continue to improve the already existing facilities.	Lambton Shores	N0M2N0

1	I would not like to use it, it's a waste of tax payers money, grand bend doesn't even have a hockey team, there's zero need for this in grand bend, put the money somewhere else in lambton shores for once!	Nothing at all	Yeah not build one cause it's not needed	Put the money elsewhere in lambton shores, like tompson line maybe!	Lambton Shores	N0M2n0
1	I don't think I would unless invited	Nice idea but way to expensive	Down size. Way to expensive to add to taxpayers property taxes when most won't get any use out of it	Too big and expensive	Lambton Shores	n0m2n0
1	No	I don't like it at all. Waste of money.	Yeah scrap the idea. It's terrible. Location is terrible and design is horrible.	It's a horrible design. It sits in a terrible location. Will you replace the baseball field somewhere else? Can we scrap this whole idea. Waste of money!!!	Lambton Shores	N0m2n0
1	I wouldn't	Nothing	Yes upgrade stuff at the legacy centre	Replace fridges and freezers at the legacy centre. And maybe do fundraising for this just like they had to do for the legacy centre and the shores arena and community centre. The legacy centre and the shores have everything they want to put in this new building. Maybe upgrade for indoor seating at the legacy centre so older people can seat where it is warm to watch things going on. Upgrade the canteen in the legacy centre so there is more space. This building is a waste of money just like the self cleaning washroom at the beach, a waste of taxpayers money.	Lambton Shores	N0M2N0
1	I won't be due to the proposed location of this project and because I am so tired of all of our taxes going to Grand Bend.	lovely "ideas" but at \$20 million?	LOCATION! How can you just write off the importance of what is on that land already. Residents have done a lot of work over these last years to provide a beautiful place for families to be and also the traffic aspect....totally not thought out.	This project needs to be put on hold and moved to an entirely new area within the Grand Bend community when it is actually happening. Also...love how the ABCA has no problem with this going up in a flood plain?	Lambton Shores	N0M2N0
1	I would never use this facility. Adding more junk to Grand bend is a waste of municipal money	Nothing	Look for another location	No	Lambton Shores	N0m2n0
1			Put it in a different area	CHANGE LOCATION!!!!	Lambton Shores	N0M2N0
1	I would not use the facility. There needs to be for younger people and child. That community centre seems to be more gear to older personnel and pickle ball game.	The design looks nice.	I would change the location of the building- (this corner is a nightmare on a good day and is too close to the emergency response team who also struggles getting out), building needs to be less flashy and the community centre needs to be for all ages - not just a certain age group.	My comments are this. That building is to a lot of community members a waste of money as there is lots of place to play pickle ball already. My hope of this building goes up that Lambton Shores is doing it for the right reasons.	Lambton Shores	N0M2N0
1	The library other than that nothing benefits our family.	Nothing	The location. It would be impossible for to try and turn left to get back onto hwy 21. The noise alone would be enough to have that trailer park there complain that they previously had due to the pickleballers kids are way noise than a few balls being hit around. There isn't enough space for different members of the community to run programs for kids during the evening. The gym could be split into two gym areas. This should be more designed towards activities and areas for the kids to be be active than just the older generation.		Lambton Shores	N0m2n0
1	I wouldn't		Where it is located. Grand bend is always congested and there is not enough room for traffic flow		Lambton Shores	N0M2N0
1	I would never use it, waste of tax dollars	Nothing	Not build it	Please save the tax dollars	Bluewater	N0M2N0
1	I would not.	Nothing	Don't do it	Traffic is already a nightmare summer months in Grand Bend. Why try to bring people in to use something they can't get to ? Let put bathrooms and garbages at the beaches southwest of Grand Bend instead. Stop wasting our hard earned money on frivolous things for a tourist town	Lambton Shores	N0M2N0
1	I would not	Nothing	Don't spend my tax dollars	Not needed, extravagant and another waste of money	Lambton Shores	N0M2N0
1			The site. Who it is actually intended for.		Lambton Shores	N0M2N0
8	Exercise	Indoor space	No	No	Bluewater	N0m2i0

1	<p>This is ill conceived and will be a tax burden for many years. Drop by the Y in Goderich or the Zurich arena for a peek into your future.</p> <p>Include in your report the anticipated money required to run this white elephant.</p>	Beautiful design. Insane price.			Bluewater	N0M2T0
1	I would not	It should be placed somewhere that does not demolish the existing baseball diamond.	Yes. Put it in a different location. And there needs to be a pool and or an ice rink.	It should have a pool and or ice rink and place some where that it does not take away the baseball diamond which my kids like to go there and play and practice baseball.	Bluewater	N0m2t0
1	Disappointingly, it has nothing to offer myself or children ages 8-13, that we don't already have. We wouldn't use it.	It has pretty windows	Where can our children train as lifeguards. A critical skill around here. I'd scrap the entire plan and simply put in a community pool with a gathering room and a kitchen. Outdoor kitchen, cool idea.	<p>This seems, quite an expensive pickle ball facility. Swimming is a life saving skill, not an old people, fad.</p> <p>If you simply put in a pool, we've got it all. Library at the school, baseball diamond, basketball courts and a pool.</p> <p>Also, I've only been here for 5 years and have no personal attachment to the location but how could you even consider demolishing the present park. Considering the efforts of present day community members, that went into building the diamond and memorial space.</p> <p>Maybe focus could shift towards providing programming at our already existing facilities. For all ages.</p> <p>Is there a plan to have any free public space left in GB, other than the beach? They seem to be disappearing.</p> <p>What is going on there, that a planning committee can get this so wrong. Were the input opportunities fake, to say that steps was taken.</p> <p>This design does not reflect any public feedback, I was privy to.</p>	Bluewater	N0M2T0
1	I wouldn't use it. I don't play pickleball.	Nothing right now	Yes you should do something that grand bend doesn't already have. There are already pickleball courts. Put it in a hockey rink or an indoor pool.	No	Bluewater	N0M2T0
1	Library	Not sure	Poop	Baseball and art centre are very important	Bluewater	N0M2T0
9	Pickleball and fitness	Pickleball and location	No		Bluewater	N0m2t0
