Municipality of Lambton Shores
9577 Port Franks Road,
Thedford, ON
N0M 2N0

Attn: Ashley Farr,

I am writing on behalf of the Forest Ringette Association. As you may be aware, Ringette Ontario's Provincial tournament is being hosted March 12-16, 2025 in Sault St. Marie. Our U14A, U16A, U19A, and 18+A teams have all qualified to attend this event. Currently, both of our U16A and U19A teams are ranked 1st in Ontario and are likely to advance to the prestigious Eastern Ringette Championships, being held in Quebec from April 17-20, 2025.

When our teams qualify for Easterns, we would like the opportunity to provide them with LOCAL additional ice time, extending past the current ice end date of March 31, 2025. We are requesting the use of Lambton Shores ice from March 31-April 14, 2025. With these two extra weeks of ice time, we would be able to continue to provide enhanced skill development, improved physical fitness and a sense of preparedness to our athletes within Lambton Shores for this National event.

Other local minor user groups such as Lambton Shores Minor Hockey and Forest Figure Skating Club have also expressed interest regarding sharing ice rentals for the spring at The Shores Recreation Centre. Between all of the user groups, we would ensure that a minimum of 40 hours of ice is purchased each week that is being requested.

Thank you very much for your time and consideration. We greatly appreciate the amazing services that the Municipality of Lambton Shores offers particularly to the Forest Ringette Association. Please feel free to reach out with any further questions or discussions.

Yours in Sport,

Katie Boris
