

Our Business is farming  
We raise Beef - Boys share in the work.  
~~Our oldest~~ <sup>have</sup> cattle of their own  
We own farm's in Bosanquet and Bruce  
Township

Daily chores consist of:

Feeding grain and Hay. Salt and mineral lick's  
periodically.

Walk through checking cattle for illness  
not eating etc:

Cleaning manure and Bedding pens

Scraping Barnyard

Storage for Hay + straw at the saw Mill  
on Gordon Rd which we draw home as  
needed.

We do alot of the trucking ourselves

We keep cattle at Bosanquet and

Bruce farm's from spring to late

fall, then sell them and buy new ones

350 to 550 lb's and bring them home

for the winter. In the spring we truck

most, North to pasture farm's for the  
summer!

Elliott's came to this area in 1854 to make their home. James SR & his wife settled here, it was all Bush. These pioneer's cleared the land before Thedford and the Railroad. Ever though time's where ~~beyond~~ beyond tough, James "gave" land to the township to make Decker sideroad.

Elliott's, one of the biggest family's in Bosanquet township - these's pioneer's made the township. Elliott's owned land from the 4<sup>th</sup> to the 6<sup>th</sup>.

Our property is unique - we have no frontaged, no sideroad's. We have a registered Right of way. Our mail is Residential, a Box # at the Post Office.

Impac has been out, told them we are applying to keep old house.

## A Good Sound House

As the cattle are out on pasture there are fences to check, mend and post's to fix or replace - Hay to cut, rake and Bale same as straw that the Boys look after, for the next Winter also buying Hay + straw because there's never enough.

Our oldest does a lot of the Veterinary work - Castrating and administer medication for various illness.

Maintenance on our equipment which our Boys do alot of.

As we buy new farm's, we clear land, cut tree's put up fence it's never ending

So God made our Farmer's!