9	Pickleball	Location	No	Looks good	Bluewater	N0M2T0
1	For walking during the winter months.	You assume there is something to like.	Yes. Relocate it and add a pool.	I question the logic of the site choice considering all the other operations closeby; only traffic gridlock can be a result. Also, sadly the work and expense that went into renewing the baseball diamond and the other amenities would be for naught.	Bluewater	N0M2T0
6			The location, find another spot		Lambton Shores	N0n 1j0
3	Not at all		Location, this is should be put more on our skirts of town	Grand bend isn't the only town in lambton shores	Lambton Shores	N0n 1j0
3	No		Downsize it	Looks like a glorified pickle ball court. I would rather see something that would appeal to a wider audience	Lambton Shores	N0N 1J0
3	Spend less money on this single project.	Provision of community centre for tax payers use.	Use different location. Not ball park.	Too pretentious!!	Lambton Shores	N0N 1J0
1	It would not benefit me personally.		The cost! There's so many parks and areas in other Lambton Shores communities that are literally rotting away. Let's spend less on this lavish project and use some of the millions on repair and renewal of these spaces also.	Grand Bend residents deserve a space for families...not just rich retired folks. That being said other Lambton Shores communities deserve the same. Let's not lose sight of that.	Lambton Shores	N0N 1J0

1	Being a lambton shores resident, I would not use this facility. Grand bend has already received countless monetary gifts and updates when there are many small towns that have not received the same. I think it is extremely unfair to propose this amount to a tourist town	Library and community hall is a good plan. Arena is completely unnecessary .	The location. This should not be in grand bend	None . I think the board needs to consider the lack of other amazing things our community could benefit from. A pool for kids to learn swimming given we live so close to Lake Huron... dog parks... walking trails that are lit and safe to promote exercise and health. Basketball or tennis court... I think a lot of input from the community on where millions of dollars would be extremely useful. I would be extremely disappointed to see this proposed facility built in grand bend.... Would really disappoint the community.	Lambton Shores	N0N 1J0
1	I wouldn't use it...money needs to be spent in other areas of Lambton shores	Nothing	Wouldn't build it	Other areas of lambton shores need upkeep or new buildings and programs, not a seasonal tourist community	Lambton Shores	N0N 1J0
1	I wouldn't use it.	.	The proposed location	Too extravagant, not necessary	Forest	N0N 1J0
1			I would like to see this project cancelled and other amenities into the rest of Lambton shores. I believe the on going structural changes to the integrity of the grand bend community is based on a tourist centered view and not inclusive of the entire Lambton shores community. This appears to be a vary costly project for a small part of the municipality with reduced population in the winter		Lambton Shores	N0N 1j0
1	I would not use it	Nothing	I wouldn't build it	20 million dollars is a ridiculous budget	Lambton Shores	N0N 1J0
1	I wouldn't	Nothing	Build it somewhere else	Think of the children	Lambton Shores	N0N 1J0
1	I wouldn't		LOCATION	The amount of money this will cost and the location is absolutely ridiculous	Lambton Shores	N0N 1J0
1	The price is outrageous. The library is in the school and that was a selling feature to keep Grand Bend school alive. Now you are moving it. What are the children supposed to do with no library. Another waste of our tax dollars.	Nothing you encourage tourists to come for the beach. How many of them are staying to utilize a community center they use the beach, restaurants, shopping and bars? Your own full time residents avoid your main stripe from May till Sept and then go South for the winter. Your pickleball courts might be used continously but that is only a handful of people that the rest of taxpayers are footing the bill for their enjoyment	It looks like a fancy big city concept that would be used by thousands of people. How many rural people can afford to put on an event for four hundred people on a regular basis. I would think the most of the building will sit vacant the majority of the time.	Grand bend residents if they want this luxurious of a community center they need to fund raise at least half the cost. The rest of the municipality doesnt need their taxes dollars wasted on something that will benefit a small amount of the municipalities population. Tax dollars just fixed the ball diamonds up so the kids could play ball and if the land was donated for children's sports there is no way that should be destroyed	Lambton Shores	N0N 1J0
1	Not at all as it's too far away from year round population.	Nothing	The location.	I think it should be located in a more populated area like Forest. Grand Bend doesn't need this. We do in Forest.	Lambton Shores	N0N 1J0
1	Probably never	Nothing	maybe a hospital in the area would serve the community better	Change the location	Lambton Shores	N0N 1J0
1	I wouldn't use it.	The walking track is the only thing I like about it.	Mostly everything. Location, cost, include ice pad and walking track.	I'm deeply hurt and concerned that Lambton Shores would consider ripping out the baseball diamonds after everything the community has done to get them there. Extremely selfish.	Lambton Shores	N0N 1J0
1	It will not be available to me as I live in Forest but my taxes will be used to pay for this	It is much too extravagant for the size of Grand Bend population	Scale it down, make it affordable	Stop using our tax dollars so irresponsibly	Forest	N0N 1J0
1	I wouldn't as it's barely in our County and has really nothing to offer!	Nothing	Yeah. The location.	I hope if you're using our tax money that we benefit from the proceeds, not just Grand Bend.	Lambton Shores	N0N 1J0
1	I wouldn't use it.	I don't like anything about it. I think you need to spend that money in Forest and add on to its current community centre.	Not build it.	I think all the money for Lambton shores goes to grand bend and I think we need to look at changes to spread that money to our other communities. When the Shores was built a pool should have been added. Something for our kids, elderly, people of all ages to have.	Lambton Shores	N0N 1J0
1	I won't be using the facility as I live in Forest and this is not a benefit for me. The money could be used elsewhere that would be much more needed. Like having a super school built which have been waiting for 8 years so far.	Not interested in proposed facility	Yes, not building it	None, disagree with proposal It always seems that Grand Bend get the updates more than the rest of Lambton Shores	Lambton Shores	N0N 1J0
1	Don't need it . Municipality cannot afford it			Poor location. Traffic leaving events will create more bottlenecks on an already busy Highway 21	Lambton Shores	N0N 1J0
