ARTICLE 5 COMPENSATION

- 5.1 **Annual Operating Support.** The Operator acknowledges that the Municipality will continue to support the operation of the Fitness Centre. In the event that additional operating support is required from time to time the Municipality will, on an annual basis, pay to the Operator an amount that is in excess of the budgeted support approved by Council. The calculation to determine such operating payment will be based on actual annual revenues less the actual annual expenditures (net of all rebates and credits) for the Fitness Centre and the programs as approved in the annual Operating Plan and Budget to be submitted by the Operator to the Municipality for approval. This calculation shall be completed at the end of the fiscal year.

Alternatively, in the case of an annual operating surplus, the YMCA will reimburse the Municipality an annual operating payment. The calculation to determine such operating payment will be calculated as noted previously in this section (5.1.). This calculation will be submitted to the Municipality no later than 60 days following the fiscal year in which the operating payment applies.

The Operator and the Municipality will share membership revenue earned from members above an agreed upon threshold of 350 members in the ratio of sixty (60) percent to the Operator and forty (40) percent to the Municipality. This revenue sharing will not result in less net revenue to the Municipality than it would have earned at the threshold level in the event of an operating surplus. The membership will be determined as the average number of members at the end of each month of the year. Each member will be treated as a member for this calculation, regardless of whether it is a child, senior or adult and regardless of the type of membership held.

- 5.2 **Shared Services Allocation.** The Municipality shall pay the Operator a shared services allocation calculated at 15.5% of total actual revenue, such fee to be invoiced by the Operator and paid by the Municipality on a monthly basis.
- 5.3 **Billing and Payment.** All amounts owing between the Operator and the Municipality will be shown on an invoice supported by appropriate documentation to demonstrate the calculation of such amount. All amounts invoiced by the Operator are exempt from Harmonized Sales Tax where applicable. All invoices issued by the Operator are due upon receipt.

ARTICLE 6 CAPITAL FUNDING

- 6.1 Funding for capital improvements will be in accordance with plans to be prepared by the YMCA in conjunction with the Municipality and approved by Council. Funding of capital improvements shall be the Municipality's responsibility.

The Municipality shall be the sole and absolute owner of all records for the Facilities during the term of this Agreement and after the termination date.
- 7.2 **Capital Projects.** The Municipality may initiate a capital project at any time during the term of this Agreement with prior consultation with the Operator. At the Municipality's cost, the Operator agrees to take all reasonable steps to facilitate the initiation, development and completion of the capital project. The Municipality recognizes that, as a result of capital projects, there may be a disruption to operations and programs and this may affect the operating budget.
- 7.3 **Municipal Access.** The Municipality shall at all times have the right to use the Facilities for its own purposes, provided that one weeks' written notice is provided to the Operator. In the case of an emergency, there may be no notice provided to the Operator.
- 7.4 **Operator Access.** The Municipality shall provide the Operator with access to and use of the Fitness Centre, Fitness Centre equipment and assets for the sole and limited purpose of conducting the programs anticipated by this Agreement. Additionally the Municipality
