**NOTE**  
The locations of existing underground utilities are shown in an approximate way only and have not been independently verified by the owner or its representative. The contractor shall determine the exact location of all existing utilities before commencing work and agrees to be fully responsible for any damages which might be occasioned by the contractor's failure to exactly locate and preserve any and all underground utilities.

**BENCHMARK INFORMATION**  
BM Elevation = 219.506  
Top of spindle of fire hydrant near the corner of Macnab Street & Field Street on the south side of the road across from Mun, Address #125

**BENCHMARK INFORMATION**  
BM Elevation = xx  
x