7	Library, pickle ball	Modern, attractive and apparently sized right	LS logo above the name of the building		Lambton Shores	N0N 1J0

1	It's geared to a small select group of individuals. It's over priced and under serviced.	Nothing at all. A waste of money for what is being proposed.	Scrap the project	It's a huge waste of taxpayers money. The cost and what is proposed are not even close to being within reason. Grandbend needs a community hall not this. There is not the population that will get any return on investment for this project. Put an ice surface in and a pool and small gym / community room with kitchen. No need to spend 20 million on more pickle ball courts for the 100 people that play it in grandbend.	Lambton Shores	N0n 1j0
4	in person	wasted 2nd story open space	pool required	pool needed	Lambton Shores	n0n 1j1
8	Pickleball	Pickleball courts	No	No	Lambton Shores	N0N 1J2
4	Recreation	Walking track	Needs to include a skating rink		Lambton Shores	N0N 1J2
4	I would use the library	The updated library location	The elevated walking space and room for stationary fitness equipment. There are gyms for these types of things, why do they need to be integrated into this space.	There seems as though there is a lot of meeting space, who is this for? Why isnt the art center included in this proposal? This proposal is a mixed bag, making it seem way too ambitious and is lacking a sole purpose especially for the large amount of money proposed to go into the project.	Lambton Shores	N0N 1J2
1	Not at All	Doesn't cover all needed activities like ice activities. That will be the next thing Grand Bend wants. Also there is no room in that area to put such a large center & certainly not enough parking areas. The location is all wrong.	Add ice activities.	Can't find some of the locations like #20	Lambton Shores	N0N 1J2
1	There is already a library. Would this property include baseball diamonds?	It is too elaborate. Money wasted. Make it practical.	Location. Huron County is not part of Lambton Shores. Land is already used for a purpose.	Too elaborate. Spend a little more on property and parking in Lambton Shores, not Huron County.	Lambton Shores	N0N 1J2
7	Pickleball and Library	Combining library into same building as community centre	Parking and access to Highway 21 would be an issue		Lambton Shores	N0N 1J3
1	Probably not using it. It is a nice facility but everything is geared towards Grand bend. While our rural roads get ignored. It would be nice to pave a few more roads. There are less farmers but it is also a huge tax base between land and Wind mills It would be nice if our voices got heard sometimes				Lambton Shores	N0N 1J3
1	I wouldn't it needs a pool and a better location		Location and add a pool	The price is ridiculous, doesn't serve all of Lambton Shores, and building on the baseball diamond after community raised funds to upgrade isn't fair	Lambton Shores	N0N 1J3
1	Not at all	None of it.	Do not build it in the first place. There is no need for this facility to be built.	This project will likely be never built. Way too much money needs to be raised. And, do not raise our taxes as part of fund raising efforts. If this project ever goes ahead you guys will probably put it in the wrong place anyway.	Lambton Shores	N0N 1J3
4	Mostly just the library. Possibly to attend courses or group programs	The opportunity for Grand Bend people to have a gathering place and the indoor walking track for health	I'd make it a single level to support an aging population. Likely better to have it on a larger property so an arena could be added in the future as more young families move into the area.		Lambton Shores	N0N 1J3
4	I wouldn't	Nothing is really attracting me to it	The cost, ridiculously unnecessary. Could better multiple communities for this price.	A universal gym space not just something designated for Pickel ball. An active space for all ages.	Warwick Twp	N0N 1J4
2	I would not use this facility	Meeting/library	Price too elaborate	The proposal states there is a viewing area for what? For what sporting events?	Lambton Shores	N0N 1J5
1	I wouldn't use it.	Nothing	Don't build it, prioritize needs in the community that the \$20million would be better used for, or at the very least use the money to build a by-pass route around Grand Bend to address the horrendous traffic.	You're prioritizing entertaining people from the city who go to GB for a few days within a couple months of the year and forgetting that people actually LIVE and WORK in Lambton Shores, who are your tax base, and whose communities are crumbling because council has tunnel vision. I've lived in Plympton-Wyoming and Bluewater, played ringette in Forest and worked in Grand Bend. Grand Bend is the last place that needs a facility like this. GB is not a city, it is a small town, and that's how it should remain, that's its charm, and that should be your focus.	Plympton-Wyoming	N0N 1J6
1	Never use it	Nothing	Not to build it	Looks way too big! How much use would it get? Who would pay for the cleaning. —taxpayers! There is so much to be fixed in small towns like sidewalks etc. use our money more wisely than this elaborate high priced facility!!	Lambton Shores	N0N 1JO
1	I wouldn't	Nothing. Terrible location, waste of money	Change the location, add an ice pad	It's a waste of money and in a bad spot	Lambton Shores	N0n 1t0

8	The whole thing	Having a facility to exercise and have fun sports to play indoors (pickleball)	I would make sure that the flooring in the gym is not cement and that it is wood floor or laminate. Cement is very hard on the body especially the knees and joints	Make sure there is good flooring in the gym	Lambton Shores	N0N iJO
1	Find some place else to locate this complex.	nothing	The whole thing	Scrap the whole idea	Lambton Shores	N0N1G0
7	I would not travel to grand bend to use the facility	More accessibility to year round exercise/movement	Incorporate the art centre into the facility instead of making them relocate	Concerns about parking availability/accessibility for patrons using the facility especially during the summer months	Lambton Shores	N0N1J0
6	I wouldn't.	Modern design that is likely needed in other areas of the municipality.	Location	Stop spending all tax payers money in grandbend.	Lambton Shores	N0N1J0
5	I wouldn't, location is congested and parking will be an issue	The variety of amenities available within	Location		Lambton Shores	N0N1J0
3	I wouldnt. It be mostly for tourist/summer residents and not much value to the year around tax payers of lambton shores.		The cost is alot of money were some of that money could be used in other parts of lambton shores. Not saying there shouldnt be a comminity centre but it doesnt need all these fancy upgrades were most residence of lambton county wouldnt use.	Please reconsider what is a want and what is an essential need to the community.	Lambton Shores	N0n1j0
2					Lambton Shores	N0N1J0
