

For Council Meeting

LAMBTON SHORES  
Northville Office

DEC 19 2023

RECEIVED

Lets have Good Relationships between any level of Government and land Owners.

Now we go back to the 1800's when James Senior Elliott gave his land to Bosanquet for Decker Sideroad, 7 Generations ago!

Things we've done for the Township

Planted 100 Blue Spruce on your land between our farm and Arena lot.

Right of Way raised 14" of Base for Extension of Allen St. with 3" minus for Base

Tar + Chipped it 2 times

Paved 400'-500' so township wouldn't have to maintain it anymore (Grading it)  
All at 100% my cost 10's of Thousands of dollars. back then to now by 7 different Elliotts.

Now I am there - the house is there,  
Good foundation, Good Buck house on 50 acres

Right next on the edge of Residential Area of Theford, within a few feet.  
Show me a place in Ontario like this Unique Residential Area with 2 houses on the Edge of it only been joined by a rightaway - not frontage Rd or Easement  
Very different situation all together

When I was on Council in the 80's this  
would be passed in 7 minutes  
Back then we didn't have Regulations  
& By Laws that contradict each other

When Ontario is in a real need for  
housing - the land the house is on  
is already ruined for Agriculture  
so let's leave it standing & use it  
for our Boys that work on the farm.  
What happened to Common Sense

I would like to see this a Recorded  
Vote.

Thank you Karl June Elliott & family