1	I wouldn't... there's no need.	Nothing	Everything. Renovate the existing empty municipal building .	Why Bluewater North Middlesex South Huron on this questionnaire?	Lambton Shores	N0N1J0
1	I would not use it	Nothing	Yes don't build it in grand bend. There are other towns in lambton shores who deserve such a facility		Lambton Shores	N0N1j0
1	I wouldn't use it, I live in Forest.	Nothing, Grand Bend gets everything.	The location. Put it anywhere but Grand Bend		Lambton Shores	N0n1j0
1	This facility does not support families except for event, also for someone who pays a crap ton of taxes! We're are the teenager areas, game areas, basketball courts (free) swimming pool! You spent our money in Forest and refused to allow those things as well, plus teenagers can even go into the gym. So someone who has a family, this building needs a revamp to support the future not grandma and grandpa with pickleball.	This facility can lose some of the features to accommodate more for families! Only thing good is a walking track and maybe the facility for events!	Needs a pool and ice rink! Also maybe something for teenagers! This all should be support in our community! Maybe a swimming pool to do lengths in and a aquafit pool for the old people, wake up and do this now! This would also attract more families who pay crap load of taxes	Remove the design and make it simple! Add a pool and two rinks and a gym our kids can use not just for pickleball!	Lambton Shores	N0N1J0
1					Lambton Shores	N0N1J0
1	I wouldnt	Nothing	Nothing in grand bend	Nope	Lambton Shores	N0n1j0
1	I think its too much and in a bad location.	Nothing	I would change the size, the over the top finishes and location.	I believe a community center would be a great asset for GB... but do we really need to spend \$20 million on this plan? It seems excessive, especially when other local projects like Watford's arena/rec center came in at \$11.1 million, and Lucan's arena/rec center was completed for \$9,057,741 (including HST). How can we justify spending a combined total of both of these projects for a new build?  Did you even consider other plans? Why does this building need to be so lavish and located in such a difficult-to-access area? Why not consider placing the center alongside the new pickleball courts at Klondyke? It already has parking, hydro, water, and other utilities in place. The only thing needed would be a sensible building design to host community events. I strongly feel that spending more than \$9 million would be a waste of Lambton Shores tax dollars. The remaining \$10 million that was budgeted, could be put to much better use elsewhere in the community.	Lambton Shores	N0n1j0
1	I don't believe this would be used.		It is way too expensive.	This is a waste of taxpayer's money.	Lambton Shores	N0N1J0
1	I do no think this centre would bring any value to my families life	It shows that lambtonshores is trying to make changes even if they are dumb	Location, plans for use of the building. This area needs a better offering of services. There are people that don't play pickleball out there	I am not sure who the hopeful audience for the centre is but the gyms in thedford and Forest set empty most of the time. Forest mainly runs fitness classes for 3-5 people. Unless lambtonshore is looking to get in to event planning to keep the hall full this is an expensive new library. Which then tax payers will have to pay to setup a new library in the grand bend school too. I hope grand bend has to fund raise the rest of the cost as both Forest and thedford had to fundraise. Over all this since the right idea to help improve lambtonshores	Lambton Shores	N0n1j0

1	It should have less. Money should be placed somewhere else in lambton shores. It doesn't need pickleball courts	TBH nothing.	Upgrade an old one we already have or pick a center spot to put it and do a gym, pool, and arena. Grand bend is practically empty 8 months of the year.	See above	Lambton Shores	N0N1J0
1	If it was in forest I could actually use it	That is could be a free experience for families	The location, forest instead	Please stop focusing on only grand bend. There are so many young folks in forest who would benefit from FREE public areas where we can play sports and enjoy recreational activities within the community. The last thing we need to spend this money on is more pickle ball courts for the rich and privileged of grand bend.	Lambton Shores	N0N1J0
1	I would not, money can be used in better ways	I do not	Everything	This is a terrible idea	Lambton Shores	N0N1J0
1	Waste of taxpayer money	Nothing. Waste of tax payer money.	Cancel the project. You already wasted money on self cleaning toilets and pickle ball court. Way over budget may i add. Good luck keeping this on track. Waste of money.	Quit wasting our hard earned money	Lambton Shores	N0n1j0
1	We would never use it. As a mom of a young g family, our children and their peers are not needing a "wedding hall" they need more ice surfaces and soccer fields in lambton shores. Better playgrounds and outdoor spaces.	Nothing. It's way too extravagant and not necessary for a town that is a ghost town in the winter. Let's spend some money in theford and Forest, I think Grand Bend has received enough tax paying money in the last few years.	Yes, make a small community hall if needed. There's absolutely no need for a facility like that when there's families in lambton shores barely getting by and able to feed their families because taxes are too high. Maybe start by lowering taxes and making it easier for families to live in lambton shores.	Nothing except that there is no need for that facility.	Lambton Shores	N0N1J0
1			Spend money on some drainage especially the De Jersey drain in Forest.	The estimate of nearly 20 million in today's world will probably be more than doubled.	Lambton Shores	N0N1J0
1	I wouldn't. It's a waste of tax money.	Nothing	I wouldn't build it, and build more of family friendly facility.	No.	Lambton Shores	N0N1J0
1	not at all there is no fitness center	nothing	add a ymca	feels like a waste grand bend gets everything improve forest first	Lambton Shores	n0n1j0
1	There is no reason for this facility. I don't agree with the design because it is completely unnecessary to build a new facility on grand bend.	Nothing . There are a lot of current facilities within Lambton shores that could use upgrades, which the council is not even considering. They glorify grand bend given it is touristy and makes them money. You need to care about your current residents in Lambton shores and support the smaller towns.	Yes... do not build it. Again... funds need to be distributed to current facilities within Lambton county. The theford are a needs significant updates with their seating given it is one of the two primary Lambton shores arena locations. We could use a community pool, basketball and soccer fields, etc	Obviously this design was made by people who do not live in Lambton county. This large facility is completely unnecessary. as a Lambton shores resident I would be highly disappointed if this facility was built. Lambton shores is a beautiful place to live, but it's getting old living under grand bends shadow. Brand new municipality build for them, soccer fields/ tennis courts, let alone thousands of dollars to re structure the main strip in grand bend. Share THE WEALTH!!!!	Lambton Shores	N0n1j0
1	Beyond attending functions utilizing the building's meeting space, I cannot see my young family taking advantage of the facility as proposed.	The ability to host community functions.	Make the building family focused. The use of space to accommodate pickle ball courts seems like a nightmare to use it for other functions. An indoor soccer field or pool would be, in my opinion, a much better use of space. Families from the surrounding Lambton Shores communities would travel to Grand Bend to use an indoor pool or soccer field.  I would also change the location. Why would we decommission other well utilized public spaces to create a new building?  The cost seems out of touch with other similarly projects recently completed in other communities.		Lambton Shores	N0N1J0
1	Never	Nothing	Cancel it. Spend the 'money in other deserving communities	Don't build it	Lambton Shores	N0n1j0
1	I would never use it	Other than housing a library which I won't use anyways	The proposed site, the cost which is absolutely ridiculous	Why does everything have to be so elaborate we are a small town but with facilities like that you lose the feeling	Lambton Shores	N0N1J0
1	Children's playground	Children's area	Location	This is excessive and not necessary. A waste of community money for a small group of the community	Lambton Shores	N0n1j0
1	Not needed	Nothing waste of money	Don't do it	Waste of money	Lambton Shores	N0N1J0
1	It makes no sense to build a facility like this in a centre with a VERY small year round population.	It makes no sense to build a facility like this in a centre with a VERY small year round population.	It makes no sense to build a facility like this in a centre with a VERY small year round population.	It makes no sense to build a facility like this in a centre with a VERY small year round population.	Lambton Shores	N0N1J0

1	TBH I won't		Lower cost facility in a completely different town.	Pickle ball courts are unnecessary.	Lambton Shores	N0N1J0
1	No	Nothing	I dont think this is what needs to be done at the momment	I think there is other things that needa fixed or upgraded first	Lambton Shores	N0n1j0
1	I wouldn't!	Nothing, it's too big and in the wrong location.	The location and make it smaller. What a waste of tax dollars.		Lambton Shores	N0N1J0
1	Never	I don't	Not building it		Lambton Shores	N0N1J0
1	i would not use	nothing	location & cost !!	rethink the location & cost of this facility , i see better ways to spend that amount of tax payers money !!	Lambton Shores	n0n1j0
1	the library	the library	add the Grand Bend Art Gallery, just like the Bright's Grove Library has.	My worry is with the location,	Lambton Shores	N0N1J0
1	Not at all	Nothing	Everything. More community input needs to be looked at.	Very little thought has been put into this. Location, plus community input needs to be considered plus what the purpose of this is? To serve the tourists mainly!	Lambton Shores	N0N1J0
1	Would not use.That location is hard to access at the best of times let alone May to September.	Gymnasium,walking track	Library.Already have existing library .	To much money.Should be scaled back to many extras.Already have a library.	Lambton Shores	N0N1J0
1	I would not use the facility. I'm a resident of Lambtonshores but in the Forest area. Neither facility has access to a pool or things that are actually needed in our communities.	The style appears nice although over the top for a seasonal community.	The budget.	Re evaluate the location, amount being spent and what's being offered. Consider who the full time long term residents are not just the summer influx.	Lambton Shores	N0N1J0
1				Why does such a small population of grand bend, deserve such an expensive building, and the rest of lambton shores is left paying the price . to remove the ballpark is a disgrace.  There is more to lambton shores than GRAND BEND ,  This mayor and council should be ashamed.	Lambton Shores	N0N1J0
1	I feel it doesn't propose to Lambton shores community but just the grandbend community and tourism	Nothing	Why are we spending so much money on one part of lambton shores where other parts are seeing cut backs on roads clearing of snow, brutal side walks, lack of lawn maintenance etc.	Why is all of the tax payers money year after year going to grandbend. What about thedford, arkona forest, port franks. Side roads being fixed properly, children parks being maintained. Splash pad parks having bathrooms and proper clean up. Grand bend as spend enough of everyone's taxes to go to their community. Also grandbend members can a discount at restaurants and local businesses in grandbend. Shouldn't that be all of lambton shores getting that SINCE APPARENTLY we are one community. Rethink your plan for our money and stop forgetting about the rest of lambton shores.	Lambton Shores	N0N1J0
1	I wouldn't use it if in the location mentioned. We have a library that is accessible. We can't clog up that street or destroy the baseball field. It is way too much money that could be used elsewhere	I like the thought of a facility.	The location, the cost, the use	Listen to the public about all concerns. Can we use a facility, yes. Does it need to be elaborate, no. Location is important. Destroying a baseball field is not ideal or suggested. This idea needs to be thought out to the fullest.	Lambton Shores	N0N1J0
1	Wouldn't be able to use it due to Grandbend traffic being unbearable in the warm months, would never make it there	Event space with kitchen and bar	Location	Differant locations should be considered. Grandbend area is fine but not in town	Lambton Shores	N0N1J0
1	I wouldn't. I would use a facility that is better located and half the cost or better.	Nothing	Location and price it doesn't need to be so luxurious and costly.	Make it more affordable and more accessible. Better location and spend 8-10 million on it and use the other funds for local businesses and residents. It doesn't all have to go there.	Lambton Shores	N0N1J0
1	Not at all	It shouldn't be built	Do not build ... used money elsewhere	Do not build, use money elsewhere	Lambton Shores	N0N1J0
1	I would remove an entire wing off this design. The facility needs washrooms, basketball/volleyball court and conference room. The library is a nice touch. I don't understand where the budget is being burned up in this design.	Not much. I would like to see other options for design and layout.	Yes. The roof line is a terrible design for ontario. It's just asking for trouble and major maintenance in the future. This looks like something that belongs in California.  I believe a simple design with a pitched roof is all that is needed for a rec center.	Do you have other options for the public to review? Or is this just the process of moving forward with the design and we're just going through the motions?	Lambton Shores	N0N1J0
9	pickleball	two storey, use for the community	N0	Use of the facility should be for Lambton shores rate payers first. grand bend pickle ball club has many members which are not Lambton shores rate payers which think they should be in charge of the facilities in Lambton Shores including Klondike pickleball courts. Priority should go to rate payers not rate payers from different municipalities.	Lambton Shores	n0n1j2

4	I think the walking track and courts will be used often! Does the library need replacing? Is the school needing that space back?	It's pretty! Walking track!	<p>The expense is my number 1 concern. I'm shocked at the cost considering what is included. Is the library needing to be replaced? Can we make the space smaller, less pickle ball courts, smaller event centre, a little less seating areas?</p> <p>I understand that the location is municipal property. But I've been reading about concerns regarding traffic.</p>	With the budget that high, I had hoped for a community pool to be included. We live on the lake, and having a public place for swimming lessons, as well as classes for our seniors, is needed.	Lambton Shores	N0n1j2
2	I wouldn't use it, there are two other well equipped facilities in Lambton Shore	The concept of community, which can be accomplished in a smaller scale without an arena	See above. Make it smaller if it's needed at all as a place to gather	There might be capital to build it but where will the funding come from to operate it? Why is municipal funding always focused in Grand Bend?	Lambton Shores	N0N1J2
1	I wouldn't	Nothing	Don't build it	It is not much good for taxpayers who don't live in GB. A location away from the insanity and closer to the Pinery would make more sense to me.	Lambton Shores	N0n1j2
1	I would NOT	I 100% disagree with proposal	It would not happen.	This is a ludicrous plan honestly. \$20 million? Ridiculous	Lambton Shores	N0N1J2
1	Wouldn't use	Don't like anything	I don't think there is a need, other place could use the dollars better, like decent washrooms at Ipperwash, the porta johns are disgraceful, people are going outside instead	No	Lambton Shores	N0N1J2
2	I don't play pickleball-I wouldn't use it.	Walking track	Location. Hate that it is proposed on the ball diamond/park. Move it outside the town, there is already too much congestion	We need another arena and a pool. Why are we moving away from accommodating families and moving towards accommodating seniors.	Lambton Shores	N0N1j2
2	Special Events	Having a larger facility for sports and events	The new proposed facility is jammed into a very busy area , that you can not see until you're in the parking lot . How will parking be controlled from beach goers and facility users, Maybe land should be purchased and put it in the best location	Putting it in the wrong place ,and getting rid of the community ball diamond ,that many locals (taxpayers ) have put a lot of time and money into	Lambton Shores	N0N1J2
1	Not at all we don't need more pickelball ball courts we need stuff for families like a indoor pool	Nothing	Indoor pool not more stupid pickelball courts that only serve a few people. It's a dying sport and family's need stuff for children like a indoor pool for swimming lessons	No more pickelball courts we need a indoor pool for family not just stuff for a small percentage of people	Lambton Shores	N0N1J2
1	I would not	Nothing bad location and we don't need more pickelball ball courts we need a indoor pool and skating rink for children's activities	Everything, location, cost,and don't need more pickelball courts	Way too much \$\$ other municipality around here have built alot nicer ones for less than 1/2 the cost	Lambton Shores	N0N1J2
8	Use the whole facility	Just having a place to get exercise.	I would make sure the flooring in the gym is not cement. That it is a wood floor or laminate. Cement is very hard on your body especially knees and joints.	We just need proper flooring in the gym like wood or laminate.	Lambton Shores	N0n1j3
1	Would bonuses at all	Waste of tax dollara	Do not build	Grand bend has been developed enough. Time for other communities in Lambton shores. Ipperwash area needs upgrades	Lambton Shores	N0n1j3
1	Would not use it.	Not needed	Facility is not needed	<p>We need to quit spending so much money in Grand Bend for non-tax payers to use. I am sickened by the fact Lambton Shores does not properly maintain what we have already.</p> <p>Parks need cleaned up, roads need maintenance (take a drive down Kinnaird Road, but be advised car will need repairs after travelling), a public pool in a central location, and ambulance services to continue so people don't pass away waiting for an ambulance to show up due to closures.</p>	Lambton Shores	N0N1J3
1	I would not use it at all. Grand bend is not always accessible due to traffic in summer	Nothing really. I do not believe it is in the correct location for the community	Change the location. If it has to be near grand bend at least make it in a location that all members of the community can access. Right in hwy 21 is not good. How will they monitor parking in the summer months. It will cost to have staff monitor it	I feel it could be in a better location. I live at Ipperwash and we seem to be overlooked all the time. Not saying that we need a community center. But the perception that all our taxes and resources go straight to Grand Bend is shown with this project. I understand that Grand Bend is expanding , but should this go forward at the expense of the rest of the municipality.	Lambton Shores	N0N1J3

1	I would have no use for this facility. For almost \$20 million dollars the design and function only gear to a certain interest and demographic . I would love to see a smaller version of this with a pool. A pool would draw more interest than just the retired population. It bring families together not just in Grand Bend but from all parts of Lambton Shores.	There isn't much functionality to this building	The size. The location. And the cost for what it offers. I would really love to see the addition of a pool. All parts of Lambton Shores would benefit from this and not just the residents of Grand Bend.	The location is all wrong and worrisome.	Lambton Shores	N0n1j3
1	Wouldn't doesn't help the community at all except the tourists and the very small community of grand bend	Nothing. Money could be used elsewhere in the municipality.	Downsize the build and don't tear out the baseball diamond and park that means so much to the community.	Waste of tax payers dollars!	Lambton Shores	N0N1J3
1	No. It would be hard to access during May to October. It is already congested in this area	Nothing	Location and coat	Better location needed and trim cost	Lambton Shores	N0N1J3
1	not at all	not in favour	I would make it smaller	This is more so for the people in Grand Bend why such a big complex .	Lambton Shores	N0N1J3
1	Leave as is. Spend money on other communties				Lambton Shores	N0N1J4
1	Not this location for this purpose	Nothing	Location	Please consider another location	Lambton Shores	N0n1j5
1				I feel like grand bend has gotten enough money spent there over the last little while its time some money went to Forest, Arkona and Thedford. There's lots of things these other towns could do with that much money. The pickle ball courts on Klondike rd. was such a giant waste of money.	Plympton-Wyoming	N0N1J6
7	For kids sports activities	The gym	Should the gym not be wider so it could split into 2 half regulation sized basketball courts? This way you accommodate more potential youth sporting activities and tournaments for area teams.		Lambton Shores	N0N1J7
3	Do we need another hockey rink? NO. We need a swimming pool.	It is the same stuff that Forest has...Don't need a hockey rink.	A SWIMMING POOL not a hockey rink	The hockey rink in Forest & Thedford is enough. We need a swimming pool. All ages can use a pool. Learn to swim to keep in shape to rehabilitate. A another ice rink is only really for the younger generation; most seniors will NOT be iceskating, but they would use the pool.	Lambton Shores	N0N1J7
1	we need a pool not another hockey rink	nothing	add a pool not ice	we do not need another hockey rink, we need a swimming pool	Lambton Shores	N0N1J7
1	I wouldn't	I don't	I wouldn't build it	huge waste of taxpayer money while there are other needs that aren't being addressed	Lambton Shores	N0N1J7
1	I would not use it to fare from me to go.	I don't think we need it .	We have 2 all ready.	No	Lambton Shores	N0n1J7
1				This is. an overpriced, unnecessary waste of taxpayers money	Lambton Shores	N0N1J7
1	Build it some where else	Idon't	scrap the plans		Lambton Shores	N0N1T0
1			the costs and location	no	Lambton Shores	n0pa10
7	I welcome a larger library, shared fitness facilities and a third space that can be used for community events.	The library! I'm also excited about the fitness facilities as well!	Is it possible to partner with the Grand Bend art centre to provide them space moving forward within the facility?		Kitchener-Waterloo (I am a seasonal resident)	N2G 3H6
7	Will it include opportunities for art within the complex, to teach, hang art, hold meetings as the Grand Bend Art centre is being demolished? What are you offering them for your parking needs. Art classes add 7 years to a life! Recent studies show as it allows for a strong sense of community to develop among class attendees.				ELGIN County	N5L1E3
7	Gym, pickleball, library, walking track, events	Location	Maybe a pool outdoor or indoor		Summer resident of grand bend	N5X 3E8
4	will see.....	utilizes the existing space	does not appear to be much/anything for children	caters to the existing population of middle aged to older people. Not sure it will entice a lot of new & younger families OR encourage expansion of seasonal economy of the area. Unfortunately in my opinion, Grand Bend is somewhat landlocked to allow a proper "community facility" that would attract people during the shoulder and winter time frames thereby providing more customers for the hospitality sector that dominates our community.	South Huron	N6A2V9

1	The Bend used to be a quiet, cottage/beach town. This building is the last bad city type idea! Enough!!!	Nothing	Move it just out of village.	The homestead feeling is gone. Family businesses on the main drag have been torn down. I personally lost Finan's General store, Ross and Laura Desjardins home, Tender Meats grocery store owned by Wally Desjardin, Flear's Bakery (now a tattoo parlour) owned by Roy and Gertrude Flear. I'm sure my grandmother is spinning in her grave and off the main drag Huron Vista Boarding House owned by Ken and Irene Kennedy. ALL TORN DOWN! Both my families have been wiped from the face of Grand Bend! Too much lost and little gain. What the hell is the council thinking? Do we want a mini Toronto to go spend time and relax? I think not!!	London	N6G4Y8
7	Library, walking track	That it is needed	Art and related activities seem to be missing some working space requirements		London, but lived in GB for a number of years	N6K 5R3
9	Gym	Gym.	No	No	London	N6K0K8
7	I would use the library the o real	The overall dedign	I would like a pool	A pool would be great for the winter when we could have water aerobics	Lambton Shores	N9M 1T0
9	I am excited that this project is moving forward. The facility as proposed would provide me with an location to stay physically fit with the large gymnasium and flex rooms. The library located centrally in the village of Grand Bend is a huge benefit to the community. I feel that there is a great need for Grand Bend to have a central community hub for future events, festivals and a meeting location. In addition, the community of Grand Bend and Area would benefit greatly with an up to date space for an Emergency Center and or Command Post depending on the event at hand.	I feel the large multi use Gymnasium and flex rooms provide the greatest benefit for the community. (fitness classes, basketball, badminton, pickleball)	I think it looks perfect as proposed.	Just that I fully support the project and feel that the identified location is best suited for the future Grand Bend Community Center.	London is my home address. We have [REDACTED - personal information] Green Haven and they there inclusively from 15 May to the 15 Oct. Currently we have purchased a building lot in Grand Bend and will become a full time resident in the next couple years.	Nk 0K8
1	Will not use	We have more pressing concerns in our community than spending that kind of money.	Do not build it. We have enough community facilities in Lambton Shores	Ten million could be used in other ways.	Lambton Shores	NOM 1JO
5	Looks good		It must be built somewhere with easy access.	Building in the Legion area is NOT correct. Too much traffic in there now. Just try getting out on #21. Ambulance and fire need open roads! DO NOT build in Legion area.	Bluewater	NOM 1NO
3	Small room meetings.....walking	We need a community centre	Location	The location must NOT be on the old balldiamond. Too congested now. Ambulance, fire, Legion...../Try getting out of the road and turning south....impossible at times.	Bluewater	NOM 1NO
7	Indoor walking track, machines	Outside looks beautiful			South Huron	NOM 1T0
5	Well with what's offered I don't think there is much for me unless some performances or events. But if I could play sports inside that could help	The fact that it's finally coming to fruition mostly. I like the big area for indoor pickelball etc. I like where it's located and the fact that it is the inertia needed to finally move the Ball Diamond where its needed. I think a new library is much needed as well	Far more space should be given to physical activities and far less to meeting spaces. I think there must have been some older eyes focused on this as people do not really meet as much anymore. Alot digitally connect and when they do meet I think there is enough existing space in tge 2 other buildings along with places like Oakwood that could use the revenue We need to keep people more active, engaged and connected through activities. I don't want to compete with the private gym but I think a workout area should be a big part of this space. Yoga. Pilates. Fitness classes and so on should be a significant focus. And a big area for basketball or whatever the sport that kids like to play. We want kids to want to come here. Its as much if not more for the Youth than it is Seniors like me. As many of us fly the coop when the snow starts to fall	Everyone says pool or arena. I appreciate the costs there. So I get the resistance. But when you look at Goderich or Komoka or the new YMCAs they are kind of a template for what's needed. I feel more attention should be given to physical activity and indoor sports and anything that gets sedentary folks off the couch. I don't really understand the need for meeting areas. I also would consider that parking in the area is only going to get worse. So can they space have dual use to augment the other lots at peaks times. I hope this is not being built based in a few folks who have a certain set of criteria. As that's somewhat why our beach use has been truncated. When building this we need to look at future not just present needs. And I think the space is great looking but I would hate to see a big space sit dormant when if tweaked it could be a bit more malleable for more change of use. Cause needs constantly change. The world is different now than 12 years ago when some of these ideas were hatched. I think a new focus needs to be reflected in this build	Lambton Shores	NOM 1T0
1	I wouldn't as it does not meet any desired needs for recreation...I.e. no pool, no ice rink ...or any other facilities that most communities have in place	The location is good, but the propsed fuction provides no benefit to resident tax payers in town.. moving the library from the school provides zero benefit.	Yes...provide recreation activities not useless community rooms.	Waste of taxpayers funds...for a building that provides no benefits. An expensive expanded library...no other value.	Lambton Shores	NOM 1T0
1	Not at all	Public access	Location		Lambton Shores	Nom 1t0
1	I would not	It carters to old people only nothing for young families	Ice rink, pool	Ice rink would bring winter tourists	Lambton Shores	NOM 1T0

6	I would definitely use the indoor pickleball courts and the other fitness equipment.	Indoor pickleball courts.	I would try to fit 8 pickleball courts. Our local pickleball club membership has over 300 members. Possibly take away from the 400 seat capacity.	It will be great to have this facility in our area. I personally will look at using all that is offered.	Grand Bend	NOM 1TO
6	Library, fitness classes, possible other events eg art classes		Not really clear as to what the proposed use is other than Library. What other uses are being proposed?	1. Proposed design looks great from the exterior but still not clear as to it would be able to be used for. We're there clarifications previously stated that I did not receive? 2. How is this to be financed? 3. Is there to be an additional levy on our current taxes?	South Huron	NOM 1TO
3	I wouldn't	Nothing	Keep the ball diamond	No	Lambton Shores	Nom 2k0
9	For community events and group events	Basketball court and pickleball courts	Nothing	Looks awesome	North Middlesex	Nom 2ko
1	Would not use - waste of money	This facility is not needed A waste of money	Don't build it	This facility is not needed	Lambton Shores	NOM 2LO
1	No	Nothing	Not needed in Grand bend	No	Lambton Shores	Nom 2no
6	Go to library, use pickleball courts, maybe attend special events there, might use picnic tables	Library and pickleball courts	There should be outside activities added for a wide range of ages, should include a playground for kids as well.	Should design some specific outside areas for sports as well	Lambton Shores	NOM ITO
9	Pickleball, yoga, art, gym facility, indoor concert venue option.	Location !	Nope	Nope. Volleyball courts ?	South Huron	Nom1t0
8	In all or most services provided	it would provide services near my home	no		Lambton Shores	Nom1TO
5	for concerts, art , exercise	location	not now		Lambton Shores	nom1t0
4	This is the wrong location for the building. It is far too small with no room for expansion.	The building rendering looks lovely. I like the full size gym and modernization over current offerings.	Move it to the outskirts of town. Include outdoor pickleball options, as this is very popular. Look for some local families / business to help fund it.	Make it a big as possible.	Lambton Shores	nom1t0
3	walking track	not much	If you move the library, you will take away access from the grade school students. Without a hockey rink you will discourage recruitment of young professionals with families to our community, such as doctors for our clinic. The Art Ct should be part of the Comm Ct.	see above	Lambton Shores	nom1t0
5			How many parking spots		Lambton Shores	Nom1to
4	Markets, pickleball, gym space	Pickleball	Should have a hockey rink and or indoor pool		Lambton Shores	NOM1TO
1	Unsure. Why do we really need. The town needs more parking.	Na	Have at another location.		Lambton Shores	NOM1TO
1	I agree with the community centre I don't agree with the area, it will be difficult to get to the centre with the already congested traffic in the summer,		Location for sure		South Huron	NOM1TO
1	never	nothing	don't build	its not worth it	Lambton Shores	NoM2L0
8	Definitely use library facilities ( especially if have physical newspapers such as Globe & Mail and Toronto Star ). Hoping for magazines - Macleans, Car & Driver, Popular Mechanics, Consumer Reports, Cottage Life. Use for strong wifi too.	Central location in community. Parking. Outside sitting area ( if shaded ). Library is key. Community room for gatherings also nice. Free on site parking I trust. What a nice new facility.	Could we incorporate a central fireplace with sitting area. Wonderful in winter months.	Good lighting above reading chairs pls. Shade for outside areas. Trees are nice too. Zero emission preferred. Reclaimed and recycled materials. EV charging port. Bus accessible for students and seniors homes access. Pictures of former bldg's - sites in hallways. Dedicated named room for sponsorship revenue. Ensure southern exposure windows have tinting. Chess club table(s). Drive up book pick-up / return service ( if within budget ).	St. Joseph	NON 2TO
1	would not use it	nothing	no for it	maintain the ones we have	Lambton Shores	NoN1J0
1	Would not	Nothing	Location	How to pay for this	Lambton Shores	Non1jo
1	We do not need it	Nothing waste of money right now	I would wait for a few years	No	Lambton Shores	Non1jo
